#### Notice of Segregation of Public Lands for the Neptune Solar Project, Millard County, Utah

**AGENCY:** Bureau of Land Management, Department of the Interior.

**ACTION:** Notice of segregation.

**SUMMARY:** The Bureau of Land Management (BLM) is segregating 1,920 acres of public lands as part of the right-of-way (ROW) application for the Neptune Solar Project, from appropriation under the public land laws, including location under the Mining Law of 1872, but not the Mineral Leasing Act or Material Sales Act, for a period of 2 years from the date of publication of this notice, subject to valid existing rights. This segregation is to allow for the orderly administration of the public lands to facilitate consideration of development of renewable energy resources.

**DATES:** The segregation of the lands identified in this notice is effective on December 16, 2024.

**FOR FURTHER INFORMATION CONTACT:**

Lennie McConnell, District Renewable Energy Project Manager, BLM West Desert and Color Country Districts, 176 E DL Sargent Drive, Cedar City, UT 84721, (435) 865–3052 or email at [lmcconnell@blm.gov](mailto:lmcconnell@blm.gov). Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You will receive a reply during normal business hours.

**SUPPLEMENTARY INFORMATION:**

Regulations found at 43 CFR 2091.3–

1(e) and 2804.25(f) allow the BLM to temporarily segregate public lands described within a ROW application for solar energy development from the operation of the public land laws, including the Mining Law, by publication of a notice in the **Federal Register**. The BLM uses the temporary segregation authority to preserve the ability to approve, approve with modifications, or deny a proposed ROW, and to facilitate the orderly administration of the public lands. This temporary segregation is subject to valid existing rights.

Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature that will not significantly impact the application area may be allowed with the approval of the authorized officer of the BLM during the segregation period.

The public lands segregated by this notice are described as follows:

**Neptune Solar Project—UTUT105853689**

*Salt Lake Meridian, Utah*

Sec. 33, W $\frac{1}{2}$ NE $\frac{1}{4}$ , N $\frac{1}{2}$ NW $\frac{1}{4}$ , and SE $\frac{1}{4}$ NW $\frac{1}{4}$ .

The areas described aggregate 1,920 acres, according to the official plat of the survey of the said lands, on file with the BLM.

As provided in the regulations under 43 CFR 2091.3–1e(3), the segregation of the lands described in this notice will not exceed 2 years from the date of publication unless extended for an additional 2 years through publication of a new notice in the **Federal Register**.

For a period until December 16, 2026, subject to valid existing rights, the public lands described in this notice will be segregated from appropriation under the public land laws, including location under the Mining Law of 1872, but not from leasing under the mineral and geothermal leasing laws, or disposal under the Mineral Materials Act, while the ROW application is being processed. The segregation period will terminate and the lands will automatically open to appropriation under the public land laws, including the Mining Law, at the earliest of the following dates: upon issuance of a decision by the authorized officer granting, granting with modifications, or denying the application for a ROW; without further administrative action at the end of the segregation stated in the **Federal**

**Register** notice initiating the segregation; or upon publication of a **Federal Register** notice terminating the segregation and opening the lands.

#### Notice of Proposed Withdrawal and Public Meeting, Upper Pecos River Watershed Protection Area Withdrawal, New Mexico

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Notice of proposed withdrawal.

**SUMMARY:** On behalf of the Bureau of Land Management (BLM) and the U.S. Department of Agriculture, Forest Service (USFS), the Secretary of the Interior proposes to withdraw 163,483 acres of National Forest System lands and 1,327.16 acres of public lands from location and entry under the United States mining laws, and leasing under the mineral and geothermal leasing laws, subject to valid existing rights. The lands would remain open to disposals under the mineral materials laws.

**DATES:** Comments must be received by the BLM by March 17, 2025. A public meeting on the proposed withdrawal will be held February 26, 2025, from 5 p.m. to 7:30 p.m. at the Village of Pecos Conference Room, 92 South Main St., Pecos, NM 87552.

**ADDRESSES:** Comments should be sent to State Director, Bureau of Land Management, New Mexico State Office, 301 Dinosaur Trail, Santa Fe, New Mexico 87508. Information regarding the proposed withdrawal will be available at the BLM New Mexico State Office and at the Santa Fe National Forest Supervisor's Office, 11 Forest Lane, Santa Fe, New Mexico 87508.

**FOR FURTHER INFORMATION CONTACT:** Jillian Aragon, Project Manager, BLM New Mexico State Office by email at [jgaragon@blm.gov](mailto:jgaragon@blm.gov) or Julian Madrid, Santa Fe National Forest by email at [julian.madrid@usda.gov](mailto:julian.madrid@usda.gov). Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access

telecommunications relay services for contacting Ms. Aragon. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

**SUPPLEMENTARY INFORMATION:** The withdrawal is proposed for a 20-year term to protect the Upper Pecos River watershed area for its water and air quality, cultural resources, scenic integrity, critical fish and wildlife habitat, and recreational values. This notice segregates the land for 2 years from location and entry under the United States mining laws, and leasing under the mineral and geothermal leasing laws, subject to valid existing rights, and initiates a 90-day public comment period on the proposed withdrawal. The USFS and the BLM will host public meetings to provide information on the withdrawal application, as specified previously (see **DATES**).

The BLM and the USFS are jointly seeking this withdrawal. Their petition/application requests the Secretary of the Interior to withdraw the following Federal lands and interests in lands, and all non-Federal lands within the boundaries of the withdrawal application area that are subsequently acquired by the Federal Government, from location and entry under the United States mining laws, and leasing under the mineral and geothermal leasing laws, subject to valid existing rights.

The areas described aggregate  
1,327.16 acres, according to the official  
plats of the surveys of the said lands, on  
file with the BLM.  
The total acreage for the proposed  
withdrawal is 164,810.16 acres.  
A Secretarial Officer has approved the  
BLM's petition to file the withdrawal  
application. This approval constitutes  
the Department's proposal to withdraw  
the subject lands. The USFS has  
consented to proposing the withdrawal  
of lands under its administrative  
jurisdiction (43 CFR 2310.1–3(e)) and  
has joined the BLM as withdrawal  
applicant.  
The use of a right-of-way, interagency  
agreement, or cooperative agreement, or  
surface management under 43 CFR part  
3800, subpart 3809 regulations would  
not adequately constrain non-  
discretionary uses and would not  
provide adequate protection of cultural,  
recreational, and biological resources,

nor the financial investments in public campgrounds and other improvements on these lands.

There are no suitable alternative sites, as the described lands contain resource values that need protection.

Water rights will not be needed to fulfill the purpose of the proposed withdrawal.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the BLM New Mexico State Director at the address listed above (see **ADDRESSES**).

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives of officials of organizations or businesses, will be made available for public inspection in their entirety.

For a period until December 16, 2026, subject to valid existing rights, the lands and mineral interests in this notice will be segregated from location and entry under the United States mining laws, and leasing under the mineral and geothermal leasing laws, subject to valid existing rights unless the proposal is canceled, or the withdrawal is approved prior to that date.

Licenses, permits, cooperative agreements, or discretionary land use authorizations of a temporary nature may be allowed with the approval of the authorized officers of the USDA Forest Service or the BLM during the segregation period.

This proposed withdrawal will be processed in accordance with the regulations set forth in 43 CFR part 2300.

(Authority: 43 U.S.C. 1714).
