

months of completion of the public comment period for the DEIS.

NRCS will decide whether to implement one of the action alternatives as evaluated in the EIS. A Record of Decision will be completed after the required 30-day waiting period and will be publicly available. The Responsible Federal Official (RFO) and decision maker for NRCS is the Idaho State Conservationist.

### Public Scoping Process

A public scoping meeting was held on November 19, 2020. Comments received, including the names and addresses of those who commented, were part of the public record. Scoping meeting presentation materials were available for review and comment for 30 days from November 19, 2020, through December 18, 2020.

Federal, State, Tribal, local agencies and representatives, and the public were invited to take part in the watershed plan scoping period. Franklin County, Idaho, and NRCS organized the public scoping meeting to provide an opportunity to review and evaluate the project alternatives, express concern, or support, and gain further information regarding the project. To determine the most viable alternatives for the EIS, Franklin County, Idaho, used input obtained during public scoping discussions to focus on relevant resource concerns and issues and eliminated those that were not relevant from further detailed study.

NRCS will coordinate the scoping process to correspond with section 106 of the National Historic Preservation Act (NHPA) (54 U.S.C. 306108) as allowed in 36 CFR 800.2(d)(3) and 800.8.

### Identification of Potential Alternatives, Information, and Analyses

NRCS invites agencies, Tribes, consulting parties, and individuals that have special expertise, legal jurisdiction, or interest in the North Cache Valley Watershed Plan-EIS to provide written comments concerning the scope of the analysis and identification of potential alternatives, information, and analyses relevant to the Proposed Action.

The information about historic and cultural resources within the area potentially affected by the proposed project will assist NRCS in identifying and evaluating impacts to such resources in the context of both NEPA and NHPA.

NRCS will consult with Native American Tribes on a government-to-

government basis in accordance with the regulations in 36 CFR 800.2 and 800.3, Executive Order 13175, and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources and historic properties, will be given due consideration.

### Authorities

This document is published as specified by the NEPA regulations regarding publication of an NOI to issue an EIS (40 CFR 1501.9(d)). Watershed planning is authorized under the Watershed Protection and Flood Prevention Act of 1954, as amended and the Flood Control Act of 1944.

### Federal Assistance Programs

The title and number of the Federal Assistance Program as found in the Assistance Listing<sup>1</sup> to which this document applies is 10.904, Watershed Protection and Flood Prevention.

### Executive Order 12372

Executive Order 12372, "Intergovernmental Review of Federal Programs," requires consultation with State and local officials that would be directly affected by proposed Federal financial assistance. The objectives of the Executive order are to foster an intergovernmental partnership and a strengthened federalism, by relying on State and local processes for State and local government coordination and review of proposed Federal financial assistance and direct Federal development. This project is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.
