DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On December 10, 2024, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the District of New Jersey in *United States v. Arnet Realty Company, L.L.C., Old Bridge Minerals, Inc., and HB Warehousing, LLC, Inc.*, (“Defendants”) Civil Action No. 3:24–cv–11009 (D.N.J.).

The United States, on behalf of the Environmental Protection Agency (“EPA”), filed a Complaint against the Defendants under sections 106 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. 9606 and 9607. In the Complaint, the United States seeks (1) reimbursement of costs incurred and to be incurred by EPA and the Department of Justice for response actions at the CPS/Madison Superfund Site (“Site”) in Old Bridge Township, New Jersey, together with accrued interest, and (2) performance by the Defendants of response actions at the

Site consistent with the National Contingency Plan, 40 CFR part 300. The proposed Consent Decree requires the Defendants to perform certain aspects of the Remedial Design and Remedial Action (“RD/RA”) for Operable Unit 1 and the RD/RA for Operable Unit 3 of the Site, which are estimated to cost approximately \$14 million, and to pay EPA’s future costs associated with oversight of that work. Under the proposed Consent Decree, the United States agrees not to sue the Defendants under sections 106 and 107 of CERCLA, 42 U.S.C. 9606 and 9607, for the work that Defendants have agreed to perform.

DEPARTMENT OF LABOR

Employment and Training Administration

Labor Certification Process for the Temporary Employment of Foreign Workers in Agriculture in the United States: Adverse Effect Wage Rates for Non-Range Occupations

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Notice.

SUMMARY: The Employment and Training Administration of the Department of Labor (DOL) is issuing this notice to announce updates to the Adverse Effect Wage Rates (AEWR) for the employment of temporary or seasonal nonimmigrant foreign workers (H–2A workers) to perform agricultural labor or services other than the herding or production of livestock on the range. AEWRs are the minimum wage rates the DOL has determined must be offered, advertised in recruitment, and paid by employers to H–2A workers and workers in corresponding employment so that the wages and working conditions of workers in the United States (U.S.) similarly employed will not be adversely affected. The AEWRs established in this notice are applicable to H–2A job opportunities classified: in six Standard Occupational Classification (SOC) codes comprising the field and livestock workers (combined) category, and in the field and livestock workers (combined) occupational category that are located in States or regions, or equivalent districts or territories, in which the United States Department of Agriculture’s (USDA) Farm Labor Report (better known as the Farm Labor Survey, or FLS) reports wages. In this notice, DOL also announces an update to the average AEWR, which is used to calculate adjustments to required bond amounts for H–2A Labor Contractors.

DATES: These rates are effective December 16, 2024. However, for entities and states subject to the court order in *Kansas et. al. v. U.S. Department of Labor*, these rates are effective December 30, 2024.

FOR FURTHER INFORMATION CONTACT: Brian Pasternak, Administrator, Office of Foreign Labor Certification, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Room N–5311, Washington, DC 20210, telephone: (202) 693–8200 (this is not a toll-free number). For persons with a hearing or speech disability who need assistance to use the telephone system, please dial 711 to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: The U.S. Citizenship and Immigration Services of the Department of Homeland Security will not approve an employer’s petition for the admission of H–2A nonimmigrant temporary and seasonal agricultural workers in the U.S. unless the petitioner has received an H–2A labor certification from DOL. DOL issues such labor certification when it
