Abstract of Proposed Collection

The Affidavit of Relationship (AOR) is required by the Department of State to establish qualification for access to the Priority-3 (P-3) Family Reunification

category of the United States Refugee Admissions Program (USRAP). The P-3 category, along with the other categories of cases that have access to USRAP, is outlined in the annual Report to Congress on Proposed Refugee Admissions, which is submitted on behalf of the President in fulfillment of the requirements of section 207(d) of the Immigration and Nationality Act (8 U.S.C. 1157) and authorized by the annual Presidential Determination on Refugee Admissions. The P-3 category is available to qualifying family members of U.S.-based residents (persons already admitted to the U.S. as refugees or who were granted asylum in the United States, including persons who may now be lawful permanent residents or U.S. citizens). Qualifying family members of U.S.-based residents include spouses, unmarried children under age 21, and parents. Eligible P-3 nationalities are determined on an annual basis by the President.

In order to access the USRAP through P-3, an applicant must have an Affidavit of Relationship (AOR) filed on his or her behalf by a U.S.-based family member. The AOR also informs the U.S.-based family member that DNA evidence of all claimed parent-child relationships between the U.S.-based family member and parents and/or unmarried children under 21 is required as a condition of access to P-3 processing; it further informs the U.S.-based family member that the costs of DNA testing will be borne by the U.S. government. DNA testing between the QFM and any derivative applicant(s) (unmarried child under the age of 21), to prove the existence of their claimed family relationship, will be at no expense to the U.S. government.

Methodology

This information collection currently involves the limited use of electronic techniques. An anchor may complete an AOR at any local office of a Resettlement Agency (RA) that has a cooperative agreement with the Department of State to assist refugees who have been resettled in the United States. In order to file an AOR, a U.S.-based family member must be at least 18 years of age and have been admitted to the United States as a refugee or granted asylum in the United States no more than five years prior to the filing of the AOR. The AOR is available electronically, is completed electronically with the assistance of RA staff, and is submitted electronically by RA staff to a Department of State-contracted facility, where it is manually uploaded into the USRAP case management system. In addition, the RA

local office prints a copy for the respondent's ink signature, then submits the signed form to the RA headquarters.

Kelly A Gauger,

Deputy Director, PRM/A, Department of State.

AGENCY: Office of the United States Trade Representative (USTR).

ACTION: Notice of modification of actions.

SUMMARY: In a notice published on September 18, 2024, the U.S. Trade Representative proposed additional modifications to the actions taken in the Section 301 investigation of China's acts, policies, and practices related to technology transfer, intellectual property, and innovation. In a notice published on September 24, 2024, USTR announced the opening of an electronic portal for interested parties to submit comments on the proposed tariff increases. DATES: January 1, 2025, at 12:01 a.m. EST: Tariff increases on the tariff subheadings set out in the Annex to this notice are applicable with respect to products that are entered for consumption, or withdrawn from warehouse for consumption, on or after January 1, 2025.

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see the prior notices including 82 FR 40213 (August 24, 2017), 83 FR 14906 (April 6, 2018),

83 FR 28710 (June 20, 2018), and 83 FR 40823 (August 16, 2018).

On September 8, 2022, USTR announced that in accordance with Section 307(c)(3) of the Trade Act (19 U.S.C. 2417(c)(3)), the U.S. Trade Representative would conduct a review of the two actions taken, as modified, in this investigation. See 87 FR 55073. Based on information obtained during the review, USTR, in consultation with the Section 301 Committee, prepared a comprehensive report that included findings on the effectiveness of the actions taken in this investigation in achieving the objectives of the investigation, other actions that could be taken, and the effects of such actions on the United States economy, including consumers. The report, *Four-Year Review of Actions Taken in the Section 301 Investigation: China's Acts, Policies, and Practices Related to Technology Transfer, Intellectual Property, and Innovation* (Report), was published on May 14, 2024, and is available on the USTR website.

On May 14, 2024, taking into consideration the U.S. Trade Representative's findings in the Report and recommendations, the President issued a Memorandum (President's Memorandum) that directed the U.S. Trade Representative to: "maintain, as appropriate and consistent with this memorandum, the *ad valorem* rates of duty and lists of products subject to the [actions] taken under the Section 301 investigation" and "[t]o further encourage China to eliminate the acts, policies, and practices at issue, and to counteract the burden or restriction of these acts, policies, and practices, the Trade Representative shall modify the [actions taken in the investigation] to increase Section 301 *ad valorem* rates of duty" for certain specified products of China. See <https://www.whitehouse.gov/briefing-room/presidential-actions/2024/05/14/memorandum-on-actions-by-the-united-states-related-to-the-statutory-4-year-review-of-the-section-301-investigation-of-chinas-acts-policies-and-practices-related-to-technology-transfer-intellectual/>. In particular, the President's Memorandum specified 14 categories of products for proposed tariff increases, tariff rates for those products, and year for tariff increases.

Consistent with the President's direction, USTR issued a **Federal Register** notice with proposed modifications, including proposed increases in Section 301 duties on 382 HTSUS subheadings and 5 statistical reporting numbers of the HTSUS, with an approximate annual trade value of \$18 billion (2023). See 89 FR 46252

(May 28, 2024) (May 28 notice). In accordance with Section 307(a)(2) of the Trade Act (19 U.S.C. 2417(a)(2)), USTR invited comments from interested persons and opened a 30-day docket on May 29, 2024 (USTR–2024–0007). See May 28 notice.

On September 18, 2024, the U.S. Trade Representative announced modifications to the actions, including certain adjustments to the modifications proposed in the May 28 notice. See 89 FR 76581 (September 18, 2024) (September 18 notice). Additionally, and based on comments requesting that certain HTSUS subheadings be added to the 382 HTSUS subheadings proposed for tariff increases, the U.S. Trade Representative proposed increasing Section 301 duties on 5 additional HTSUS subheadings covering certain tungsten products, wafers, and polysilicon.

In accordance with Section 307(a)(2) of the Trade Act, USTR invited comments from interested persons and opened a 30-day docket on September 24, 2024 (USTR–2024–0016). See 89 FR 77958 (September 24, 2024) (September 24 notice).

B. Determination To Modify the Actions

Pursuant to Sections 307(c) and 307(a)(1) of the Trade Act (19 U.S.C. 2417(c), (a)(1)), the U.S. Trade Representative may modify or terminate any action, subject to the specific direction, if any, of the President with respect to such action, that is being taken under Section 301 if the burden or restriction on U.S. commerce of the acts, policies, and practices that are the subject of such action has increased or decreased, or such action is being taken under Section 301(b) and no longer is appropriate.

As previously discussed, modification of the actions is warranted under Section 307(a)(1)(B) and Section 307(a)(1)(C). See 89 FR 76581 (September 18, 2024). The modifications to the actions are set out in the Annex to this notice. The U.S. Trade Representative's determination takes account of the public comments, the President's Memorandum and the policy rationale underlying the President's direction, as well as the advice of the interagency Section 301 committee and appropriate advisory committees.

Any product listed in the Annex to this notice, which is subject to the additional duties imposed by this determination, and that is admitted into a U.S. foreign trade zone, except any product that is eligible for admission under "domestic status" as defined in 19 CFR 146.43, only may be admitted as
