These regulations are intended to ensure students and parents have convenient access to their title IV, HEA program funds, do not incur unreasonable and uncommon financial account fees on these title IV funds and are not led to believe that they must open a particular financial account to receive their Federal student aid. This request is for an extension of the information collection for the requirements that are contained in the regulations 668.164 Disbursing funds. The regulations require that an institution that makes direct payments to a student or parent by electronic funds transfer (EFT) and that chooses to enter into an arrangement described in 668.164(e) or (f), including an institution that uses a third-party servicer to make those payments, must establish a selection process under which the student chooses one of several options for receiving those title IV, HEA fund payments. There has been no change to the regulations.

## DEPARTMENT OF ENERGY

### Privacy Act of 1974; System of Records

**AGENCY:** U.S. Department of Energy.

**ACTION:** Notice of a modified system of records.

**SUMMARY:** As required by the Privacy Act of 1974 and the Office of Management and Budget (OMB) Circulars A–108 and A–130, the Department of Energy (DOE or the Department) is publishing notice of a modification to an existing Privacy Act System of Records. DOE proposes to amend System of Records DOE–27 Foreign Travel Management System (FTMS). This System of Records Notice (SORN) is being modified to align with new formatting requirements, published by OMB, and to ensure appropriate Privacy Act coverage of business processes and Privacy Act information.

**DATES:** This modified SORN will become applicable following the end of the public comment period on December 23, 2024 unless comments are received that result in a contrary determination.

**ADDRESSES:** Written comments should be sent to Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm 8H–085, Washington, DC 20585, by facsimile at (202) 586–8151, or by email at [privacy@hq.doe.gov](mailto:privacy@hq.doe.gov).

**FOR FURTHER INFORMATION CONTACT:** Ken Hunt, Chief Privacy Officer, U.S. Department of Energy, 1000 Independence Avenue SW, Rm 8H–085, Washington, DC 20585, by facsimile at (202) 586–8151, by email at [privacy@hq.doe.gov](mailto:privacy@hq.doe.gov), or by telephone at (240) 686–9485.

**SUPPLEMENTARY INFORMATION:** On January 9, 2009, DOE published a Compilation of its Privacy Act Systems of Records, which included System of Records DOE–27 Foreign Travel Management System (FTMS). This notice proposes amendments to the system locations section of that system of records by removing the following system location where DOE–27 is no longer applicable: Environmental

Management Consolidated Business Center. In the “Routine Uses” section, this modified notice deletes a previous routine use concerning efforts responding to a suspected or confirmed loss of confidentiality of information as it appears in DOE’s compilation of its Privacy Act systems of records (January 9, 2009) and replaces it with one to assist DOE with responding to a suspected or confirmed breach of its records of Personally Identifiable Information (PII), modeled with language from OMB’s Memorandum M–17–12, “Preparing for and Responding to a Breach of Personally Identifiable Information” (January 3, 2017). Further, this notice adds one new routine use to ensure that DOE may assist another agency or entity in responding to the other agency’s or entity’s confirmed or suspected breach of PII, as appropriate, as aligned with OMB’s Memorandum M–17–12. The “System Manager” has been changed from “Office of Security Operations” to the “Office of the Chief Financial Officer.” An administrative change required by the FOIA Improvement Act of 2016 extends the length of time a requestor is permitted to file an appeal under the Privacy Act from 30 to 90 days. Both the “System Locations” and “Administrative, Technical and Physical Safeguards” sections have been modified to reflect the Department’s usage of cloud-based services for records storage. Language throughout the SORN has been updated to align with applicable Federal privacy laws, policies, procedures, and best practices.
