

DEPARTMENT OF DEFENSE**Office of the Secretary****[Docket ID: DoD–2024–OS–0115]****Proposed Collection; Comment Request**

AGENCY: Office of the Under Secretary for Policy (OUSDP), Department of Defense (DoD).

ACTION: 60-Day information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Office of Special Coordinator for Afghanistan (OSCA), announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by January 21, 2025.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <https://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, 4800 Mark Center Drive, Mailbox #24, Suite 05F16, Alexandria, VA 22350–1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <https://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to: Office of Special

Coordinator for Afghanistan (OSCA), 2000 Defense Pentagon, Washington, DC 20301–2000, CAPT Louis Carl, 703–614–0797.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: SMARTSHEET Cloud-Based Platform, DoD/DISA Impact Level 4; OMB Control Number 0704–RMPF.

Needs and Uses: This collection is needed to validate and relocate DoD and U.S. military personnel and their families. The information collected is to be used as needed by authorized personnel to validate to the State Department that U.S. military personnel and DoD civilian employees are eligible for this accommodation and will be passed to State Department for processing for resettlement to the United States.

Affected Public: U.S. military personnel, DoD civilian employees, and their family members.

Annual Burden Hours: 128.

Number of Respondents: 32.

Responses per Respondent: 2.

Annual Responses: 64.

Average Burden per Response: 2 hours.

Frequency: As required.

Dated: November 13, 2024.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 6001–FR–P

DEPARTMENT OF DEFENSE**Office of the Secretary****[Docket ID: DoD–2024–OS–0089]****Submission for OMB Review; Comment Request**

AGENCY: Office of the DoD Chief Information Officer, Department of Defense (DoD).

ACTION: 30-Day information collection notice.

SUMMARY: The DoD has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act.

DATES: Consideration will be given to all comments received by December 19, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular

information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Reginald Lucas, (571) 372–7574, whs.mc-alex.esd.mbx.dd-dod-information-collections@mail.mil.

SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: DoD's Defense Industrial Base (DIB) Cybersecurity (CS) Program Point of Contact Information; OMB Control Number 0704–0490.

Type of Request: Revision.

Number of Respondents: 8,800.

Responses per Respondent: 1.

Annual Responses: 8,800.

Average Burden per Response: 20 minutes.

Annual Burden Hours: 2,933.

Needs and Uses: DoD's DIB CS

Program enhances and supports DIB CS participants' capabilities to safeguard DoD information that resides on, or transits, DIB unclassified information systems. The operational implementation of this Program requires DoD to collect, share, and manage point of contact (POC) information for Program administration and management purposes. The Government will collect typical business POC information from all DIB CS participants to facilitate communication and share cyber threat information. To implement and execute this Program within their companies, DIB CS participants provide POC information to DoD during the application process to join the Program. This information includes company name and identifiers such as cage code and mailing address, employee names and titles, corporate email addresses, and corporate telephone numbers of company-identified POCs. DIB CS Program POCs include the Chief Executive Officer (CEO), Chief Information Officer (CIO), Chief Information Security Officer (CISO), and Corporate or Facility Security Officer, or their equivalents, as well as those administrative, policy, technical staff, and personnel designated to interact with the Government in executing the DIB CS Program (e.g., typically 3–10 company designated POCs however the upper limit is at the company's discretion). After joining the Program, DIB CS participants provide updated POC information to DoD when personnel changes occur.

The DIB CS Program implements statutory authorities to established programs and activities to protect sensitive DoD information, including when such information resides on or transits information systems operated by

contractors in support of DoD activities. Authorities include 32 Code of Federal Regulations (CFR) part 236, "Department of Defense (DoD)'s Defense Industrial Base (DIB) Cybersecurity (CS) Activities," which authorizes the voluntary DIB CS Information Sharing Program. In addition, the Federal Information Security Modernization Act (FISMA) of 2014 authorizes DoD to oversee agency information security policies and practices, for systems that are operated by DoD, a contractor of the Department, or another entity on behalf of DoD that process any information, the unauthorized access, use, disclosure, disruption, modification, or destruction of which would have a debilitating impact on DoD's mission. Activities under this information collection policy also support DoD's critical infrastructure protection responsibilities, as the sector specific agency for the DIB sector (see Presidential Policy Directive 21 (PPD-21), "Critical Infrastructure Security and Resilience," available at <https://www.whitehouse.gov/the-press-office/2013/02/12/presidential-policy-directive-critical-infrastructure-security-and-resil>).

The DIB CS Program is focused on sharing cyber threat information and cybersecurity best practices with DIB CS participants. DoD needs to collect POC information to implement, manage, and administer the Program, and to share cyber threat information with participants. The Government will collect business POC information from all DIB CS participants to facilitate emails, teleconferences, meetings, and other Program activities.

The DIB CS Program uses a web portal (<https://dibnet.dod.mil>) to gather POC information from DoD contractors when they elect to participate in the Program. Companies select the "DIB CS Member Login" button to start the application process. Applicants will then be prompted to sign into the application with a valid DoD-approved medium assurance certificate. They are then directed to a DoD Information System Standard Notice and Consent banner that indicates they are accessing a U.S. Government information system and must click the "I Agree" button in order to continue. The next page is the DoD Privacy Statement that includes the Authorities, Purpose, Routine Use(s), Disclosure, Privacy Impact Assessment (PIA), Freedom of Information Request (FOIA) disclaimers, and an Agency Disclosure Notice, which must be agreed to by the company, by clicking the "I Agree" button, in order to proceed with the application.

Applicants are then required to complete the POC fields that are provided (*i.e.*, Company Name, Company Representative, CEO, CIO, CISO, and any additional POCs). The online application process does not allow applicants to submit the information unless they certify that the information provided is accurate by checking the "Certify Application" box. After entering all contact information, applicants click on the "Submit Application" button that automatically sends an email to the DIB CS Program Office that an application has been submitted.

If companies want to update their POC information, they can access the portal using their DoD-approved medium assurance certificates. Only designated company representatives and the DIB CS Program system administrators may view or update company POC information.

Affected Public: Businesses or other for-profit; Not-for-profit Institutions.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Ms. Jasmeet Seehra.

DoD Clearance Officer: Mr. Reginald Lucas.

Dated: November 13, 2024.

Aaron T. Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Annual Burden Hours: 1,808.

Needs and Uses: Marine Corps Community Services (MCCS) procurement offices obtain supplies, services, and construction activities for MCCS in a fair, equitable, and impartial manner in compliance with applicable laws and regulations pertaining to Nonappropriated Fund (NAF) Instrumentalities. Public information collections are needed to effectively solicit, evaluate, and track MCCS and other Marine Corps NAF purchasing and contracting activities and for the reporting requirements associated with those actions.

Respondents are contractors/vendors/offerors (hereinafter called "contractors") who would like to conduct business (such as sell goods or services or perform construction activities) with an MCCS or other Marine Corps NAFs. They are responding to opportunities to qualify for and receive a contract award by documenting business eligibility requirements; providing quotes, proposals, and contract modifications; and documenting areas of responsibility. The information collected from contractors will vary depending on the nature of the solicitation and its associated contract
