

comparisons between the DOT and SOC¹³ to identify the closest related SOC group as 35–3023 Fast Food and Counter Workers. The VE explains that five additional DOT occupations crosswalk to the same SOC group,¹⁴ and that OEWS data shows there are 3,325,050 jobs nationally for the Fast Food and Counter Workers SOC group.¹⁵ Considering the limitations in the hypothetical question, the VE explains that the Fast-Foods Worker (DOT Code 311.472–010) occupation occurs more frequently in the labor market than the other five DOT jobs in the same SOC group. Then, the VE states that the Fast-Food Worker occupation accounts for 1,300,000 jobs in the SOC group. The VE explains that the response was based on the VE's experience, training, observation of how the job is performed in multiple settings and industries, and familiarity with the job market estimates.

Adjudicator Responsibilities

Our adjudicators are responsible for evaluating the VS or VE evidence within the context of the overall evidence in the claim. If the VS or VE does not provide the expected information and explanation outlined above, the adjudicator will usually need to develop the record with sufficient evidence to make a supported finding at step four or step five of the sequential evaluation process.¹⁶

Claire Avery-Page, Director for Innovation and Intellectual Property, at Special301@ustr.eop.gov or 202.395.6862. You can find information about the Special 301 Review at <https://www.ustr.gov>.

SUPPLEMENTARY INFORMATION:

I. Background

Section 182 of the Trade Act of 1974 (Trade Act) (19 U.S.C. 2242), commonly known as the Special 301 provisions, requires the U.S. Trade Representative to identify countries that deny adequate and effective IP protections or fair and equitable market access to U.S. persons who rely on IP protection. The Trade Act requires the U.S. Trade Representative to determine which, if any, of these countries to identify as Priority Foreign Countries. Acts, policies, or practices that are the basis of a country's identification as a Priority Foreign Country can be subject to the procedures set out in sections 301–305 of the Trade Act (19 U.S.C. 2411–2415).

In addition, USTR has created a Priority Watch List and Watch List to assist in pursuing the goals of the Special 301 provisions. Placement of a trading partner on the Priority Watch List or Watch List indicates that particular problems exist in that country with respect to IP protection, enforcement, or market access for persons that rely on intellectual property protection. Trading partners placed on the Priority Watch List are the focus of increased bilateral attention concerning the problem areas.

USTR chairs the Subcommittee, which reviews information from many sources, and consults with and makes recommendations to the U.S. Trade Representative on issues arising under Special 301. Written submissions from the public are a key source of information for the Special 301 review process. In 2025, USTR will conduct a public hearing as part of the review process and will allow hearing participants to provide additional information relevant to the review. At the conclusion of the process, USTR will publish the results of the review in a Special 301 Report.

USTR requests that interested persons identify through the process outlined in this notice those countries the acts, policies, or practices of which deny adequate and effective protection for IP rights or deny fair and equitable market

access to U.S. persons who rely on IP protection. The Special 301 provisions also require the U.S. Trade Representative to identify any act, policy, or practice of Canada that affects cultural industries, was adopted or expanded after December 17, 1992, and is actionable under Article 32.6 of the United States-Mexico-Canada Agreement (USMCA) (as defined in section 3 of the USMCA Implementation Act). USTR invites the public to submit views relevant to this aspect of the review.

The Special 301 provisions require the U.S. Trade Representative to identify all such acts, policies, or practices within 30 days of the publication of the National Trade Estimate Report. In accordance with this statutory requirement, USTR will publish the annual Special 301 Report on or about April 30, 2025.

II. Public Comments

To facilitate this year's review, written comments should be as detailed as possible and provide all necessary information to identify and assess the effect of the acts, policies, and practices. USTR invites written comments that provide specific references to laws, regulations, policy statements, including innovation policies, executive, presidential, or other orders, and administrative, court, or other determinations that should factor into the review. USTR also requests that, where relevant, submissions mention particular regions, provinces, states, or other subdivisions of a country in which an act, policy, or practice is believed to warrant special attention. Finally, submissions proposing countries for review should include data, loss estimates, and other information regarding the economic impact on the United States, U.S. industry, and the U.S. workforce caused by the denial of adequate and effective intellectual property protection. Comments that include quantitative loss claims should include the methodology used to calculate the estimated losses.

III. Public Hearing

The Special 301 Subcommittee will convene a public hearing on February 19, 2025, in Rooms 1 and 2, 1724 F Street NW, Washington, DC, at which interested persons, including representatives of foreign governments, may appear to provide oral testimony. If necessary, the hearing may continue on the next business day. Because the hearing will take place in Federal facilities, attendees must show photo identification and will be screened for security purposes. Please consult the

USTR website at <https://ustr.gov/issue-areas/intellectual-property/Special-301>, to confirm the date and location of the hearing and to obtain copies of the hearing schedule. USTR also will post the transcript and recording of the hearing on the USTR website as soon after the hearing as possible.

Witnesses must deliver prepared oral testimony, which is limited to five minutes, before the Special 301 Subcommittee in person and in English. Subcommittee member agencies may ask questions following the prepared statement. Witnesses not from foreign governments must submit a notice of intent to testify and a hearing statement by January 27, 2025, and foreign government witnesses must submit a notice of intent to testify and a hearing statement by February 10, 2025. The submissions must be in English and must include: (1) The name, address, telephone number, email address, and firm or affiliation of the individual wishing to testify, and (2) a hearing statement that is relevant to the Special 301 review.

IV. Submission Instructions

All submissions must be in English and sent electronically via [Regulations.gov](https://www.regulations.gov) using docket number USTR–2024–0023. To submit comments, locate the docket (folder) by entering the number USTR–2024–0023 in the 'search for dockets or documents on agency actions' window at the [Regulations.gov](https://www.regulations.gov) home page and click 'search.' The site will provide a search-results page listing all documents associated with this docket. Locate the reference to this notice by selecting 'notice' under 'document type' on the left side of the search-results page, and click on the link entitled 'comment'.

USTR requests that you provide comments in an attached document, and that you name the file according to the following protocol: Commenter Name or Organization_2025 Special 301 Review_Comment, or Notice of Intent to Testify or Hearing Statement. Please include the following information in the 'start typing comment here' field: '2025 Special 301 Review' and whether the submission is a comment, a request to testify at the hearing, or a hearing statement. Please submit documents prepared in (or compatible with) Microsoft Word (.doc) or Adobe Acrobat (.pdf) formats. For further information on using [Regulations.gov](https://www.regulations.gov), please select 'FAQ' on the bottom of any page.

Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the comment itself, rather than submitting them as separate files.

For any comments that contains business confidential information (BCI), the file name of the business confidential version should begin with the characters 'BCI'. Any page containing BCI must be clearly marked 'BUSINESS CONFIDENTIAL' on the top of that page and the submission should clearly indicate, via brackets, highlighting, or other means, the specific information that is business confidential. A filer requesting business confidential treatment must certify that the information is business confidential and that they would not customarily release it to the public. Additionally, the filer should type 'business confidential' in the 'start typing comment here' field. Filers of comments containing BCI also must submit a public version of their comments. The file name of the public version should begin with the character 'P'. Follow the 'BCI' and 'P' with the name of the person or entity submitting the comments. Filers submitting comments containing no BCI should name their file using the name of the person or entity submitting the comments.

As noted, USTR strongly urges commenters to submit comments through *Regulations.gov*. You must make any alternative arrangements before transmitting a document and in advance of the relevant deadline by contacting USTR at *Special301@ustr.eop.gov*.

USTR will place comments in the docket and they will be open to public inspection, except properly designated BCI. You can view comments on *Regulations.gov* by entering Docket Number USTR-2024-0023 in the 'search' field on the home page.
