

Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555; telephone: (301) 415-7469 or at Russell.Chazell@nrc.gov.

SUPPLEMENTARY INFORMATION: In November 1998, the Commission approved amendments to title 10 *Code of Federal Regulations* part 2 that renamed the Licensing Support System Advisory Review Panel as the Licensing Support Network Advisory Review Panel (LSNARP). The Licensing Support Network (LSN) was shut down in 2011 and the document collection was submitted to the Office of the Secretary. The document collection was made publicly available in the NRC's Agencywide Documents Access and Management System in August 2016 and contains over 3.69 million documents associated with the proposed high-level waste facility at Yucca Mountain. Membership on the Panel will continue to be drawn from those whose interests could be affected by the use of the LSN document collection, including the Department of Energy, the NRC, the State of Nevada, the National Congress of American Indians, affected units of local governments in Nevada, the Nevada Nuclear Waste Task Force, and nuclear industry groups. Federal agencies with expertise and experience in electronic information management systems may also participate on the Panel.

The NRC has determined that renewal of the charter for the LSNARP until December 16, 2026, is in the public interest in connection with duties imposed on the Commission by law. This action is being taken in accordance with the Federal Advisory Committee Act after consultation with the Committee Management Secretariat, General Services Administration.

Dated at Rockville, Maryland, this 16th day of December, 2024.

Russell E. Chazell,

Federal Advisory Committee Management Officer, Office of the Secretary.
