

accommodation to individuals with disabilities where appropriate. If you are a person requiring reasonable accommodation, please make requests in advance for sign language interpretation, assistive listening devices, or other reasonable accommodation to the person listed under the **FOR FURTHER INFORMATION CONTACT** section or contact USDA's TARGET Center at (202) 720-2600 (voice and TTY) or USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Equal opportunity practices in accordance with USDA's policies will be followed in all appointments to the committee. To ensure that the recommendations of the committee have taken into account the needs of the diverse groups served by the USDA, membership shall include, to the extent practicable, individuals with demonstrated ability to represent the many communities, identities, races, ethnicities, backgrounds, abilities, cultures, and beliefs of the American people, including underserved communities. USDA is an equal opportunity provider, employer, and lender.

Dated: December 16, 2024.

Cikena Reid,

USDA Committee Management Officer.

BILLING CODE 3411-15-P

COMMISSION ON CIVIL RIGHTS

Notice of Public Meeting of the Ohio Advisory Committee to the U.S. Commission on Civil Rights

AGENCY: U.S. Commission on Civil Rights.

ACTION: Notice of virtual business meeting.

SUMMARY: Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission

on Civil Rights (Commission) and the Federal Advisory Committee Act, that the Ohio Advisory Committee (Committee) to the U.S. Commission on Civil Rights will hold a public meeting via Zoom. The purpose of this meeting is to discuss civil rights topics for future study.

DATES: Tuesday, January 28, 2024, from 11 a.m. to 12 p.m. eastern time.

ADDRESSES: This meeting will be held via Zoom.

Registration Link (Audio/Visual):

<https://tinyurl.com/336etc2w>

Join by Phone (Audio Only): 1-833-435-1820 USA Toll Free; Webinar ID: 160 514 4821 #

FOR FURTHER INFORMATION CONTACT:

Melissa Wojnaroski, Designated Federal Officer, at mwojnaroski@usccr.gov or 1-202-618-4158.

SUPPLEMENTARY INFORMATION: This Committee meeting is available to the public through the registration link above. Any interested members of the public may attend this meeting. An open comment period will be provided to allow members of the public to make oral statements as time allows. Pursuant to the Federal Advisory Committee Act, public minutes of the meeting will include a list of persons who are present at the meeting. If joining via phone, callers can expect to incur regular charges for calls they initiate over wireless lines, according to their wireless plan. The Commission will not refund any incurred charges. Callers will incur no charge for calls they initiate over land-line connections to the toll-free telephone number. Closed captioning is available by selecting "CC" in the meeting platform. To request additional accommodations, please email svillanueva@usccr.gov at least 10 business days prior to each meeting.

Members of the public are entitled to submit written comments; the comments must be received in the regional office within 30 days following the scheduled meeting. Written comments may be emailed to Sarah Villanueva at svillanueva@usccr.gov. Persons who desire additional information may contact the Regional Programs Coordination Unit at 1-202-618-4158.

Records generated from these meetings may be inspected and reproduced at the Regional Programs Coordination Unit Office, as they become available, both before and after each meeting. Records of the meetings will be available via the file sharing website, <https://bit.ly/4g3IB4K>. Persons interested in the work of this Committee are directed to the Commission's

website, <http://www.usccr.gov>, or may contact the Regional Programs Coordination Unit at svillanueva@usccr.gov.

Agenda

- I. Welcome and Roll Call
- II. Approval of Minutes
- III. Announcements and Updates
- IV. Project Concepts
- V. Next Steps
- VI. Public Comment
- VII. Adjournment

Dated: December 16, 2024.

David Mussatt,

Supervisory Chief, Regional Programs Unit.

International Trade Administration

[A-583-831]

Stainless Steel Sheet and Strip in Coils From Taiwan: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2022-2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that the producers/exporters subject to this administrative review made sales of subject merchandise at prices less than normal value during the period of review (POR), July 1, 2022, through June 30, 2023. Additionally, Commerce determines that two companies for which we initiated a review had no shipments during the POR.

DATES: Applicable December 20, 2024.

FOR FURTHER INFORMATION CONTACT: Genevieve Coen, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3251.

SUPPLEMENTARY INFORMATION:

Background

On August 16, 2024, Commerce published in the **Federal Register** the preliminary results of the 2022-2023 administrative review¹ of the antidumping duty order on stainless

¹ See *Stainless Steel Sheet and Strip in Coils from Taiwan: Preliminary Results, Preliminary Determination of No Shipments, and Rescission, in Part, of Antidumping Administrative Review; 2022-2023*, 89 FR 66683 (August 16, 2024) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum (PDM).

steel sheet and strip in coils from Taiwan.² We invited interested parties to comment on the *Preliminary Results*.³ On September 16, 2024, domestic interested parties⁴ submitted a case brief.⁵ On December 9, 2024, Commerce tolled the deadline to issue the final results in this administrative review by 90 days.⁶ Accordingly, the deadline for these final results is now March 14, 2025.

Seven producers and/or exporters of the subject merchandise remain subject to this review. Commerce selected two companies, Tung Mung Development Co Ltd. (Tung Mung) and Yieh Trading Corporation (Yieh Corporation) for individual examination.⁷ Two companies reported having no shipments during the POR, *see* “Determination of No Shipments” section below.⁸ The remaining producers and/or exporters not selected for individual examination are listed in the “Final Results of the Review” section of this notice.

The domestic interested parties did not argue for any changes from the *Preliminary Results*. Because Commerce received no comments requiring changes to the *Preliminary Results*, we have not modified our analysis and no decision memorandum accompanies this **Federal Register** notice. Accordingly, the final results are unchanged from the *Preliminary Results*, and we are adopting the *Preliminary Results* as the final results of this review. Commerce conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The merchandise subject to the *Order* is certain stainless steel sheet and strip in coils. For a complete description of

the scope, *see* the appendix to this notice.

Determination of No Shipments

As noted in the *Preliminary Results*, we received no-shipment claims from YUSCO and Tung Mung. In the *Preliminary Results*, we preliminary determined that YUSCO and Tung Mung made no shipments of subject merchandise to the United States during the POR. We received no comments from interested parties with respect to this claim. Therefore, because the record indicates that these companies did not export subject merchandise to the United States during the POR, we continue to find that that they had no reviewable transactions during the POR. Accordingly, consistent with Commerce’s practice, we intend to instruct U.S. Customs and Border Protection (CBP) to liquidate any existing entries of merchandise produced or exported by YUSCO and Tung Mung at the rate for the intermediate reseller, if available, or at the all-others rate.⁹

Rate for Non-Selected Companies

The Act and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a less-than-fair-value (LTFV) investigation, for guidance when calculating the weighted-average dumping margin for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding rates that are zero, *de minimis* (*i.e.*, less than 0.5 percent), or determined entirely on the basis of facts available.

For the final results, Commerce based the weighted-average dumping margin for Yieh Corporation, a mandatory respondent in this review, entirely on facts otherwise available with adverse inferences (AFA). Further, we found that the mandatory respondent’s total

AFA dumping margin of 21.10 percent is reasonably reflective of the non-selected companies’ potential dumping margins during the POR.¹⁰ Therefore, we are assigning the margin of 21.10 percent to the four companies not individually examined.

Final Results of Review

We assigned the following weighted-average dumping margins for the companies listed below for the period July 1, 2022, through June 30, 2023:

Exporter or producer	Weighted-average dumping margin (percent)
Yieh Trading Corporation	21.10
Review-Specific Average Rate Applicable to the Following Companies:	
Chia Far Industrial Factory Co., Ltd	21.10
Ta Chen Stainless Pipe Company Ltd	21.10
Tang Eng Iron Works Company, Ltd	21.10
Yu Ting Industries Co., Ltd	21.10

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of the final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes from the *Preliminary Results*, there are no new calculations to disclose in accordance with 19 CFR 351.224(b) for these final results.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce has determined, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.

For the final results, we will instruct CBP to apply an *ad valorem* assessment rate equal to the dumping margins shown above to all entries of subject merchandise during the POR which were produced and/or exported by Yieh Corporation. For the companies that were not selected for individual examination, we will instruct CBP to assess antidumping duties at the assessment rate assigned to the companies, based on the methodology described in the “Rate for Non-Selected Companies” section, above.

¹⁰ See *Preliminary Results* PDM.

² See *Notice of Antidumping Duty Order; Stainless Steel Sheet and Strip in Coils from United Kingdom, Taiwan, and South Korea*, 64 FR 40555 (July 27, 1999) (*Order*).

³ See *Preliminary Results*, 89 FR 66683.

⁴ The domestic interested parties are North American Stainless and Outokumpu Stainless USA LLC (collectively, Domestic Interested Parties).

⁵ See Domestic Interested Parties’ Letter, “Case Brief Submitted on Behalf of Domestic Interested Parties,” dated September 16, 2024 (Domestic Interested Parties’ Case Brief).

⁶ See Memorandum, “Tolling of Deadlines for Antidumping and Countervailing Duty Proceedings,” dated December 9, 2024.

⁷ See Memorandum, “Respondent Selection,” dated March 4, 2024.

⁸ See Yieh United Steel Corporation’s (YUSCO) Letter, “No Shipment Certification,” dated October 11, 2023 (YUSCO No Shipment Certification); *see also* Tung Mung’s Letters, “Aluminum Extrusions from China {sic},” dated April 1, 2024; “Stainless Steel Sheet and Strip in Coils (SSSSC) from Taiwan,” dated April 17, 2024.

⁹ See, e.g., *Magnesium Metal from the Russian Federation: Preliminary Results of Antidumping Duty Administrative Review*, 75 FR 26922, 26923 (May 13, 2010), unchanged in *Magnesium Metal from the Russian Federation: Final Results of Antidumping Duty Administrative Review*, 75 FR 56989 (September 17, 2010).

As indicated above, for YUSCO and Tung Mung, we will instruct CBP to liquidate any existing entries of merchandise produced by these companies, but exported by other parties, at the rate for the intermediate reseller, if available, or at the all-others rate.

Commerce intends to issue appropriate assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).¹¹

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for each company listed above will be that established in the final results of this review; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment of this proceeding in which the company was reviewed; (3) if the exporter is not a firm covered in this review, or a previous segment, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 12.61 percent, the all-others rate established in the less-than-fair-value investigation.¹² These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could

result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5)

Dated: December 13, 2024.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

Appendix

The merchandise subject to the *Order* are certain stainless steel sheet and strip in coils. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements. The subject sheet and strip is a flat-rolled product in coils that is greater than 9.5 mm in width and less than 4.75 mm in thickness, and that is annealed or otherwise heat treated and pickled or otherwise descaled. The subject sheet and strip may also be further processed (*e.g.*, cold-rolled, polished, aluminized, coated, etc.) provided that it maintains the specific dimensions of sheet and strip following such processing.

The products subject to the *Order* are classified in the Harmonized Tariff Schedule of the United States (HTSUS) statistical reporting numbers 7219.13.00.31, 7219.13.00.51, 7219.13.00.71, 7219.13.00.81, 7219.14.00.30, 7219.14.00.65, 7219.14.00.90, 7219.32.00.05, 7219.32.00.20, 7219.32.00.25, 7219.32.00.35, 7219.32.00.36, 7219.32.00.38, 7219.32.00.42, 7219.32.00.44, 7219.33.00.05, 7219.33.00.20, 7219.33.00.25, 7219.33.00.35, 7219.33.00.36, 7219.33.00.38, 7219.33.00.42, 7219.33.00.44, 7219.34.00.05, 7219.34.00.20, 7219.34.00.25, 7219.34.00.30, 7219.34.00.35, 7219.35.00.05, 7219.35.00.15, 7219.35.00.30, 7219.35.00.35, 7219.90.00.10, 7219.90.00.20, 7219.90.00.25, 7219.90.00.60, 7219.90.00.80, 7220.12.10.00, 7220.12.50.00, 7220.20.10.10, 7220.20.10.15, 7220.20.10.60, 7220.20.10.80, 7220.20.60.05, 7220.20.60.10, 7220.20.60.15, 7220.20.60.60, 7220.20.60.80, 7220.20.70.05, 7220.20.70.10, 7220.20.70.15, 7220.20.70.60, 7220.20.70.80, 7220.20.80.00, 7220.20.90.30,

7220.20.90.60, 7220.90.00.10, 7220.90.00.15, 7220.90.00.60, and 7220.90.00.80. Although the HTS subheadings are provided for convenience and Customs purposes, Commerce's written description of the merchandise is dispositive.

Excluded from the scope of the *Order* are the following: (1) sheet and strip that is not annealed or otherwise heat treated and pickled or otherwise descaled, (2) sheet and strip that is cut to length, (3) plate (*i.e.*, flat-rolled stainless steel products of a thickness of 4.75 mm or more), (4) flat wire (*i.e.*, cold-rolled sections, with a prepared edge, rectangular in shape, of a width of not more than 9.5 mm), and (5) razor blade steel. Razor blade steel is a flat-rolled product of stainless steel, not further worked than cold-rolled (cold-reduced), in coils, of a width of not more than 23 mm and a thickness of 0.266 mm or less, containing, by weight, 12.5 to 14.5 percent chromium, and certified at the time of entry to be used in the manufacture of razor blades. See Chapter 72 of the HTSUS, "Additional U.S. Note" 1(d).

Also excluded from the scope of the *Order* are certain specialty stainless steel products described below. Flapper valve steel is defined as stainless steel strip in coils containing, by weight, between 0.37 and 0.43 percent carbon, between 1.15 and 1.35 percent molybdenum, and between 0.20 and 0.80 percent manganese. This steel also contains, by weight, phosphorus of 0.025 percent or less, silicon of between 0.20 and 0.50 percent, and sulfur of 0.020 percent or less. The product is manufactured by means of vacuum arc remelting, with inclusion controls for sulphide of no more than 0.04 percent and for oxide of no more than 0.05 percent. Flapper valve steel has a tensile strength of between 210 and 300 ksi, yield strength of between 170 and 270 ksi, plus or minus 8 ksi, and a hardness (Hv) of between 460 and 590. Flapper valve steel is most commonly used to produce specialty flapper valves in compressors.

Also excluded is a product referred to as suspension foil, a specialty steel product used in the manufacture of suspension assemblies for computer disk drives. Suspension foil is described as 302/304 grade or 202 grade stainless steel of a thickness between 14 and 127 microns, with a thickness tolerance of plus-or-minus 2.01 microns, and surface glossiness of 200 to 700 percent Gs. Suspension foil must be supplied in coil widths of not more than 407 mm, and with a mass of 225 kg or less. Roll marks may only be visible on one side, with no scratches of measurable depth. The material must exhibit residual stresses of 2 mm maximum deflection, and flatness of 1.6 mm over 685 mm length.

Certain stainless steel foil for automotive catalytic converters is also excluded from the scope of the *Order*. This stainless steel strip in coils is a specialty foil with a thickness of between 20 and 110 microns used to produce a metallic substrate with a honeycomb structure for use in automotive catalytic converters. The steel contains, by weight, carbon of no more than 0.030 percent, silicon of no more than 1.0 percent, manganese of no more than 1.0 percent, chromium of between 19 and 22 percent, aluminum of no less than

¹¹ See *Notice of Discontinuation of Policy to Issue Liquidation Instructions After 15 Days in Applicable Antidumping and Countervailing Duty Administrative Proceedings*, 86 FR 3995 (January 15, 2021).

¹² See *Order*.

5.0 percent, phosphorus of no more than 0.045 percent, sulfur of no more than 0.03 percent, lanthanum of less than 0.002 or greater than 0.05 percent, and total rare earth elements of more than 0.06 percent, with the balance iron.

Permanent magnet iron-chromium-cobalt alloy stainless strip is also excluded from the scope of the *Order*. This ductile stainless steel strip contains, by weight, 26 to 30 percent chromium, and 7 to 10 percent cobalt, with the remainder of iron, in widths 228.6 mm or less, and a thickness between 0.127 and 1.270 mm. It exhibits magnetic remanence between 9,000 and 12,000 gauss, and a coercivity of between 50 and 300 oersteds. This product is most commonly used in electronic sensors and is currently available under proprietary trade names such as “Arnokrome III.”¹³

Certain electrical resistance alloy steel is also excluded from the scope of the *Order*. This product is defined as a non-magnetic stainless steel manufactured to American Society of Testing and Materials (ASTM) specification B344 and containing, by weight, 36 percent nickel, 18 percent chromium, and 46 percent iron, and is most notable for its resistance to high temperature corrosion. It has a melting point of 1390 degrees Celsius and displays a creep rupture limit of 4 kilograms per square millimeter at 1000 degrees Celsius. This steel is most commonly used in the production of heating ribbons for circuit breakers and industrial furnaces, and in rheostats for railway locomotives. The product is currently available under proprietary trade names such as “Gilphy 36.”¹⁴

Certain martensitic precipitation-hardenable stainless steel is also excluded from the scope of the *Order*. This high-strength, ductile stainless steel product is designated under the Unified Numbering System (UNS) as S45500-grade steel, and contains, by weight, 11 to 13 percent chromium, and 7 to 10 percent nickel. Carbon, manganese, silicon and molybdenum each comprise, by weight, 0.05 percent or less, with phosphorus and sulfur each comprising, by weight, 0.03 percent or less. This steel has copper, niobium, and titanium added to achieve aging, and will exhibit yield strengths as high as 1700 Mpa and ultimate tensile strengths as high as 1750 Mpa after aging, with elongation percentages of 3 percent or less in 50 mm. It is generally provided in thicknesses between 0.635 and 0.787 mm, and in widths of 25.4 mm. This product is most commonly used in the manufacture of television tubes and is currently available under proprietary trade names such as “Durphynox 17.”¹⁵

Finally, three specialty stainless steels typically used in certain industrial blades and surgical and medical instruments are also excluded from the scope of the *Order*. These include stainless steel strip in coils used in the production of textile cutting tools (e.g., carpet knives).¹⁶ This steel is similar to

AISI grade 420 but containing, by weight, 0.5 to 0.7 percent of molybdenum. The steel also contains, by weight, carbon of between 1.0 and 1.1 percent, sulfur of 0.020 percent or less, and includes between 0.20 and 0.30 percent copper and between 0.20 and 0.50 percent cobalt. This steel is sold under proprietary names such as “GIN4 Mo.” The second excluded stainless steel strip in coils is similar to AISI 420–J2 and contains, by weight, carbon of between 0.62 and 0.70 percent, silicon of between 0.20 and 0.50 percent, manganese of between 0.45 and 0.80 percent, phosphorus of no more than 0.025 percent and sulfur of no more than 0.020 percent. This steel has a carbide density on average of 100 carbide particles per 100 square microns. An example of this product is “GIN5” steel. The third specialty steel has a chemical composition similar to AISI 420 F, with carbon of between 0.37 and 0.43 percent, molybdenum of between 1.15 and 1.35 percent, but lower manganese of between 0.20 and 0.80 percent, phosphorus of no more than 0.025 percent, silicon of between 0.20 and 0.50 percent, and sulfur of no more than 0.020 percent. This product is supplied with a hardness of more than Hv 500 guaranteed after customer processing, and is supplied as, for example, “GIN6.”¹⁷

Certain Tungsten Shot From the People’s Republic of China: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that countervailable subsidies are being provided to producers and exporters of certain tungsten shot (tungsten shot) from the People’s Republic of China (China). The period of investigation is January 1, 2023, through December 31, 2023. Interested parties are invited to comment on this preliminary determination.

DATES: Applicable December 20, 2024.

FOR FURTHER INFORMATION CONTACT: Samuel Evans, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2420.

SUPPLEMENTARY INFORMATION:

Background

This preliminary determination is issued in accordance with section 703(b) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this investigation on August 13, 2024.¹ On September 26, 2024, Commerce postponed the preliminary determination of this investigation until December 16, 2024.²

For a complete description of the events that followed the initiation of this investigation, see the Preliminary Decision Memorandum.³ A list of topics discussed in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The product covered by this investigation is tungsten shot from China. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce’s regulations,⁴ the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (i.e., scope).⁵ No interested party commented on the scope of the investigation as it appeared in the *Initiation Notice*.

Methodology

Commerce is conducting this investigation in accordance with section

¹ See *Certain Tungsten Shot from the People’s Republic of China: Initiation of Countervailing Duty Investigation*, 89 FR 65852 (August 13, 2024) (*Initiation Notice*).

² See *Certain Tungsten Shot from the People’s Republic of China: Postponement of Preliminary Determination in the Countervailing Duty Investigation*, 89 FR 78848 (September 26, 2024).

³ See Memorandum, “Decision Memorandum for the Preliminary Affirmative Determination of Certain Tungsten Shot from the People’s Republic of China,” dated concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).
