

inquiry service list for each order or suspended investigation, and any interested party submitting a scope ruling application or request for circumvention inquiry shall serve a copy of the application or request on the persons on the annual inquiry service list for that order, as well as any companion order covering the same merchandise from the same country of origin.¹⁰

In accordance with the *Procedural Guidance*, for orders published in the **Federal Register** before November 4, 2021, Commerce created an annual inquiry service list segment for each order and suspended investigation. Interested parties who wished to be added to the annual inquiry service list for an order submitted an entry of appearance to the annual inquiry service list segment for the order in ACCESS and, on November 4, 2021, Commerce finalized the initial annual inquiry service lists for each order and suspended investigation. Each annual inquiry service list has been saved as a public service list in ACCESS, under each case number, and under a specific segment type called “AISL-Annual Inquiry Service List.”¹¹

As mentioned in the *Procedural Guidance*, beginning in January 2022, Commerce will update these annual inquiry service lists on an annual basis when the *Opportunity Notice* for the anniversary month of the order or suspended investigation is published in the **Federal Register**.¹² Accordingly, Commerce will update the annual inquiry service lists for the above-listed AD and CVD proceedings. All interested parties wishing to appear on the updated annual inquiry service list must take one of the two following actions: (1) new interested parties who did not previously submit an entry of appearance must submit a new entry of appearance at this time; (2) interested parties who were included in the preceding annual inquiry service list must submit an amended entry of appearance to be included in the next year’s annual inquiry service list. For these interested parties, Commerce will

change the entry of appearance status from “Active” to “Needs Amendment” for the annual inquiry service lists corresponding to the above-listed proceedings. This will allow those interested parties to make any necessary amendments and resubmit their entries of appearance. If no amendments need to be made, the interested party should indicate in the area on the ACCESS form requesting an explanation for the amendment that it is resubmitting its entry of appearance for inclusion in the annual inquiry service list for the following year. As mentioned in the *Final Rule*,¹³ once the petitioners and foreign governments have submitted an entry of appearance for the first time, they will automatically be added to the updated annual inquiry service list each year.

Interested parties have 30 days after the date of this notice to submit new or amended entries of appearance. Commerce will then finalize the annual inquiry service lists five business days thereafter. For ease of administration, please note that Commerce requests that law firms with more than one attorney representing interested parties in a proceeding designate a lead attorney to be included on the annual inquiry service list.

Commerce may update an annual inquiry service list at any time as needed based on interested parties’ amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website at <https://access.trade.gov>.

Special Instructions for Petitioners and Foreign Governments

In the *Final Rule*, Commerce stated that, “after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow.”¹⁴

Accordingly, as stated above and pursuant to 19 CFR 351.225(n)(3), the petitioners and foreign governments will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and foreign governments are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in

accordance with the procedures described above.

This notice is not required by statute but is published as a service to the international trading community.

Dated: November 26, 2024.

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Brake Drums From the Republic of Türkiye: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of certain brake drums (brake drums) from the Republic of Türkiye (Türkiye). The period of investigation is January 1, 2023, through December 31, 2023. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable December 3, 2024.

FOR FURTHER INFORMATION CONTACT: Charles Doss or Samuel Brummitt, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4474 or (202) 482–7851, respectively.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is made in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this countervailing duty (CVD) investigation on July 17, 2024.¹ On July 22, 2024, Commerce tolled certain deadlines in this administrative proceeding by seven

¹¹ This segment has been combined with the ACCESS Segment Specific Information (SSI) field which will display the month in which the notice of the order or suspended investigation was published in the **Federal Register**, also known as the anniversary month. For example, for an order under case number A–000–000 that was published in the **Federal Register** in January, the relevant segment and SSI combination will appear in ACCESS as “AISL-January Anniversary.” Note that there will be only one annual inquiry service list segment per case number, and the anniversary month will be pre-populated in ACCESS.

days.² On September 6, 2024, Commerce postponed the preliminary determination of this investigation until November 25, 2024.³

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.⁴ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The products covered by this investigation are brake drums from Türkiye. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,⁵ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage, (i.e., scope).⁶ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*. Commerce intends to issue its preliminary decision regarding comments concerning the scope of the antidumping (AD) and CVD investigations in the preliminary determinations of the companion AD investigations. We will incorporate the scope decisions from the AD investigations into the scope of the final CVD determination for this investigation

after considering any relevant comments submitted in scope case and rebuttal briefs.⁷

Methodology

Commerce is conducting this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce preliminarily determines that there is a subsidy, i.e., a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.⁸ For a full description of the methodology underlying our preliminary determination, see the Preliminary Decision Memorandum.

Commerce notes that, in making its findings, it relied, in part, on facts available and, because it finds that one or more entities did not act to the best of their ability to respond to Commerce's requests for information, it drew an adverse inference where appropriate in selecting from among the facts otherwise available.⁹ For further information, see the "Use of Facts Otherwise Available and Adverse Inferences" section in the Preliminary Decision Memorandum.

Alignment

As noted in the Preliminary Decision Memorandum, in accordance with section 705(a)(1) of the Act and 19 CFR 351.210(b)(4), Commerce is aligning the final CVD determination in this investigation with the final determination in the concurrent AD investigation of brake drums from Türkiye based on a request made by the petitioner.¹⁰ Consequently, the final CVD determination will be issued on the same date as the final AD determination, which is currently scheduled to be issued no later than April 8, 2025 unless postponed.¹¹

All-Others Rate

Sections 703(d) and 705(c)(5)(A) of the Act provide that in the preliminary determination, Commerce shall determine an estimated all-others rate for companies not individually examined. Section 705(c)(5)(A)(i) of the Act states that for companies not individually investigated, Commerce will determine an "all-others" rate equal to the weighted average countervailable subsidy rates established for exporters and producers individually investigated, excluding any zero and *de minimis* countervailable subsidy rates, and any rates determined entirely under section 776 of the Act. If the rates established for all exporters and producers individually investigated are zero, *de minimis*, or determined entirely under facts available, Commerce may use any reasonable method to establish an all-others rate.¹²

In this investigation, Commerce preliminarily calculated an individual countervailable subsidy rate for EKU Fren ve Dok. San. A.S. (EKU) that is *de minimis*. Further, Commerce has preliminarily determined Akkus Dokum San.Ve Tic.Ltd.Sti.'s, Buyuk Eker Bijon Sanayi Ve Ticaret's, and Genk Otomotiv San.Dis Tic.Ltd.Sti.'s rates entirely under facts available with an adverse inference pursuant to section 776 of the Act. Therefore, in accordance with section 705(c)(5)(A)(ii) of the Act, we are preliminarily applying a simple average of the subsidy rates calculated for Akkus Dokum San.Ve Tic.Ltd.Sti, Buyuk Eker Bijon Sanayi Ve Ticaret, Genk Otomotiv San.Dis Tic.Ltd.Sti., and EKU as the all-others rate.¹³

Preliminary Determination

Commerce preliminarily determines that the following estimated countervailable subsidy rates exist:

Company	Subsidy rate (percent <i>ad valorem</i>)
EKU Fren ve Dok. San. A.S	0.89 (<i>de minimis</i>).
Akkus Dokum San.Ve Tic.Ltd.Sti	131.39*.
Buyuk Eker Bijon Sanayi Ve Ticaret	131.39*.

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties in this preliminary determination within five days of its public announcement, or if there is no public announcement, within five days of the date of this notice in accordance with 19 CFR 351.224(b).

Consistent with 19 CFR 351.224(e), Commerce will analyze and, if appropriate, correct any timely allegations of significant ministerial errors by amending the preliminary determination. However, consistent with 19 CFR 351.224(d), Commerce will not consider incomplete allegations that do not address the significance standard under 19 CFR 351.224(g) following the preliminary determination. Instead, Commerce will address such allegations in the final determination together with issues raised in the case briefs or other written comments.

Suspension of Liquidation

With the exception of entries from EKU, in accordance with sections 703(d)(1)(B) and (d)(2) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise as described in Appendix I entered, or withdrawn from warehouse, for consumption on or after the date of the publication of this notice in the **Federal Register**. Further, pursuant to 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the rates indicated above. Because we preliminarily determine that the CVD rate in this investigation for EKU is *de minimis*, we will not direct CBP to suspend liquidation of entries of the subject merchandise from Türkiye produced and exported by EKU.

Verification

As provided in section 782(i)(1) of the Act, Commerce intends to verify the information relied upon in making its final determination.

Public Comment

All interested parties will have the opportunity to submit scope case and rebuttal briefs on the preliminary decision regarding the scope of the AD and CVD investigations. The deadlines

to submit scope case and rebuttal briefs will be provided in the preliminary scope decision memorandum. For all scope case and rebuttal briefs, parties must file identical documents simultaneously on the records of the ongoing AD and CVD brake drums investigations. No new factual information or business proprietary information may be included in either scope case or rebuttal briefs.

Case briefs or other written comments on non-scope issues may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the last verification report is issued in this investigation. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.¹⁴ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.¹⁵

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this investigation, we instead request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.¹⁶ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final determination in this investigation. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce within 30 days after the date of publication of this notice. Requests should contain the party’s name, address, and telephone number, the number of participants, whether any participant is a foreign national, and a list of the issues to be discussed. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date. All submissions, including case and rebuttal briefs, as well as hearing requests, should be filed using ACCESS. An electronically-filed document must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time on the established deadline.

U.S. International Trade Commission Notification

In accordance with section 703(f) of the Act, Commerce will notify the U.S. International Trade Commission (ITC) of its determination. If the final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination or 45 days after the final determination whether imports of brake drums from Türkiye are materially injuring, or threaten material injury to, the U.S. industry.

Notification to Interested Parties

This determination is issued and published pursuant to sections 703(f) and 777(i) of the Act and 19 CFR 351.205(c).

Dated: November 25, 2024.

Abdelali Elouaradia,
Deputy Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

The merchandise covered by this investigation is certain brake drums made of

¹⁷ See *APO and Service Final Rule*.

gray cast iron, whether finished or unfinished, with an actual or nominal inside diameter of 14.75 inches or more but not over 16.6 inches, weighing more than 50 pounds. Unfinished brake drums are those which have undergone some turning or machining but are not ready for installation. Subject brake drums are included within the scope whether imported individually or with non-subject merchandise (for example, a hub), whether assembled or unassembled, or if joined with non-subject merchandise. When a subject drum is imported together with non-subject merchandise, such as, but not limited to, a drum-hub assembly, only the subject drum is covered by the scope.

Subject merchandise also includes finished and unfinished brake drums that are further processed in a third country or in the United States, including, but not limited to, assembly or any other processing that would not otherwise remove the merchandise from the scope of this investigation if performed in the country of manufacture of the subject brake drums. The inclusion, attachment, joining, or assembly of non-subject merchandise with subject drums either in the country of manufacture of the subject drum or in a third country does not remove the subject drum from the scope. Specifically excluded is merchandise covered by the scope of the antidumping and countervailing duty orders on certain chassis and subassemblies thereof from the People's Republic of China. See *Certain Chassis and Subassemblies Thereof from the People's Republic of China: Antidumping Duty Order*, 86 FR 36093 (July 8, 2021) and *Certain Chassis and Subassemblies Thereof From the People's Republic of China: Countervailing Duty Order and Amended Final Affirmative Countervailing Duty Determination*, 86 FR 24844 (May 10, 2021).

The scope also excludes composite brake drums that contain more than 40 percent steel by weight.

The merchandise covered by this investigation is classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheading 8708.30.5020. The merchandise covered by this investigation may be classifiable under HTSUS subheading 8708.30.5090 when entered as part of an assembly. Subject merchandise may also enter under HTSUS subheading 8716.90.5060. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise covered by this investigation is dispositive.

Notice of Scope Ruling Applications Filed in Antidumping and Countervailing Duty Proceedings

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) received scope ruling applications, requesting that scope inquiries be conducted to determine whether identified products are covered by the scope of antidumping duty (AD) and/or countervailing duty (CVD) orders and that Commerce issue scope rulings pursuant to those inquiries. In accordance with Commerce's regulations, we are notifying the public of the filing of the scope ruling applications listed below in the month of October 2024.

DATES: Applicable December 3, 2024.

FOR FURTHER INFORMATION CONTACT: Terri Monroe, AD/CVD Operations, Customs Liaison Unit, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, telephone: (202) 482–1384.

SUPPLEMENTARY INFORMATION:

Notice of Scope Ruling Applications

In accordance with 19 CFR 351.225(d)(3), we are notifying the public of the following scope ruling applications related to AD and CVD orders and findings filed in or around the month of October 2024. This notification includes, for each scope application: (1) identification of the AD and/or CVD orders at issue (19 CFR 351.225(c)(1)); (2) concise public descriptions of the products at issue, including the physical characteristics (including chemical, dimensional and technical characteristics) of the products (19 CFR 351.225(c)(2)(ii)); (3) the countries where the products are produced and the countries from where the products are exported (19 CFR 351.225(c)(2)(i)(B)); (4) the full names of the applicants; and (5) the dates that the scope applications were filed with Commerce and the name of the ACCESS scope segment where the scope applications can be found.¹ This notice

¹ See *Regulations to Improve Administration and Enforcement of Antidumping and Countervailing*

does not include applications which have been rejected and not properly resubmitted. The scope ruling applications listed below are available on Commerce's online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), at <https://access.trade.gov>.

Scope Ruling Applications

Aluminum Extrusions from the People's Republic of China (China) (A–570–967/C–570–968); Heat sinks;² produced in and exported from China; submitted by IPG Photonics Corporation (IPG Photonics); October 4, 2024; ACCESS scope segment “IPG Photonics Heat Sink.”

Hand Trucks from China (A–570–891); Flatbed utility carts;³ produced in and exported from China; submitted by Utility Transportation Carts, Inc. (UTC); October 17, 2024; ACCESS scope segment “UTC Flatbed Utility Cart.”

Large Diameter Welded Carbon and Alloy Steel Line Pipe from India (A–533–881/C–533–882); large diameter welded pipe with 18 inch outside diameter, 0.688 inches or greater wall thickness;⁴ produced in and exported from India; submitted by Shawcor Pipe Protection Acquisition Corp.; October

Duty Laws, 86 FR 52300, 52316 (September 20, 2021) (*Final Rule*) (“It is our expectation that the **Federal Register** list will include, where appropriate, for each scope application the following data: (1) identification of the AD and/or CVD orders at issue; (2) a concise public summary of the product's description, including the physical characteristics (including chemical, dimensional and technical characteristics) of the product; (3) the country(ies) where the product is produced and the country from where the product is exported; (4) the full name of the applicant; and (5) the date that the scope application was filed with Commerce.”)

² The products are aluminum heat sinks manufactured using aluminum extrusions and designed to meet certain thermal performance requirements. The heat sinks are used to dissipate heat from pump diodes and fiber components of the fiber laser modules manufactured by IPG Photonics. The heat sinks are made from series AL 6063–5 aluminum. The heat sinks have a flat surface tolerance of ≤ 0.0079 inches.

³ The products are wheeled 30" x 60" platform or flatbed utility carts with a rated load capacity of 2,000 lbs. that are ergonomically designed for worker safety and constructed of lightweight extruded aluminum tubes, aluminum plate, handles, and steel and rubber or polyurethane wheels. Cargo is loaded on the cargo deck and the cart is operated by pushing or pulling the cart in an orientation horizontal to the ground. The cart is not designed and cannot operate to transport cargo vertically, or in an upright orientation. The products are packaged and imported as complete kits, to be assembled by the purchaser/end user.

⁴ The products are large diameter welded pipe with 18 inches outside diameter, 0.688 inches or greater wall thickness, and steel grade L450, for use of conveyance of gas, oil, and other liquids, generally in a pipeline or utility distribution system.
