#### Notice of Lodging of Proposed Consent Decree Under the Toxic Substances Control Act

On December 13, 2024, the Department of Justice lodged a proposed

consent decree with the United States District Court for the Southern District of New York in the lawsuit entitled *United States, et al. v. Lilmor Management LLC, et al.*, Civil Action No. 24 Civ. 9520.

In this action, the United States seeks injunctive relief pursuant to the Toxic Substances Control Act ("TSCA") and the Residential Lead-Based Paint Hazard Reduction Act of 1992 ("RLBPHRA") against Lilmor Management LLC ("Lilmor"), Morris Lieberman, and 49 limited liability companies for failure to make required disclosures to prospective tenants about lead-based paint in their apartments as required by the Lead Disclosure Rule (24 CFR part 35, subpart A, and 40 CFR part 745, subpart F). As to Lilmor and Lieberman, the United States also seeks injunctive relief under TSCA for failing to comply with safe work practices and related requirements during renovations as required by the Renovation, Repair, and Painting Rule, 40 CFR part 745. The United States seeks further relief on a theory of public nuisance. The State of New York has joined in the suit to assert claims under state law.

The consent decree requires the Defendants to pay a \$3.25 million administrative penalty to the United States under TSCA and the RLBPHRA and to perform injunctive relief set forth in the consent decree, including the abatement of lead-based paint and the remediation of substandard living conditions. In settlement of its claims, New York State has agreed to payment of \$325,000 to a New York City agency and creation of a restitution fund of \$2.925 million. The settlement also provides for the hiring of a third-party housing expert to oversee settlement implementation.

The publication of this notice opens a period for public comment on the consent decree.
