

not authorize for trading a FLEX option on IBIT is consistent with the spirit of the IBIT Approval Order, which limited the position and exercise limits for IBIT options to 25,000 contracts. The proposal will protect investors and the general public because without this prohibition, trading a FLEX option on IBIT would otherwise establish different position and exercise limits than those set by the IBIT Approval Order.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Amending Options 9, Section 13 to provide that the position and exercise limits for IBIT options shall be 25,000 contracts does not impose an undue burden on competition as the position and exercise limits will apply to all trading for IBIT options on the Exchange as well as other exchanges that file a similar proposal.¹⁰

The Exchange's proposal to note that it will not authorize for trading a FLEX option on IBIT does not impose an undue burden on competition as no Phlx member will be able to transact a FLEX option on IBIT.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹¹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹²

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the

Act normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹³ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission notes that the proposal will conform the Exchange's IBIT options position and exercise limits with ISE's IBIT options position and exercise limits.¹⁴ In addition, the proposal will establish a rule prohibiting FLEX options on IBIT on Phlx, and without such rule, options on IBIT on Phlx may have different position and exercise limits than those permitted pursuant to the IBIT Approval Order.¹⁵ Therefore, the proposal raises no novel legal or regulatory issues. Thus, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the 30-day operative delay and designates the proposed rule change operative upon filing.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
