

not believe such a burden would be significant because the fees would be charged equally to all Participants that utilize the applicable Settlement Services and would merely reflect the Participants' related activity at DTC. Regardless, DTC believes any burden would be necessary and appropriate in furtherance of the purposes of the Act, as permitted by Section 17A(b)(3)(I) of the Act.³⁰

DTC believes any such burden would be necessary because the proposed fee increases would better align the fees with DTC's associated costs, helping DTC to achieve and maintain its net income margin. Meanwhile, DTC also believes that any such burden would be appropriate because the fees would continue to be equitably and reasonably allocated among all Participants, as described above.

Federal Transit Administration

[Docket No. FTA-2024-0018]

Notice of Proposed Buy America Waiver for Battery Electric Minibuses and Request for Comment

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice of proposed Buy America waiver and request for comment.

SUMMARY: The Federal Transit Administration (FTA) has received multiple requests for a Buy America waiver for battery electric minibuses based on the non-availability of Buy America-compliant vehicles. FTA is proposing a general non-availability waiver of limited duration for vehicles in this class that meet certain criteria. FTA seeks public and industry comment on whether FTA should grant the waiver or a modified version of the waiver.

DATES: Comments must be received by January 6, 2025. Late-filed comments will be considered only to the extent practicable.

ADDRESSES: Please submit all comments electronically to the Federal eRulemaking Portal. Go to <https://www.regulations.gov> and follow the instructions for submitting comments.

Instructions: All submissions must refer to the Federal Transit Administration and the docket number

of this notice. Note that all submissions received, including any personal information provided, will be posted without change and will be available to the public on <https://www.regulations.gov>. You may review DOT's complete Privacy Act Statement in the **Federal Register** published April 11, 2000 (65 FR 19477), or at <https://www.transportation.gov/privacy>.

FOR FURTHER INFORMATION CONTACT: Jason Pollock, FTA Attorney-Advisor, at (202) 923-6403 or Jason.Pollock@dot.gov.

SUPPLEMENTARY INFORMATION: The purpose of this notice is to seek public comment on whether FTA should grant a non-availability waiver for the procurement of battery electric minibuses.

Background

Under FTA's Buy America statute, FTA may obligate funds for a project to procure rolling stock only if the cost of components and subcomponents produced in the United States is more than 70 percent of the cost of all components of the rolling stock, and final assembly of the rolling stock occurs in the United States. 49 U.S.C. 5323(j)(2)(C). A manufacturer of rolling stock must submit to pre-award and post-delivery audits and independent inspections to verify its compliance with Buy America. 49 U.S.C. 5323(m).

FTA may waive Buy America for an item, among other reasons, if a compliant version is not produced in a sufficient and reasonably available amount or is not of a satisfactory quality. 49 U.S.C. 5323(j)(2)(B) ("non-availability waiver"). FTA cannot deny a request for a non-availability waiver unless FTA can provide the waiver applicant with a written certification that asserts the item is produced in the United States in a sufficient and reasonably available amount; the item produced in the United States is of a satisfactory quality; and includes a list of known manufacturers in the United States from which the item can be obtained. 49 U.S.C. 5323(j)(6).

In 2023, FTA received 3 applications on behalf of 16 transit operators for non-availability waivers to purchase the Karsan e-Jest battery electric minibus. The 3 applicants are the Heart of Iowa Regional Transit Authority on behalf of 10 transit agencies in California, Iowa, and Washington; the Greater Attleboro Taunton Regional Transit Authority in Massachusetts on behalf of 5 transit agencies in Massachusetts; and Alabama A&M University. Combined, the 3 applications seek a minimum order of
