Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information

unless it displays a valid OMB control number. The ICR documentation will be made available at <https://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Title: Military Severely Injured Joint Support Operations Center (MSIJSOC) and Travel Protocol Office (TPO) Programs.

Type of Request: Extension.

OMB Control Number: 1652–0069.

Form(s): TSA Form 412, *Travel Support Request* and TSA Form 417, *Screening Assistance Notification*.

Affected Public: Wounded warriors, severely injured military personnel, foreign dignitaries, accredited Ambassadors to the United States, and other travelers requiring an escort through the airport security screening process.

Abstract: Under the Aviation and Transportation Security Act (ATSA), TSA is responsible for security in all modes of transportation including screening operations for passenger air transportation and for carrying out such other duties relating to the transportation security as it considers appropriate. *See* sec. 101(a) of Pub. L. 107–71 (115 Stat. 597; Nov. 19, 2001), as codified at 49 U.S.C. 114. Under ATSA, TSA established the Travel Protocol Office (TPO) Programs to assist foreign dignitaries, accredited Ambassadors to the United States, and other travelers requiring an escort through the airport security screening process.

The Helping Heroes Fly Act directs TSA to develop and implement a process to support and facilitate the ease of travel and, to the extent possible, provide expedited passenger screening services for severely injured or disabled members of the Armed Forces and severely injured or disabled veterans

through passenger screening. *See* sec. 2 of Public Law 113–27 (127 Stat. 503; Aug. 9, 2013), as amended and codified at 49 U.S.C. 44927. Consistent with these requirements, TSA established the MSIJSOC program to support and facilitate the movement of wounded warriors, severely injured military personnel, and severely injured or disabled veterans.

To implement the MSIJSOC and TPO programs, TSA must collect the passenger's name, flight itinerary (scheduled flight departure and arrival information), and contact information to successfully facilitate movements through the screening process at U.S. airports and its territories. TSA shares this information with airports on the passenger's itinerary to coordinate efforts, synchronize seamless transitions with the affected parties, and protect security operations.

Estimated Number of Respondents: 5,336.

Estimated Annual Burden Hours: 444.7.

Dated: December 16, 2024.

Christina A. Walsh,

*TSA Paperwork Reduction Act Officer,
Information Technology.*

SUPPLEMENTARY INFORMATION:

I. Background

With some exceptions, the Marine
Mammal Protection Act of 1972, as
amended (MMPA; 16 U.S.C. 1361 *et
seq.*), prohibits the take and importation
of marine mammals and marine
mammal products absent Federal
authorization. In carrying out our
responsibilities under the MMPA, we,
the U.S. Fish and Wildlife Service
(FWS), may authorize such activities via
permits after receipt of an application
and verification that MMPA statutory
and regulatory requirements are met.

Section 104(c) of the MMPA specifies
the conditions for authorizing the taking
or importation of a marine mammal for
purposes of scientific research, public
display, photography, or enhancing the
survival or recovery of a species or stock
under the MMPA.

This notice provides information
about two aspects of the MMPA
permitting process: application and
issuance. At section II, we provide the
public with notice of and the
opportunity to comment on applications
that we have received from entities or
individuals to conduct certain activities
with marine mammals for which the
FWS has jurisdiction under the MMPA.
At section III, we announce recently
issued MMPA permits to entities or
individuals in response to prior
applications.

II. Applications Available for Public Review

To help us carry out our conservation
responsibilities for affected species, and
in consideration of section 104(c) of the
MMPA, we invite the public and local,
State, Tribal, and Federal agencies to
comment on the applications listed
below before final action is taken.
Concurrent with publishing this notice
in the **Federal Register**, we are
forwarding copies of these marine
mammal applications to the Marine

Mammal Commission and the
Committee of Scientific Advisors for
their review.

research permit to conduct surveys of
northern sea otters (*Enhydra lutris

of population estimates and allow better
understanding of the temporal and
spatial distribution of otters in the area.
This notification covers activities to be
conducted by the applicant over a 5-
year period.

Applicant: Ben Hamilton, Windfall
Films, San Antonio, TX; Permit No.
PER12101045

B. Public Comment Procedures

1. How Do I Comment on Permit Applications?

You may submit your comments and
materials by one of the methods in

comments sent by email, or to an
address not in **ADDRESSES**. We will not
consider or include in our
administrative record comments that we
receive after the close of the comment
