

Description of the need for the information and proposed use: This submission is to request an extension of an existing collection in use with OMB Control Number 2506–0182, for the Recordkeeping for HUD’s Continuum of Care Homeless Assistance Grant Application—Continuum of Care Registration. CoC Program Collaborative Applicants complete forms registering CoCs prior to the annual CoC Program Competition, which collects each CoCs number and name (designated by HUD), the geographic codes selected by CoCs to designate the areas each CoC covers to provide housing and services to individuals and families experiencing homelessness. The information collected during the registration process is used by HUD to determine the CoCs that will submit a CoC Consolidated Application when the Competition process opens.

During CoC Program Registration, Collaborative Applicants may also request Unified Funding Agency (UFA) or High Performing Community (HPC) designation. If requesting UFA or HPC designation, additional forms and attachments created by the Collaborative Applicant or CoC are submitted for HUD’s review to determine eligibility. The statutory and regulatory requirements related to the CoC Program and applicable supplementary documents are located on the CoC Program page on HUD’s website.

Respondents (i.e., affected public): Nonprofit organizations, states, local governments, and instrumentalities of state and local governments, Indian Tribes, Tribally Designated Housing Entities (TDHEs) (as defined in section 4 of the Native American Housing Assistance and Self-Determination Act of 1996 (25 U.S.C. 4103)), and Public

Housing Agencies (PHAs), as such term is defined in 24 CFR 5.100.

Information Collection/Form Number: Information is collected via the electronic e-snaps application system.

Estimated Number of Respondents: 405.

Estimated Number of Responses: 405.

Frequency of Response: Annually.

Responses per Annum: 835.

Average Hours per Response: See chart.

Total Estimated Burdens: See chart; however, the information included in the chart below is subject to change due to: 1) increase or decrease, based on the number of CoCs due to CoC mergers, splits, or creation of new CoCs; and 2) submission of UFA and HPC registration forms due to the number of Collaborative Applicants requesting UFA designation and the number of CoCs requesting HPC designation.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
CoC Registration—Basic	405	1	405	1	405	\$43.55	\$17,637.75
CoC Registration—UFA designation request	20	1	20	15	300	43.55	13,065.00
CoC Registration—HPC designation request	5	1	5	10	50	43.55	2,177.50
Grant Inventory Worksheet	405	1	405	4	1,620	43.55	70,551.00
Total	405	1	835	5	3,995	103,431.25

*Responses to UFA and HPC designations are subsets of the total 405 basic registration numbers as the basic CoC Registration is completed by all Collaborative Applicants to register the CoCs. On average there are 20 requests for UFA designation and to date no requests for HPC designation. The total number of respondents is subject to change annually due to CoCs merging or splitting and with newly created CoCs due to authorizing language expanding eligibility (e.g., FY 2021 appropriations language authorizing the Indian Tribes and TDHEs eligibility to form CoCs, submit CoC Consolidated applications, and project applications).

Abstract: The Secretary of the Interior probates the estates of individual Indians owning trust or restricted property in accordance with 25 U.S.C. 372–373. In order to compile the probate file, the BIA must obtain the family heirship data regarding the deceased from individuals and the tribe. This section contains the procedures that the Secretary of the Interior follows to initiate the probate of the trust estate for a deceased person who owns an interest in trust or restricted property. The Secretary must perform the necessary research of family heirship data collection requests in this part to obtain the information necessary to compile an accurate and complete probate file. This file will be forwarded to the Office of Hearing and Appeals (OHA) for disposition. Responses to these information collection requests are required to create a probate file for the decedent's estate so that OHA can determine the heirs of the decedent and order distribution of the trust assets in the decedent's estate.
