

Commerce may update an annual inquiry service list at any time, as needed, based on interested parties' amendments to their entries of appearance to remove, or otherwise modify, their list of members and representatives, or to update contact information. Changes or announcements pertaining to these procedures will be posted to the ACCESS website at <https://access.trade.gov>.

### Special Instructions for Petitioners and Foreign Governments

In the *Final Rule*, Commerce stated that, "after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow."<sup>13</sup>

Accordingly, as stated above, the petitioners and foreign governments should submit their initial entry of appearance after publication of this notice in the **Federal Register** in order to appear in the first annual inquiry service list. Pursuant to 19 CFR 351.225(n)(3), the petitioners and foreign governments will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioners and foreign governments are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

### Notification to Interested Parties

This notice constitutes the antidumping duty order with respect to truck and bus tires from Thailand, pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at <https://www.trade.gov/data-visualization/adcvd-proceedings>.

This antidumping duty order is issued and published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: December 11, 2024.

**Abdelali Elouaradia,**

*Deputy Assistant Secretary for Enforcement and Compliance.*

### Appendix

#### Scope of the Order

The scope of the order covers truck and bus tires. Truck and bus tires are new pneumatic tires, of rubber, with a truck or bus size designation. Truck and bus tires covered by the scope may be

tube-type, tubeless, radial, or non-radial (also known as bias construction or bias-ply). Subject tires have, at the time of importation, the symbol "DOT" on the sidewall, certifying that the tire conforms to applicable motor vehicle safety standards. Subject tires may also have one of the following suffixes in their tire size designation, which also appear on the sidewall of the tire:

TR—Identifies tires for service on trucks or buses to differentiate them from similarly sized passenger car and light truck tires; and

HC—Identifies a 17.5 inch rim diameter code for use on low platform trailers.

All tires with a "TR" or "HC" suffix in their size designations are covered by the scope regardless of their intended use.

In addition, all tires that lack one of the above suffix markings are included in the scope, as well as all tires that include any other prefix or suffix in their sidewall markings, are included in the scope, regardless of their intended use, as long as the tire is of a size that fits trucks or busses. Sizes that fit trucks and busses include, but are not limited to, the numerical size designations listed in the "Truck-Bus" section of the Tire and Rim Association Year Book, as updated annually. The scope includes all tires that are of a size that fits trucks or busses, unless the tire falls within one of the specific exclusions set out below.

Truck and bus tires, whether or not mounted on wheels or rims, are included in the scope. However, if a subject tire is imported mounted on a wheel or rim, only the tire is covered by the scope. Subject merchandise includes truck and bus tires produced in the subject country whether mounted on wheels or rims in the subject country or in a third country. Truck and bus tires are covered whether or not they are accompanied by other parts, *e.g.*, a wheel, rim, axle parts, bolts, nuts, *etc.* Truck and bus tires that enter attached to a vehicle are not covered by the scope.

Specifically excluded from the scope are the following types of tires: (1) pneumatic tires, of rubber, that are not new, including recycled and retreaded tires; (2) non-pneumatic tires, such as solid rubber tires; and (3) tires that exhibit each of the following physical characteristics: (a) the designation "MH" is molded into the tire's sidewall as part of the size designation; (b) the tire incorporates a warning, prominently molded on the sidewall, that the tire is for "Mobile Home Use Only;" and (c) the tire is of bias construction (also known as non-radial construction) as

evidenced by the fact that the construction code included in the size designation molded into the tire's sidewall is not the letter "R."

The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 4011.20.1015 and 4011.20.5020. Tires meeting the scope description may also enter under the following HTSUS subheadings:

4011.90.1010, 4011.90.1050, 4011.90.2010, 4011.90.2050, 4011.90.8010, 4011.90.8050, 8708.70.4530, 8708.70.4546, 8708.70.4548, 8708.70.4560, 8708.70.6030, 8708.70.6045, 8708.70.6060, and 8716.90.5059.

While HTSUS subheadings are provided for convenience and for customs purposes, the written description of the subject merchandise is dispositive.

### Notice of Extension of the Deadline for Determining the Adequacy of the Antidumping and Countervailing Duty Petitions: Float Glass Products From the People's Republic of China and Malaysia

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**DATES:** Applicable December 11, 2024.

**FOR FURTHER INFORMATION CONTACT:** Dmitry Vladimirov at (202) 482-0665 or Nathan James at (202) 482-5305 (the People's Republic of China) (China), Jeffrey Pedersen at (202) 482-2769, Mira Warrior at (202) 482-8031, or Benjamin Nathan at (202) 482-3834 (Malaysia), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

### Extension of Initiation of Investigation

#### *The Petitions*

On November 21, 2024, the U.S. Department of Commerce (Commerce) received antidumping and countervailing duty petitions on imports of float glass products from China and Malaysia, filed in proper form on behalf of Vitro Flat Glass, LLC and Vitro Meadville Flat Glass, LLC (the

<sup>13</sup> See *Final Rule*, 86 FR 52335.

petitioner), a domestic producer of float glass products.<sup>1</sup>

#### *Determination of Industry Support for the Petitions*

Sections 702(b)(1) and 732(b)(1) of the Tariff Act of 1930, as amended (the Act), require that a petition be filed by or on behalf of the domestic industry. To determine that the petition has been filed by or on behalf of the industry, sections 702(c)(4)(A) and 732(c)(4)(A) of the Act require that the domestic producers or workers who support the petition account for: (i) at least 25 percent of the total production of the domestic like product; and (ii) more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the petition. Moreover, sections 702(c)(4)(D) and 732(c)(4)(D) of the Act provide that, if the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, Commerce shall: (i) poll the industry or rely on other information in order to determine if there is support for the petition, as required by subparagraph (A); or (ii) if there is a large number of producers, determine industry support using a statistically valid sampling method to poll the industry.

#### *Extension of Time*

Sections 702(c)(1)(A) and 732(c)(1)(A) of the Act provide that within 20 days of the filing of an antidumping or countervailing duty petition, Commerce will determine, *inter alia*, whether the petition has been filed by or on behalf of the U.S. industry producing the domestic like product. Sections 702(c)(1)(B) and 732(c)(1)(B) of the Act provide that the deadline for the initiation determination, in exceptional circumstances, may be extended by 20 days in any case in which Commerce must “poll or otherwise determine support for the petition by the industry.” Because it is not clear from the Petitions whether the industry support criteria have been met, Commerce has determined it would be appropriate in these cases to poll the industry and extend the time period for determining whether to initiate the investigations in order to further examine the issue of industry support.

Commerce will need additional time to gather and analyze additional information regarding industry support.

Therefore, it is necessary to extend the deadline for determining the adequacy of the Petitions for a period not to exceed 40 days from the filing of the Petitions. As a result, in accordance with sections 702(c)(1)(B) and 732(c)(1)(B) of the Act, Commerce’s initiation determination will now be due no later than December 31, 2024.

#### *International Trade Commission Notification*

Commerce will contact the U.S. International Trade Commission (ITC) and will make this extension notice available to the ITC.

Dated: December 11, 2024.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### **Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Coastal and Estuarine Land Conservation Planning, Protection or Restoration**

**AGENCY:** National Oceanic & Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of information collection, request for comment.

**SUMMARY:** The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

**DATES:** To ensure consideration, comments regarding this proposed information collection must be received on or before February 18, 2025.

**ADDRESSES:** Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at [NOAA.PRA@noaa.gov](mailto:NOAA.PRA@noaa.gov). Please reference OMB Control Number 0648–0459 in the subject line of your comments. Do not submit Confidential

Business Information or otherwise sensitive or protected information.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or specific questions related to collection activities should be directed to Elaine Vaudreuil, Program Analyst, NOAA Ocean Service, 1305 East-West Hwy, 202–936–6008, [Elaine.Vaudreuil@noaa.gov](mailto:Elaine.Vaudreuil@noaa.gov).

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Abstract**

NOAA’s Office for Coastal Management requests the extension of a currently approved information collection. NOAA has, or is given, authority under the Coastal Zone Management Act (CZMA), annual appropriations or other authorities, to issue funds to coastal states, localities or other recipients for planning, conservation, acquisition, protection, restoration, or construction projects. The required information enables NOAA to implement the Coastal and Estuarine Land Conservation Program (CZMA section 307A), under its current or future authorization, and facilitate the review of similar projects under different, but related, authorities, including the National Estuarine Research Reserve System (CZMA section 315) Land Acquisition and Construction program, the Coastal Zone Management Program’s low-cost acquisition and construction program (CZMA section 306A), the Fish and Wildlife Coordination Act, or other authorities.

This collection covers the development of state coastal land conservation plans, and collection of information specifically needed for applying for and carrying out land acquisition, restoration and construction projects, such as: appraisals, property surveys and site plans, legal documentation such as deeds, easements and/or plats, and information needed for environmental compliance reviews. Such information is collected from project applicants or sub-recipients, which are typically state or local government agencies, but may also include nongovernmental or Tribal organizations.

The information will be used in evaluating project proposals, reviewing the location and impact of proposed activities, documenting compliance with the National Environmental Policy Act and other applicable statutes, and conducting due diligence on market value, title encumbrances, property boundaries, proper recording of legal instruments. No changes are proposed to the collection.
