

countervailing duty (CVD) order on aluminum extrusions from the People's Republic of China (China). Commerce also published a notice in the **Federal Register** of December 14, 2015, in which Commerce announced the final results of the 2013 administrative review of the CVD order on aluminum extrusions from China. Lastly, Commerce published notice in the **Federal Register** of March 22, 2016, in which Commerce amended its final results of the 2013 administrative review of the CVD order on aluminum extrusions from China. This notice addresses the applicable cash deposit and assessment rates for Guangzhou Mingcan Die-Casting Hardware Products Co., Ltd. (Guangzhou Mingcan), which was inadvertently omitted from the notices for this administrative review.

SUPPLEMENTARY INFORMATION:

Background

On June 9, 2015, Commerce published in the **Federal Register** the *Preliminary Results* on the 2013 administrative review of the CVD Order¹ on aluminum extrusions from China.² On December 14, 2015, Commerce published in the **Federal Register** the *Final Results* on the 2013 administrative review of the CVD Order on aluminum extrusions from China.³ On March 22, 2016, Commerce published in the **Federal Register** the *Amended Final Results* on the 2013 administrative review of the CVD Order on aluminum extrusions from China.⁴ In these three **Federal Register** notices, Commerce inadvertently omitted the company, Guangzhou Mingcan, from the cash

deposit rate table and did not assign the company a subsidy rate. Guangzhou Mingcan was a company for which an administrative review was requested and initiated, and that Commerce did not select for individual examination. The administrative review of this company was not rescinded.⁵

Correction

In the **Federal Register** of June 9, 2015, in FR Doc 2015-14076, on pages 32530-32531 in the first, second, and third columns, correct the cash deposit rate table as follows: under "Company," include the company name, "Guangzhou Mingcan Die-Casting Hardware Products Co., Ltd.," and under "2013 *Ad valorem* rate (percent)," include the rate 1.81 percent. In addition, in the second column, under "Preliminary Rate for Non-Selected Companies Under Review," correct the first sentence in the first paragraph to: "There are 38 companies for which a review was requested and not rescinded, but were not selected as mandatory respondents."

In the **Federal Register** of December 14, 2015, in FR Doc 2015-31425, on page 77327 in the first, second, and third columns, correct the cash deposit rate table as follows: under "Company," include the company name, "Guangzhou Mingcan Die-Casting Hardware Products Co., Ltd.," and under "2013 *Ad valorem* rate (percent)," include the rate 61.36 percent. In addition, in the third column, under "Rate for Non-Selected Companies Under Review," correct the first sentence in the first paragraph to: "There are 39 companies for which a review was requested and not rescinded, but were not selected as mandatory respondents."

In the **Federal Register** of March 22, 2016, in FR Doc 2016-06425, on page 15239 in the third column, correct the cash deposit rate table as follows: under "Company," include the company name, "Guangzhou Mingcan Die-Casting Hardware Products Co., Ltd.," and under "2013 *Ad valorem* rate (percent)," include the rate 28.01 percent. Lastly, in the second column, under "Amendment to Rates for Non-Selected Companies Under Review," correct the first sentence in the first paragraph to: "In light of the above corrections, for the 39 companies for which a review was requested and not rescinded, but were not selected as mandatory respondents, we have recalculated the net subsidy

rate which is based on the overall subsidy rates calculated for the mandatory respondents of this review."

SUPPLEMENTARY INFORMATION:

Background

On July 10, 2024, the U.S. Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of certain brake drums (brake drums) from Türkiye and China.¹ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven days.² The deadline for the preliminary determinations is now December 4, 2024.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires

Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On November 7, 2024, Webb Wheel Products, Inc. (the petitioner) submitted a timely request that Commerce postpone the preliminary determinations in the LTFV investigations of brake drums from Türkiye and China.³ The petitioner requested postponement of the preliminary determinations in these investigations so that Commerce can fully analyze the forthcoming questionnaire responses of the mandatory respondents and issue supplemental questionnaires, as necessary.⁴

For the reasons stated above, and because there are no compelling reasons to deny the request, in accordance with section 733(c)(1)(A) of the Act and 19 CFR 351.205(e), Commerce is postponing the deadline for the preliminary determinations by 50 days. As a result, Commerce will issue its preliminary determinations no later than January 23, 2025. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determinations in these investigations will continue to be 75 days after the date of the preliminary determinations, unless postponed further.

Notification to Interested Parties

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Antidumping Duty Order on Alloy and Certain Carbon Steel Threaded Rod and Countervailing Duty Order on Carbon and Alloy Steel Threaded Rod From the People's Republic of China: Final Results of Changed Circumstances Reviews, Revocation of the Antidumping and Countervailing Duty Orders, in Part, and Rescission of Scope Inquiry

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) is issuing the final results of changed circumstances reviews (CCRs) of the antidumping duty (AD) order on alloy and certain carbon steel threaded rod from the People's Republic of China and the countervailing duty (CVD) order on carbon and alloy steel threaded rod from China (collectively, steel threaded rod from China) to revoke the orders, in part, with respect to certain wheel studs. Commerce is also rescinding the scope inquiry with respect to the same products.

DATES: Applicable November 20, 2024.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5760.

SUPPLEMENTARY INFORMATION:

Background

On April 9, 2020, Commerce published the AD and CVD orders on steel threaded rod from China in the **Federal Register**.¹ On October 15, 2024, Commerce published its initiation and preliminary results of the CCRs of the *Orders*² in the **Federal Register**, in

¹ See *Alloy and Certain Carbon Steel Threaded Rod from the People's Republic of China: Antidumping Duty Order*, 85 FR 19929 (April 9, 2020) (*AD Order*), and *Carbon and Alloy Steel Threaded Rod from India and the People's Republic of China: Countervailing Duty Orders*, 85 FR 19927 (April 9, 2020) (*CVD Order*) (collectively *Orders*).

² See *Antidumping Duty Order on Alloy and Certain Carbon Steel Threaded Rod and*

which Commerce found that changed circumstances warranted revocation of the *Orders* in part with respect to certain wheel studs. Commerce provided interested parties with the opportunity to comment and request a public hearing regarding the *Preliminary Results*. Commerce did not receive any comments or a request for a hearing from interested parties.

Final Results of CCRs and Revocation of the Orders, in Part

We conducted these CCRs based on a request from Logistical Resource Development Inc. (LRD), an importer of merchandise subject to these CCRs. LRD requested that Commerce retroactively revoke the *Orders*, in part, pursuant to section 751(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b) with respect to certain wheels studs.³ Because no party submitted comments opposing the *Preliminary Results* of these CCRs, and the record contains no other information or evidence that calls into question the *Preliminary Results*, Commerce determines, pursuant to sections 751(d)(1) and 782(h) of the Act, and 19 CFR 351.222(g), that there are changed circumstances that warrant revocation of the *Orders*, in part, with respect to certain wheel studs subject to LRD's request. Consequently, there is no decision memorandum accompanying this notice.

Specifically, because producers accounting for substantially all the production of the domestic like product to which the *Orders* pertain have not expressed interest in maintaining the relief provided by the *Orders* with respect to certain wheel studs, as described below, Commerce is revoking the *Orders*, in part, with respect to certain wheel studs with the following physical characteristics:

- A wheel stud that has an M12 diameter and 1.5RH thread spacing threaded stud with a 6mm-wide inset hex head measuring 49mm long, part of the threaded length being divided by a 5mm unthreaded band which creates an 11.5mm threaded section for insertion that is also M12 diameter and 1.5RH thread spacing.

Countervailing Duty Order on Carbon and Alloy Steel Threaded Rod from the People's Republic of China: Initiation and Preliminary Results of Changed Circumstances Reviews and Intent to Revoke the Antidumping and Countervailing Duty Orders, in Part, and Preliminary Intent to Rescind Scope Inquiry, 89 FR 82972 (October 15, 2024) (*Preliminary Results*).
