Department of the Navy

Notice of Intent for Naval Station Newport Water and Wastewater Infrastructure Divestment

AGENCY: Department of the Navy (DON), Department of Defense (DoD).

ACTION: Notice.

SUMMARY: The DON (or "Government") is issuing this solicitation to enter into a land conveyance agreement ("Solicitation") to convey Naval Station Newport's ("NS Newport") water and wastewater infrastructure, located in Newport, RI. The Navy is investigating the use of the Exchange Pilot Authority to execute a long-term divestment strategy for the water and wastewater infrastructure at Naval Station Newport. The DON vision is to divest of the Government owned class II property via a Bill of Sale, then enter into a mutually beneficial real estate agreement containing the easement area for the utilities traversing the DON property, whereby an interested eligible party maintains the infrastructure and provides water and wastewater services to the installation, Government entities and surrounding community via a Utility Service Contract. In-Kind Consideration (IKC) will be provided to the DON in the form of credit towards the water and wastewater bill.

DATES: The Secretary concerned shall submit a copy of the Federal Registrar notice to ASD(S) no later than 7 calendar days prior to notification. Request for Proposals (RFP) will be released to SAM.gov on December 13, 2024.

FOR FURTHER INFORMATION CONTACT: Command NAVFAC MIDLANT NORFOLK, Attn: Heather Stadler, Deputy Director Real Estate Division, 757-341-2000 heather.m.stadler2.civ@us.navy.mil.

SUPPLEMENTARY INFORMATION: DON is seeking a potential offer to demonstrate the following qualifications in response to the Request for Proposal. Summary of relevant experience, past and present performance, financial information/history, as well as Development Plan and Maintenance and Management Capability. The submitted information will assist DON in selecting one offeror to move forward into exclusive and technical negotiations. The following entities have been identified as potential offerors due to their response to the Request For Information (RFI), released on March 8, 2024: American Water, Carver Water, and ASUS.

Naval Station Newport, on behalf of DON, is currently responsible for the operation, maintenance, distribution, and capital improvements of the Installation's Potable Water and Wastewater Infrastructure. Due to limited manpower, funding, and utilization, the Business Case Analysis (BCA) determined it is the best interest of DON to divest these assets and associated operations to an eligible entity willing and able to enter into an
