

integrated handle or a handle attached to the package for ease of carry; (5) one or more integrated kickstands for easy installation or angle adjustment; and (6) a wire of not less than 3 meters either permanently connected or attached to the package that terminates in an 8 mm diameter male barrel connector.

Also excluded from the scope of these investigations are off-grid crystalline silicon photovoltaic panels in rigid form with a glass cover, with each of the following physical characteristics, whether or not assembled into a fully completed off-grid hydropanel whose function is conversion of water vapor into liquid water: (A) a total power output of no more than 180 watts per panel at 155 degrees Celsius; (B) a surface area of less than 16,000 square centimeters (cm<sup>2</sup>) per panel; (C) include a keep-out area of approximately 1,200 cm<sup>2</sup> around the edges of the panel that does not contain solar cells; (D) do not include a built-in inverter; (E) do not have a frame around the edges of the panel; (F) include a clear glass back panel; (G) must include a permanently connected wire that terminates in a two-port rounded rectangular, sealed connector; (H) include a thermistor installed into the permanently connected wire before the twoport connector; and (I) include exposed positive and negative terminals at opposite ends of the panel, not enclosed in a junction box.

Further excluded from the scope of the investigations are:

1. Off grid rigid CSPV panels with a glass cover, with the following characteristics: (A) a total power output of 200 watts or less per panel, (B) a maximum surface area of 10,500 cm<sup>2</sup> per panel, (C) do not include a built-in inverter, (D) must include a permanently connected wire that terminates in waterproof connector with a cylindrical positive electrode and a rectangular negative electrode with the positive and negative electrodes having an interlocking structure, (E) must include visible parallel grid collector metallic wire lines every 1–4 millimeters across each solar cell, and (F) must be in individual retail packaging (for purposes of this provision, retail packaging typically includes graphics, the product name, its description and/or features); and

2. Off-grid small portable crystalline silicon photovoltaic panels, with or without a glass cover, with the following characteristics: (A) a total power output of 200 watts or less per panel, (B) a maximum surface area of 16,000 cm<sup>2</sup> per panel, (C) no built-in inverter, (D) an integrated handle or a handle attached to the package for ease of carry, (E) one or more integrated kickstands for easy installation or angle adjustment, and (F) a wire either permanently connected or attached to the package terminates in waterproof connector with a cylindrical positive electrode and a rectangular negative electrode with the positive and negative electrodes having an interlocking structure.

Also excluded from the scope of the investigations are:

1. Off grid rigid CSPV panels with a glass cover, with the following characteristics: (A) a total power output of 200 watts or less per panel, (B) a maximum surface area of 10,500 cm<sup>2</sup> per panel, (C) do not include a built-in inverter, (D) must include a permanently

connected wire that terminates in waterproof connector with a cylindrical positive electrode and a rectangular negative electrode with the positive and negative electrodes having an interlocking structure, (E) must include visible parallel grid collector metallic wire lines every 1–4 millimeters across each solar cell, and (F) must be in individual retail packaging (for purposes of this provision, retail packaging typically includes graphics, the product name, its description and/or features); and

2. Small off-grid panels with glass cover, with the following characteristics: (A) surface area from 3,450 mm<sup>2</sup> to 33,782 mm<sup>2</sup>, (B) with one black wire and one red wire (each of type 22AWG or 28 AWG not more than 350 mm in length when measured from panel extrusion), (C) not exceeding 10 volts, (D) not exceeding 1.1 amps, (E) not exceeding 6 watts, and (F) for the purposes of this exclusion, no panel shall contain an internal battery or external computer peripheral ports.

Additionally excluded from the scope of the investigations are:

1. Off grid rigid CSPV panels with a glass cover, with the following characteristics: (A) a total power output of 175 watts or less per panel, (B) a maximum surface area of 9,000 cm<sup>2</sup> per panel, (C) do not include a built-in inverter, (D) must include a permanently connected wire that terminates in waterproof connector with a cylindrical positive electrode and a rectangular negative electrode with the positive and negative electrodes having an interlocking structure; (E) must include visible parallel grid collector metallic wire lines every 1–4 millimeters across each solar cell, and (F) must be in individual retail packaging (for purposes of this provision, retail packaging typically includes graphics, the product name, its description and/or features); and

2. Off grid CSPV panels without a glass cover, with the following characteristics, (A) a total power output of 220 watts or less per panel, (B) a maximum surface area of 16,000 cm<sup>2</sup> per panel, (C) do not include a built-in inverter, (D) must include visible parallel grid collector metallic wire lines every 1–4 millimeters across each solar cell, and (E) each panel is encased in a laminated material without stitching.

Also excluded from the scope of these investigations are off-grid CSPV panels in rigid form, with or without a glass cover, permanently attached to an aluminum extrusion that is an integral component of an automation device that controls natural light, whether or not assembled into a fully completed automation device that controls natural light, with the following characteristics:

1. a total power output of 20 watts or less per panel;
2. a maximum surface area of 1,000 cm<sup>2</sup> per panel;
3. does not include a built-in inverter for powering third party devices

Modules, laminates, and panels produced in a third-country from cells produced in a subject country are covered by the investigations; however, modules, laminates, and panels produced in a subject country from cells produced in a third-country are not covered by the investigations.

Also excluded from the scope of these investigations are all products covered by the scope of the antidumping and countervailing duty orders on *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, from the People's Republic of China: Amended Final Determination of Sales at Less Than Fair Value, and Antidumping Duty Order*, 77 FR 73018 (December 7, 2012); and *Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled into Modules, from the People's Republic of China: Countervailing Duty Order*, 77 FR 73017 (December 7, 2012).

Merchandise covered by the investigations is currently classified in the Harmonized Tariff System of the United States (HTSUS) under subheadings 8541.42.0010 and 8541.43.0010. Imports of the subject merchandise may enter under HTSUS subheadings 8501.71.0000, 8501.72.1000, 8501.72.2000, 8501.72.3000, 8501.72.9000, 8501.80.1000, 8501.80.2000, 8501.80.3000, 8501.80.9000, 8507.20.8010, 8507.20.8031, 8507.20.8041, 8507.20.8061, and 8507.20.8091. These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of the investigations is dispositive.

### Circular Welded Carbon Steel Standard Pipe and Tube Products From the Republic of Türkiye; Welded Line Pipe From the Republic of Türkiye; Certain Oil Tubular Goods From the Republic of Türkiye; and Large Diameter Welded Pipe From the Republic of Türkiye: Final Results of Antidumping Duty Changed Circumstances Reviews

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** On September 10, 2024, the U.S. Department of Commerce (Commerce) published the preliminary results of the changed circumstances duty reviews (CCRs) of the antidumping duty

orders on circular welded carbon steel standard pipe and tube products (standard pipe), welded line pipe (WLP), certain oil tubular goods (OCTG), and large diameter welded pipe (LDWP) from the Republic of Türkiye (Türkiye). For these final results, Commerce continues to find that Borusan Birleşik Boru Fabrikaları Sanayi ve Ticaret A.S. (Borusan Boru) is the successor-in-interest to Borusan Mannesmann Boru Sanayi ve Ticaret A.S. (BMB).

**DATES:** Applicable December 4, 2024.

**FOR FURTHER INFORMATION CONTACT:** Ajay K. Menon, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0208.

**SUPPLEMENTARY INFORMATION:**

**Background**

On September 10, 2024, Commerce published the *Preliminary Results*, determining that Borusan Boru is the successor-in-interest to BMB and provided interested parties with an opportunity to comment.<sup>1</sup> On October 10, 2024, Borusan Boru filed comments regarding the effective date of Commerce's successor-in-interest determinations.<sup>2</sup> For a summary of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>3</sup>

**Scope of the Orders**<sup>4</sup>

The merchandise covered by these *Orders* is standard pipe, WLP, OCTG,

<sup>1</sup> See *Circular Welded Carbon Steel Standard Pipe and Tube Products from the Republic of Türkiye; Welded Line Pipe from the Republic of Türkiye; Certain Oil Tubular Goods From the Republic of Türkiye; and Large Diameter Welded Pipe from the Republic of Türkiye: Preliminary Results of Antidumping Duty Changed Circumstances Review*, 89 FR 67669 (September 10, 2024).

<sup>2</sup> See Borusan Boru's Letter, "Case Brief," dated October 10, 2024.

<sup>3</sup> See Memorandum, "Issues and Decision Memorandum for the Final Results of the Antidumping Duty Changed Circumstances Reviews of Circular Welded Carbon Steel Standard Pipe and Tube Products from the Republic of Türkiye; Welded Line Pipe from the Republic of Türkiye; Certain Oil Tubular Goods from the Republic of Türkiye; and Large Diameter Welded Pipe from the Republic of Türkiye," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

<sup>4</sup> See *Antidumping Duty Order: Welded Carbon Steel Standard Pipe and Tube Products from Turkey*, 51 FR 17784 (May 15, 1986) (*Standard Pipe AD Order*); *Welded Line Pipe from the Republic of Korea and the Republic of Turkey: Antidumping Duty Orders*, 80 FR 75056 (December 1, 2015) (*Welded Line Pipe AD Order*); *Certain Oil Country Tubular Goods from India, the Republic of Korea, Taiwan, the Republic of Turkey, and the Socialist Republic of Vietnam: Antidumping Duty Orders; and Certain Oil Country Tubular Goods from the*

and LDWP from Türkiye. For a complete description of the scope of each of these *Orders*, see the *Preliminary Results*.<sup>5</sup>

**Analysis of Comments Received**

We addressed the comments received in these CCRs in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is included in the Appendix. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

**Changes Since the Preliminary Results**

Based on our analysis of the comments received, we revised the effective date of these CCRs. For further discussion, see the Issues and Decision Memorandum.

**Final Results of Changed Circumstances Reviews**

For the reasons stated in the *Preliminary Results*, Commerce continues to find that Borusan Boru is the successor-in-interest to BMB. As a result, we determine that Borusan Boru should receive the cash deposit rate previously assigned to the Borusan Mannesmann for merchandise subject to the *Standard Pipe AD Order* and *Welded Line Pipe AD Order*. Consequently, Commerce will instruct U.S. Customs and Border Protection (CBP) to collect cash deposits and suspend liquidation of all shipments of subject merchandise subject to the *Standard Pipe AD Order* and *Welded Line Pipe AD Order* produced or exported by Borusan Boru and entered, or withdrawn from warehouse, for consumption on or after November 13, 2023, at the rate assigned to BMB.<sup>6</sup>

*Socialist Republic of Vietnam: Amended Final Determination of Sales at Less Than Fair Value*, 79 FR 53691, 53693 (September 10, 2014) (*OCTG AD Order*); and *Large Diameter Welded Pipe from the Republic of Turkey: Amended Final Affirmative Antidumping Duty Determination and Antidumping Duty Order*, 84 FR 18799 (May 2, 2019) (*LDWP AD Order*) (collectively, the *Orders*).

<sup>5</sup> See *Preliminary Results*, 89 FR at 73376-73377.

<sup>6</sup> The current rate for BMB in the *Standard Pipe AD Order* is 5.27 percent. See *Circular Welded Carbon Steel Standard Pipe and Tube Products from Turkey: Final Results of Antidumping Duty Administrative Review; 2021-2022*, 88 FR 85592, 85593 (December 9, 2023). The current rate for BMB in the *Welded Line Pipe AD Order* is zero percent. See *Welded Line Pipe from the Republic of Korea and the Republic of Turkey: Antidumping Duty Orders*, 80 FR 75056, 75057 (December 1, 2015).

Further, Commerce will instruct CBP that Borusan Boru is entitled to its predecessor's exclusions from the *OCTG AD Order* and *LDWP AD Order* for entries of subject merchandise produced and exported by Borusan Boru. Lastly, these cash deposit requirements shall remain in effect until further notice.

**Notification to Interested Parties**

We are issuing this determination and publishing these final results and notice in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Act and 19 CFR 351.216(e), 351.221(b), and 351.221(c)(3).

Dated: November 26, 2024.

**Abdelali Elouaradia,**

*Deputy Assistant Secretary for Enforcement and Compliance.*
