DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Consent Decree Under the Clean Air Act

On December 10, 2024, the Department of Justice lodged a proposed Consent Decree with the United States District Court for the Western District of Pennsylvania in the lawsuit entitled *United States and Commonwealth of Pennsylvania v. PennEnergy Resources, LLC*, Civil Action No. 2:24–cv–01675.

The lawsuit seeks injunctive relief and civil penalties for violations of the Clean Air Act and its implementing regulations at oil and natural gas production facilities owned and operated by PennEnergy Resources, LLC (“PennEnergy”) in Butler County, Pennsylvania. The violations relate to alleged failures to adequately design, operate, and maintain storage tank vapor control systems, resulting in emissions of volatile organic compounds (“VOC”) and other pollutants to the atmosphere.

The proposed Consent Decree covers 49 PennEnergy facilities in Pennsylvania. The proposed decree requires PennEnergy to perform injunctive relief, including conducting engineering evaluations of the vapor control systems at each of the controlled well pads to ensure that they are adequately sized and designed, and complete an environmental mitigation project. PennEnergy must also pay a civil penalty of \$2,000,000. Entering into and fully complying with the proposed Consent Decree would release PennEnergy from past civil liability for violations of Clean Air Act Title V and Clean Air Act regulations applicable to new and modified storage vessels and related state law at the facilities subject to the proposed consent decree.

DEPARTMENT OF LABOR

Employment and Training Administration

Labor Certification Process for the Temporary Employment of Foreign Workers in Agriculture in the United States: Adverse Effect Wage Rates for Non-Range Occupations

AGENCY: Employment and Training Administration, Department of Labor.

ACTION: Notice.

SUMMARY: The Employment and Training Administration of the Department of Labor (DOL) is issuing this notice to announce updates to the Adverse Effect Wage Rates (AEWR) for the employment of temporary or seasonal nonimmigrant foreign workers (H–2A workers) to perform agricultural labor or services other than the herding or production of livestock on the range. AEWRs are the minimum wage rates the DOL has determined must be offered, advertised in recruitment, and paid by employers to H–2A workers and workers in corresponding employment so that the wages and working conditions of workers in the United States (U.S.) similarly employed will not be adversely affected. The AEWRs established in this notice are applicable to H–2A job opportunities classified: in six Standard Occupational Classification (SOC) codes comprising the field and livestock workers (combined) category, and in the field and livestock workers (combined) occupational category that are located in States or regions, or equivalent districts or territories, in which the United States Department of Agriculture’s (USDA) Farm Labor Report (better known as the Farm Labor Survey, or FLS) reports wages. In this notice, DOL also announces an update to the average AEWR, which is used to calculate adjustments to required bond amounts for H–2A Labor Contractors.

DATES: These rates are effective December 16, 2024. However, for entities and states subject to the court order in *Kansas et. al. v. U.S. Department of Labor*, these rates are effective December 30, 2024.

FOR FURTHER INFORMATION CONTACT: Brian Pasternak, Administrator, Office of Foreign Labor Certification, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Room N–5311, Washington, DC 20210, telephone: (202) 693–8200 (this is not a toll-free number). For persons with a hearing or speech disability who need assistance to use the telephone system, please dial 711 to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: The U.S. Citizenship and Immigration Services of the Department of Homeland Security will not approve an employer’s petition for the admission of H–2A nonimmigrant temporary and seasonal agricultural workers in the U.S. unless the petitioner has received an H–2A labor certification from DOL. DOL issues such labor certification when it
