Fish and Wildlife Service

[FWS-HQ-ES-2024-N027; FF09E41000 245
FXES1113090000]

Endangered Species Act; Issuance of Enhancement of Survival and Incidental Take Permits for Safe Harbor Agreements, Candidate Conservation Agreements, Conservation Plans, and Scientific Activities; January 1, 2023, Through December 31, 2023

AGENCY: Fish and Wildlife Service,
Interior.

ACTION: Notice.

SUMMARY: We, the U.S. Fish and Wildlife Service, in accordance with the Endangered Species Act (ESA), provide a list to the public of permits we issued under the ESA during calendar year 2023 for candidate conservation agreements with assurances, safe harbor agreements, habitat conservation plans, and scientific activities. With some exceptions, the ESA prohibits take of listed species unless a Federal permit is issued that authorizes or exempts the taking under the ESA.

FOR FURTHER INFORMATION CONTACT: For general information about the ESA permit process, contact Amanda Murnane, via phone at 703-358-2469 or viaemailatamanda_murnane@fws.gov. For information on specific permits, see the contact information for the applicable region under Permits Issued. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), are publishing this notice in order to provide lists to the public of the permits we issued during calendar year 2023 under sections 10(a)(1)(A) and 10(a)(1)(B) of the Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 *et seq.*), as amended. We are publishing

the lists of section 10(a)(1)(A) permits in accordance with section 10(d) of the ESA. We are publishing the lists of section 10(a)(1)(B) permits in accordance with chapter 16 of the *Habitat Conservation Planning and Incidental Take Permit Processing Handbook*, developed by the Service in cooperation with the National Marine Fisheries Service, and available at <https://www.fws.gov/media/habitat-conservation-planning-and-incidental-take-permit-processing-handbook> (December 21, 2016; 81 FR 93702).

With some exceptions, the ESA prohibits take of listed species unless a Federal permit is issued that authorizes the taking, or the take is exempted through section 7 of the ESA. Under section 10(a)(1)(A) of the ESA, we issue scientific permits and enhancement of survival permits in conjunction with conservation agreements (*e.g.*, Candidate Conservation Agreements with Assurances or CCAAs, and Safe Harbor Agreements or SHAs). Section 10(a)(1)(B) permits authorize take of listed species incidental to otherwise lawful activities associated with conservation plans (also known as habitat conservation plans or HCPs). We provide these lists to the public as a summary of our permit issuances for CCAAs, SHAs, HCPs, and scientific permits for calendar year 2023.

We recently revised the implementing regulations for ESA section 10(a) related to enhancement of survival permits supported by SHAs and CCAAs (50 CFR 17.22(c) and (d) and 50 CFR 17.32(c) and (d)) to combine the SHA and CCAA into one type of conservation agreement, called a conservation benefit agreement (89 FR 26070; April 12, 2024). The permits listed in this notice are not affected by this change, as they were all issued prior to May 13, 2024, the effective date of the regulation revisions.

Background

Under the authority of section 10(a)(1)(A) of the ESA, we have issued enhancement of survival permits to conduct activities that provide a conservation benefit for endangered or threatened species, or for unlisted species should they become listed in the future, in response to permit applications that we received in conjunction with a SHA or a CCAA.

Scientific permits have been issued under ESA section 10(a)(1)(A) to allow for take as part of activities conducted for scientific purposes of listed species (*e.g.*, scientific research in order to

understand better the species' long-term survival needs).

Under ESA section 10(a)(1)(B), we may issue permits for any taking otherwise prohibited by ESA section 9 if such taking is incidental to, and not the purpose of, carrying out an otherwise lawful activity (known as an incidental take permit (ITP)) and the permit applicant submits a conservation plan or HCP that meets the permit issuance criteria under section 10(a)(2)(B). Typically, applicants seek an ITP to conduct activities such as residential and commercial development, infrastructure development or maintenance, and energy development projects that range in scale from small to landscape-level planning efforts.

The permits associated with SHAs, CCAAs, HCPs, and scientific activities that we issued between January 1 and December 31, 2023, are listed in the tables in this notice.

Under section 10(a)(1)(A), we issued each permit only after we determined that it was applied for in good faith; that granting the permit would not be to the disadvantage of the listed species, or to any unlisted species on the permit should they be listed; and that the terms and conditions of the permits were consistent with the purposes and policy set forth in the ESA.

Under section 10(a)(1)(B), we issued permits only after we determined that the applicant was eligible and had submitted a complete application and HCP that fully met the permit issuance criteria consistent with section 10(a)(2)(B).

Permits Issued

Region 1 (Hawaii, Idaho, Oregon (Except for the Klamath Basin), Washington, American Samoa, Commonwealth of the Northern Mariana Islands, Guam, and the Pacific Trust Territories)

Table 1 shows permits issued by Region 1 of the Service. The table is sorted by type of permit or agreement and date issued. For more information about any of the HCP or CCAA permits, contact the HCP or CCAA permit coordinator by email at ITEOSpermitsR1ES@fws.gov or by telephone at 503-231-6131. For more information about any of the scientific permits, contact the Recovery Permit Coordinator by email at PermitsR1ES@fws.gov or by telephone at 503-231-6131.

**Prairie Island Indian Community;
Amendments to Liquor Control
Ordinance**

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: This notice publishes amendments to the Prairie Island Indian Community’s Liquor Control Ordinance. This Ordinance amends and supersedes the existing Prairie Island Mdewakanton Dakota Community Liquor Control Ordinance, adopted on July 10, 1992, by Resolution Number 92–84; and amended on October 14, 1992, by Resolution Number 92–118.

DATES: This ordinance shall become effective December 18, 2024.

FOR FURTHER INFORMATION CONTACT:

Sherrel LaPointe, Tribal Operations Officer, Midwest Regional Office, Bureau of Indian Affairs, 5600 American Boulevard West, Suite 500, Bloomington, Minnesota 55437, Telephone: (612) 725–4500, Fax: (612) 713–4401.

SUPPLEMENTARY INFORMATION: Pursuant to the Act of August 15, 1953, Public Law 83–277, 67 Stat. 586, 18 U.S.C. 1161, as interpreted by the Supreme Court in *Rice v. Rehner*, 463 U.S. 713 (1983), the Secretary of the Interior shall certify and publish in the **Federal Register** notice of adopted liquor control ordinances for the purpose of regulating liquor transactions in Indian country. On August 9, 2023, the Prairie Island Indian Community Council adopted the amendments to the Community’s Liquor Control Ordinance by Resolution Numbers 23–8–9–150. This **Federal Register** Notice comprehensively amends and supersedes the existing
