

analysis, cognitive and usability laboratory and field techniques, exploratory interviews, behavior coding, and respondent debriefing. Following standard OMB requirements, ERS will inform OMB individually in writing of the purpose, scope, time frame, and number of burden hours used for each survey improvement or development project it undertakes under this generic clearance. ERS will also provide OMB with a copy of the data collection instrument (if applicable), and all other materials describing the project.

**Authority:** These data will be collected under the authority of US Code (U.S.C.) 7 U.S.C. 2204(a) General duties of Secretary, advisory functions, research and development and 7 U.S.C 6971, Under Secretary of Agriculture for Research, Education, and Economics, as implemented under the Code of Federal Regulations (CFR) 7 CFR 2.21 which delegates to the Under Secretary, as Chief Scientist, the responsibility for agricultural systems and technology, including emerging agricultural research, education, and extension needs. The data collected are for nonstatistical purposes and not for public dissemination. ERS intends to protect respondent information under the Privacy Act of 1974, Section 1770 of the Food Security Act of 1985, and 7 U.S.C. 2276.

**Estimate of Burden:** Public reporting burden for these collections of information is estimated to average from .5 to 2 hours per respondent, depending upon the information collection and the technique used to test for that particular collection.

**Respondents:** Individuals or households, farms, and businesses or other for-profits.

**Estimated Number of Annual Respondents:** 1,815.

**Estimated Total Annual Burden on Respondents:** 3,630 hours.

**Comments:** Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of ERS, including whether the information will have practical utility; (b) the accuracy of ERS's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, use, and clarity of the information for respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other

technological collection techniques or other forms of information technology.

## DEPARTMENT OF AGRICULTURE

### Food and Nutrition Service

#### **Agency Information Collection Activities: Proposed Collection; Comment Request—Generic Clearance for the Fast Track Clearance for the Collection of Routine Customer Feedback**

**AGENCY:** Food and Nutrition Service (FNS), USDA.

**ACTION:** Notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this proposed information collection. This collection is an extension, without change, of a currently approved collection to collect qualitative customer and stakeholder feedback in an efficient and timely manner.

**DATES:** Written comments must be received on or before February 18, 2025.

**ADDRESSES:** Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the Agency's functions, including whether the information will have practical utility; (2) the accuracy of the Agency's estimate of the proposed information collection burden, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments may be sent to Jamia Franklin, Planning and Regulatory Affairs Office, Food and Nutrition Service, U.S. Department of Agriculture, 1320 Braddock Place, 5th floor, Alexandria, VA 22314. Comments may also be sent via email to [Jamia.Franklin@usda.gov](mailto:Jamia.Franklin@usda.gov) and. Comments will also be accepted through the Federal eRulemaking Portal. Go to <https://www.regulations.gov> and follow the online instructions for submitting comments electronically.

All responses to this notice will be summarized and included in the request for Office of Management and Budget (OMB) approval. All comments will also become a matter of public record.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of this information collection should be directed to Jamia Franklin at (703) 305–2403 or via email at [Jamia.Franklin@usda.gov](mailto:Jamia.Franklin@usda.gov).

#### **SUPPLEMENTARY INFORMATION:**

**Title:** FNS Generic Clearance for the FNS Fast Track Clearance for the Collection of Routine Customer Feedback.

**OMB Number:** 0584–0611.

**Expiration Date:** November 30, 2025.

**Type of Request:** Extension, without change, of a currently approved information collection request.

**Abstract:** The proposed information collection activity provides a means to garner qualitative customer and stakeholder feedback in an efficient and timely manner. By “qualitative feedback,” we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys yielding quantitative results that can be generalized to the population. This feedback will continue to: (1) provide insights into customer or stakeholder perceptions, experiences and expectations, (2) provide an early warning of issues with service and, (3) focus attention on areas where communication, training or changes in operations might improve delivery of products or services. This collection allows for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It also allows feedback to contribute directly to the improvement of program management.

The solicitation of feedback targets areas such as: timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses are assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

The Agency will continue to only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per

respondent) and are low-cost for both the respondents and the Federal Government;

- The collections do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency;
- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and
- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data usage require more rigorous designs that address: the target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results. As a general matter,

information collections do not result in any new system of records containing privacy information and does not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

A variety of instruments and platforms are used to collect information from respondents. This includes but is not limited to customer feedback surveys, comment cards, and focus groups obtaining customer feedback on a variety of Food and Nutrition Service (FNS) programs or portions thereof including the Child Nutrition (CN) program, the Supplemental Nutrition Assistance Program (SNAP), Food Distribution Programs, nutrition policy and promotion, and the Special Supplemental Nutrition Program for Women, Infants and Children and any associated challenges in implementing programs or subsets of programs. The annual burden hours requested (85,000) are based on the number of collections we expect to conduct over the requested period for this clearance.

**ESTIMATED ANNUAL REPORTING BURDEN**

Type of collection	Number of respondents	Annual frequency per response	Responses	Hours per response	Total hours
Customer Feedback Surveys .....	25,000	2	50,000	1	50,000
Comment Cards .....	7,500	2	15,000	1	15,000
Focus Groups .....	10,000	2	20,000	1	20,000
Total .....	42,500	2	85,000	1	85,000

**Annual Reporting Burden Estimates**

*Affected Public:* Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.

*Estimated Number of Respondents:* 42,500.

*Estimated Number of Responses per Respondent:* 2.

*Estimated Annual Responses:* 85,000.

*Estimated Time per Response:* 1.

*Burden Hours:* 85,000.

**Forest Service**

**Information Collection; Qualified Products List for Wildland Fire Chemicals**

**AGENCY:** Forest Service, Agriculture (USDA).

**ACTION:** Notice; request for comment.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, the Forest Service is requesting comment on reapproval or reinstatement without revision of an approved Information Collection Request (ICR), 0596-0182, Qualified Products List for Wildland Fire Chemicals.

**DATES:** Comments on reapproval or reinstatement of the ICR must be received in writing by February 18, 2025.

**ADDRESSES:** Comments may be sent to Michael McFarlane, Fire Chemicals Branch Chief, USDA Forest Service,

National Interagency Fire Center, 3833 South Development Avenue, Mail Stop 1100, Boise, ID 83705, or by email at *michael.mcfarlane@usda.gov*.

Comments submitted in response to this notice will be available to the public through the relevant website and upon request. Therefore, do not include confidential information, such as sensitive personal or proprietary information. Email addresses associated with comments will be included as part of the comment that is made publicly available online.

The public may inspect the supporting documents for the ICR and comments received at the National Interagency Fire Center, located in the Jack Wilson Building, 3833 South Development Avenue, Boise, Idaho, on business days between 8:30 a.m. and 4 p.m. Visitors are encouraged to call ahead at (208) 387-5512 to facilitate entry into the building. The public may request an electronic copy of the supporting documents via email.
