Total Annual Burden: 78,319 hours.

Total Annual Cost: No cost.

Needs and Uses: The Commission will submit this information collection to the Office of Management and Budget (OMB), which is a revision of a currently approved collection, to obtain a full three-year clearance from OMB. The requirements contained herein are necessary to implement the Congressional mandate for universal service. It provides the Commission and USAC with the necessary information to administer the E-Rate program, determine the amount of support entities seeking funding are eligible to receive, to determine if entities are complying with the Commission's rules, and to prevent waste, fraud, and abuse. The information will also allow the Commission to evaluate the extent to which the E-Rate program is meeting the statutory objectives specified in section 254 of the 1996 Act, the Commission's performance goals established in the *2014 First and Second E-Rate Orders*, and to evaluate the need and feasibility for any future revisions to program rules.

FCC Form 486 was revised. On July 29, 2024 the Commission released a Report and Order and Further Notice of Proposed Rulemaking (WC Docket No. 21–31, FCC 24–76) (*Report and Order*); finding that the off-premises use of wireless internet services and the Wi-Fi hotspot devices needed to deliver the services; serves an educational purpose and are eligible for E-Rate support. The *Report and Order*, 89 FR 67303, August 20, 2024, adds certifications to the FCC Form 486. Applicants that receive support for Wi-Fi hotspots and service for off-premises use uses the FCC Form 486 to certify that they have updated and publicly posted their “acceptable use policy (AUP)” consistent with the requirements in 47 CFR 54.516(f); the Wi-Fi hotspots and/or services the school, library, or consortium purchased using E-Rate support for off-premises use have been activated and made available to students, school staff, and/or library patrons; public notice of their availability has been provided; and the authorized person is not requesting reimbursement for Wi-Fi hotspots and/or services that have not been made available for distribution.

The hourly burden will increase by 10,044 hours for FCC Forms 479, 486, and 500. The public burden for the collection contained herein will increase to 78,319 burden hours.

FCC Form 486 “Receipt of Service Confirmation and Certification of Compliance with the Children's Internet Protection Act.” After the Administrator reviews the funding request and commits to fund the eligible equipment and/or services requested, applicants use the FCC Form 486 to notify USAC of their service start dates for their funding requests. Universal service support will not be paid on an approved funding commitment prior to receipt of the FCC Form 486.

Billed entities also use the FCC Form 486 to certify compliance with the Children's internet Protection Act (CIPA), *see* 47 U.S.C. 254 (h)–(l), or qualification for a CIPA exemption when they seek discounts for category one services (*i.e.*, internet access) and category two services (*i.e.*, internal connections, managed internal broadband services, or basic maintenance of internal connections). When the billed entities are members of a larger consortia, they individually certify CIPA compliance by submitting the FCC Form 479 “Certification by Administrative Authority to Billed Entity of Compliance with Children's internet Protection Act” to the consortium leader. The consortium leader can then file the FCC Form 486 certifying CIPA compliance on behalf of

the consortia. CIPA requires schools and libraries that have computers with internet access to certify that they have in place certain internet safety policies and technology protection measures to be eligible to receive program services under section 254(h) of the Act. *See also* 47 CFR 54.520. The FCC Form 486 is also a necessary prerequisite for invoicing and payment.

FCC Form 500 “Funding Commitment Adjustment Request.” The FCC Form 500 is used by E-Rate participants to make adjustments to previously filed forms, such as changing the contract expiration date noted on the FCC Form 471, changing the funding year service start date listed on the FCC Form 486, cancelling or reducing the amount of a funding request, and extending the service delivery deadline for non-recurring services.

All of the requirements contained in this information collection are necessary to implement the Congressional mandate for the E-Rate program and reimbursement process.

Federal Communications Commission.

SUPPLEMENTARY INFORMATION:

I. Background on ORR Responsibilities, Affecting New SORN 09–80–0323

Within ORR, the Unaccompanied Children Bureau (UCB) administers ORR’s responsibilities for the placement, care, and services provided to unaccompanied children who are in Federal custody by reason of their immigration status. Such responsibilities are carried out pursuant to ORR’s statutory and delegated authorities under section 462 of the Homeland Security Act of 2002 (HSA), 6 U.S.C. 279, section 235 of the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (TVPRA), 8 U.S.C. 1232, and regulations at 45 CFR parts 410 and 411. Systems of records maintained by ORR are “mixed,” in that they contain, or could contain, records pertaining to both (1) individuals who are covered by the Privacy Act and (2) individuals who are not covered by the Privacy Act. SORN 09–80–0323 includes a statement to this effect in the “Categories of Individuals” section.

The Privacy Act applies only to individuals who are U.S. citizens or non-U.S. citizens lawfully admitted for permanent residence in the United States. As a matter of discretion, ORR treats information maintained in its mixed systems of records as being subject to the protections of the Privacy Act, regardless of whether the information relates to individuals covered by the Privacy Act. This policy implements a 1975 Office of Management and Budget (OMB) recommendation to apply, as a matter of discretion, the administrative provisions of the Privacy Act to records about individuals who aren’t covered by the Privacy Act when the records are maintained in mixed systems of records (referred to as the non-U.S. persons policy). *See OMB Privacy Act Implementation: Guidelines and*
