

At an unknown time prior to 1990, a mortar and pestle were removed from a residential address in the city of San Bernardino east of East Twin Creek and West of Little Sands creek, north of 40th street. These objects of cultural patrimony were excavated during construction at the residence and were kept by the homeowner until being donated to the University in February of 2023. Testing on these materials has not taken place as the materials were held in the private collection of the homeowner before coming directly to the University.

Determinations

The CSU San Bernardino has determined that:

- The 271 lots of material of cultural patrimony described in this notice have ongoing historical, traditional, or cultural importance central to the Native American group, including any constituent sub-group (such as a band, clan, lineage, ceremonial society, or other subdivision), according to the Native American traditional knowledge of an Indian Tribe or Native Hawaiian organization.
- There is a reasonable connection between the cultural items described in this notice and the Yuhaaviatam of San Manuel Nation (*previously* listed as San Manuel Band of Mission Indians, California).

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after December 26, 2024. If competing requests for repatriation are received, the CSU San Bernardino must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The CSU San Bernardino is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25

U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: November 18, 2024.

DEPARTMENT OF THE INTERIOR

National Park Service

**[NPS–WASO–NAGPRA–NPS0039111;
PPWOCRADNO–PCU00RP14.R50000]**

Notice of Intended Repatriation: Museum of Us, San Diego, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Museum of Us intends to repatriate certain cultural items that meet the definition of unassociated funerary objects and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after December 26, 2024.

ADDRESSES: Carmen Mosley, NAGPRA Repatriation Manager, Museum of Us, 1350 El Prado, Balboa Park, San Diego, CA 92101, telephone (619) 239–2001 Ext. 42, email cmosley@museumofus.org.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Museum of Us, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 145 cultural items have been requested for repatriation. The 14 unassociated funerary objects removed from Thistle Mound (CV–12) in Sacramento, Sacramento County, CA, include eight pieces of flat matting bone needles, three stone discs, one hammerstone, one string of *Olivella* shell beads, and one string of clam shell beads. The 131 unassociated funerary objects removed from Lovejoy (Dalton) Mound (CV–16) in Sacramento, Sacramento County, CA include two lots of carbonized basketry material, one

basket fragment, 36 *Haliotis* ornament pieces, six bipointed bone objects, 19 perforated carnivore canine teeth, 64 projectile points, and three perforated mica pendants.

Between 1930 and 1936, the 145 unassociated funerary objects were removed by Henry Gibbs, a private collector and looter. In 1937, Paul A. Walker purchased Gibbs' Central Valley, California archeological collection. Walker was an amateur archeologist and collector who worked by himself and with other amateur archeologists, and in collaboration with the University of California and Sacramento Junior College. Over the course of his life, Walker amassed an extensive archeological collection from California's Central Valley and smaller collections from Northern and Southern California, and outside of California. In 1968, Walker's private archeological collection was acquired by the San Diego Museum of Man (now Museum of Us) through a purchase/donation transaction with Walker's widow, Bessie B. Walker.

Determinations

The Museum of Us has determined that:

- The 145 unassociated funerary objects described above are reasonably believed to have been placed intentionally with or near individual human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a reasonable connection between the cultural items described in this notice and the Lone Band of Miwok Indians of California and the Wilton Rancheria, California.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that

the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after December 26, 2024. If competing requests for repatriation are received, the Museum of Us must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The Museum of Us is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

BILLING CODE 4312-52-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1411]

Certain Photodynamic Therapy Systems, Components Thereof, and Pharmaceutical Products Used in Combination With the Same; Notice of Commission Determination Not To Review an Initial Determination Granting in Part Complainant's Motion To Amend the Complaint and Notice of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined not to review an initial determination ("ID") (Order No. 8) of the presiding administrative law judge ("ALJ") issued in the above-captioned investigation, granting in part complainant's motion to amend the complaint and notice of investigation ("NOI") to add infringement allegations as to claims 17 and 18 of U.S. Patent No. 11,446,512 ("the '512 patent").

FOR FURTHER INFORMATION CONTACT: Richard P. Hadorn, Esq., Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone (202) 205-3179. Copies of non-confidential documents filed in connection with this investigation may be viewed on the

Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on August 1, 2024, based on a complaint filed by Sun Pharmaceutical Industries, Inc. ("Sun Pharma") of Princeton, New Jersey. 89 FR 62790 (Aug. 1, 2024). The complaint, as supplemented, alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, based on the importation into the United States, the sale for importation, and the sale within the United States after importation of certain photodynamic therapy systems, components thereof, and pharmaceutical products used in combination with the same by reason of infringement of certain claims of the '512 patent and U.S. Patent No. 11,697,028 ("the '028 patent"). *Id.* The complaint further alleges that a domestic industry exists or is in the process of being established. *Id.* The notice of investigation names four respondents: (1) Biofrontera Inc. of Woburn, Massachusetts; (2) Biofrontera Pharma GmbH of Leverkusen, Germany; (3) Biofrontera Bioscience GmbH of Leverkusen, Germany; and (4) Biofrontera AG of Leverkusen, Germany (collectively, "Biofrontera"). *Id.* The Office of Unfair Import Investigations is not a party to this investigation. *Id.*

On October 7, 2024, Sun Pharma filed a motion to amend the complaint and NOI to add infringement allegations as to claims 9, 11, 17, and 18 of the '512 patent and claims 10 and 12 of the '028 patent. On October 17, 2024, Biofrontera filed a response opposing-in-part the motion. Specifically, Biofrontera did not oppose the motion with respect to adding infringement allegations as to claims 17 and 18 of the '512 patent, but opposed the remainder of the motion.

On October 22, 2024, the ALJ issued the subject ID granting the motion in part. The ID finds that, in accordance with Commission Rule 210.14(b) (19 CFR 210.14(b)), good cause exists for amending the complaint and NOI to add infringement allegations as to claims 17 and 18 of the '512 patent, noting that "Biofrontera agrees that Sun Pharma's allegations with respect to these claims are based on information obtained

through discovery." ID at 3. The ALJ, however, found that Sun Pharma has not shown the requisite good cause to amend the complaint and NOI to add infringement allegations as to claims 9 and 11 of the '512 patent and claims 10 and 12 of the '028 patent because "Sun Pharma failed to demonstrate why it was unable to bring the allegations [of those claims] in the complaint." *Id.* at 3-5. No petitions for review of the subject ID were filed.

The Commission has determined not to review the subject ID. The complaint and NOI are amended to add infringement allegations as to claims 17 and 18 of the '512 patent.

The Commission vote for this determination took place on November 20, 2024.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission's Rules of Practice and Procedure (19 CFR part 210).

By order of the Commission.

Issued: November 20, 2024.

Lisa Barton,

Secretary to the Commission.
