AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice; correction.

SUMMARY: The U.S. Department of Commerce (Commerce) published a notice in the *Federal Register* of November 7, 2024, in which Commerce amended the preliminary affirmative countervailing duty (CVD) determination on crystalline silicon photovoltaic cells, whether or not assembled into modules (solar cells), from Malaysia. This notice incorrectly stated that the amended cash deposit rates would be effective retroactively to October 4, 2024, the date of the

publication of the *Preliminary Determination*.

FOR FURTHER INFORMATION CONTACT: Scarlet Jaldin, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4275.

SUPPLEMENTARY INFORMATION:

Background

On November 7, 2024, Commerce published in the *Federal Register* the amended preliminary determination of the CVD investigation on solar cells from Malaysia.¹ In the "Amended Cash Deposits and Suspension of Liquidation" section, we incorrectly stated that because the amended rates for Jinko Solar, all-others, and non-responsive companies resulted in increased cash deposits, they would be effective retroactively to October 4, 2024, the date of the publication of the *Preliminary Determination*.

Correction

In the *Federal Register* of November 7, 2024, in FR Doc 2024-25872, at 89 FR 88233, in the third column, correct the text in the second sentence of the section, "Amended Cash Deposits and Suspension of Liquidation" by removing and replacing it with "Because the amended rates for Jinko Solar, all-others, and non-responsive companies result in increased cash deposits, they will be effective on the date of the publication of this amended preliminary determination."

Notification to Interested Parties

This notice is issued and published in accordance with sections 703(f) and 777(i) of the Tariff Act of 1930, as amended, and 19 CFR 351.224(e).

All issues raised in briefs filed by parties in this administrative review are addressed in the Issues and Decision Memorandum and are listed in Appendix I to this notice. The Issues and Decision Memorandum is a public document and on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Separate Rate

Commerce determines that GHC and Jilin Bright, the two companies individually examined in this review, and 12 companies not individually examined are eligible to receive separate rates in this review.⁷

China-Wide Entity

Under Commerce’s policy regarding the conditional review of the China-wide entity,⁸ the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in this review, and Commerce did not self-initiate a review

of the entity, the entity is not under review, and the entity’s rate (*i.e.*, 2.42 U.S. dollars per kilogram (USD/kg)) is not subject to change.⁹ Commerce continues to consider certain companies for which a review was requested and which did not demonstrate separate rate eligibility, listed in Appendix II to this notice, to be part of the China-wide entity.¹⁰

Changes Since the Preliminary Results

Based on our review of the record and comments received from interested parties on the *Preliminary Results*, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the margin calculations for both GHC and Jilin Bright.¹¹

Final Results of Review

For the companies subject to this review that established their eligibility for a separate rate, Commerce determines that the following estimated weighted-average dumping margins exist for the period April 1, 2022, through March 31, 2023:

Exporter	Weighted-average dumping margin (USD/kg) ¹²
Jilin Bright Future Chemicals Co., Ltd	1.95
Ningxia Guanghua Cherishmet Activated Carbon Co., Ltd	1.21
Review-Specific Rate Applicable for Non-Selected Companies Under Review ¹³	1.44

Disclosure

Commerce intends to disclose the calculations performed in connection with these final results of review to interested parties within five days after public announcement or, if there is no public announcement, within five days of the date of publication of the notice

⁹ See *Order*.

¹⁰ See appendix II for the list of companies that are subject to this administrative review that are considered to be part of the China-wide entity; see also *Preliminary Results* PDM at 13.

¹¹ See Issues and Decision Memorandum at Comments 1, 4, and 7.

¹² In the second administrative review of the *Order*, Commerce determined that it would calculate per-unit weighted-average dumping margins and assessment amounts for all future reviews. of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For the GHC and Jilin Bright, Commerce will calculate importer-specific assessment rates for antidumping duties, in accordance with 19 CFR 351.212(b)(1).

For entries that were not reported in the U.S. sales database submitted by the exporter individually examined during this review, Commerce will instruct CBP to liquidate such entries at the China-wide rate.¹⁴

For the respondents that were not selected for individual examination in this administrative review but qualified for a separate rate, the per unit assessment rate will be the rate established for these companies in these final results of review.

For the six companies identified in appendix II to this notice as part of the China-wide entity, we will instruct CBP to apply the China-wide per-unit assessment rate to all entries of subject merchandise made during the POR which were exported by those companies.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash deposit requirements will be effective for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for the subject merchandise exported by the companies listed above or in appendix II that have a separate rate, the cash deposit rate will be equal to the weighted-average

¹⁴ For a full discussion of this practice, see *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011).

dumping margin established in the final results of this administrative review; (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above or in appendix II that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 2.42 USD/kg); and (4) for all non-Chinese exporters of subject merchandise that have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5) and 351.213(h)(2).

Deputy Assistant Secretary for Enforcement and Compliance.
