

(PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, the reporting burden (time and costs) is minimal, the collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. OSHA is soliciting comments concerning the extension of the information collection requirements contained in the series of regulations establishing requirements for the submission, initial approval, continuing approval, final approval, monitoring, and evaluation of OSHA-approved State Plans:

- 29 CFR part 1902, State Plans for the Development and Enforcement of State Standards;
- 29 CFR part 1953, Changes to State Plans for the Development and Enforcement of State Standards;
- 29 CFR part 1954, Procedures for the Evaluation and Monitoring of Approved State Plans; and
- 29 CFR part 1956, State Plans for the Development and Enforcement of State Standards Applicable to State and Local Government Employees in States Without Approved Private Employee Plans.

Section 18 of the Occupational Safety and Health Act (29 U.S.C. 667) offers an opportunity to the states to assume responsibility for the development and enforcement of state standards through the mechanism of an OSHA-approved State Plan. Absent an approved plan, states are precluded from enforcing occupational safety and health standards in the private sector with respect to any issue for which Federal OSHA has promulgated a standard. Once approved and operational, the state adopts standards and provides most occupational safety and health enforcement and compliance assistance in the state under the authority of its plan, instead of Federal OSHA. States also must extend their jurisdiction to cover state and local government employees and may obtain approval of State Plans limited in scope to these workers. To obtain and maintain State Plan approval, a state must submit various documents to OSHA describing program structure and operation, including any modifications thereto as they occur, in accordance with the identified regulations. OSHA funds 50 percent of the costs required to be incurred by an approved State Plan, with the state at least matching and providing additional funding at its discretion.

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency's functions to protect workers, including whether the information is useful;

- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;

- The quality, utility, and clarity of the information collected; and

- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information, and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend the approval of the information collection requirements contained in Occupational Safety and Health State Plans.

The agency is requesting an adjustment increase to adjust the number of burden hours associated with the developmental steps necessary for certain states in the developmental process, including Maine, Massachusetts and Illinois. In addition, the number of Complaints About State Program Administration (CASPA) and State Plan Changes were modified to depict more realistically the current trends in these numbers. As a result, the total burden hours have increased from 11,055 to 11,370 (an increase of 315 burden hours).

OSHA will summarize the comments submitted in response to this notice and will include this summary in the request to OMB to extend the approval of the information collection requirements.

I. Introduction

On November 24, 2024, Douglas F. Carlson filed, and on November 25, 2024, the Commission docketed, a Motion for Late Acceptance of Notice of Intent to File Rebuttal Case ¹ and corresponding Notice of Intent to File a Rebuttal Case.² On November 25, 2024, the American Postal Workers Union (APWU) filed a Motion for Late Acceptance of Notice of Intent to File Rebuttal Testimony³ and corresponding Notice of Intent to File Rebuttal Testimony.⁴ These motions are granted. In addition, the Commission provides notice of the hearing, sets hearing procedures, modifies the deadline for registration for the hearing, and adjusts the procedural schedule.

II. The Motions for Late Acceptance

Mr. Carlson requests that the Commission excuse his failure to timely file his notice because the procedural schedule listed on the Commission's website differed from those set by order. Carlson Motion at 1–2. The Commission recognizes that the information previously presented on the procedural schedule on the website conflicted with the deadlines set forth in Order No.

7695⁵ and Order No. 7998.⁶ The Commission further recognizes that in Order No. 7998, the Commission unilaterally modified the procedural schedule by moving a deadline up to better support the in-person hearing in this proceeding. Order No. 7998 at 2. Therefore, the Commission grants Mr. Carlson's motion.

APWU similarly states that its filing was delayed because it relied on the procedural schedule set forth in Order No. 7695. APWU Motion at 1. For the reasons expressed above, the Commission also grants the APWU Motion.

The Commission is acting expeditiously on these motions because of the pending holiday and the fact that the hearing is 4 business days from today. The Postal Service will be permitted to conduct discovery and written cross-examination on Mr. Carlson's and APWU's rebuttal testimony. The Postal Service may request oral cross-examination but must provide justification for the request.

III. Notice of Hearing, Scheduling Witnesses, Excusing Witnesses, Setting Hearing Procedures, and Adjusting Procedural Schedule

Additionally, although the Commission previously stated that hearings with a rebuttal case would occur December 11 to 13, 2024,⁷ given Mr. Carlson's indication that he cannot appear in person at the hearings, the Commission hereby gives notice that a hearing on the Postal Service's direct case in the above-captioned docket shall commence at 10 a.m. ET on Wednesday, December 4, 2024. Pursuant to Order No. 7998, the hearing will be conducted in person at 901 New York Avenue NW, Suite 200, Washington, DC 20268. The hearing shall be available by livestream at www.youtube.com/thepostalregulatorycommiss9709.⁸

Furthermore, the Commission modifies the registration deadline for the hearing. Each individual seeking to attend the live hearing (including motions practice or may conduct cross-examination or follow-up cross-examination) must register by sending an email to registration@prc.gov with the subject line "N2024-1 Hearing

One of the Postal Service's witnesses, Sharon Owens (Postal Service institutional witness), is not called and is excused. Likewise, the rebuttal witnesses, namely Anita Morrison, Stephen DeMatteo, and Douglas Carlson, are not called for the December 4 hearing.

The Postal Service shall file any corrected testimony, corrected designated written-cross examination, etc., applicable to the excused witnesses with a declaration/affidavit from the witness attesting to the proposed record material, no later than December 2, 2024. The Postal Service may move to admit these materials by written motion not later than December 4, 2024. Objections to the admission of the proposed record material for these excused witnesses are due not later than December 5, 2024.

On December 2, 2024, the Postal Service shall file a "Notice of Designated Materials" identifying any corrections to the testimony or designated materials for each witness sponsored by the Postal Service. Order No. 7695 at 26. Attached to that notice shall be an Adobe PDF file that contains

Written discovery (cross-examination) may be served on the parties offering rebuttal testimony immediately after filing of rebuttal testimony and must be filed no later than December 6, 2024.
