BILLING CODE 4210-67-P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-7092-N-42]

Privacy Act of 1974; System of Records

AGENCY: Office of Public and Indian Housing, HUD.

ACTION: Notice of a modified system of records.

SUMMARY: The Enterprise Income Verification System (EIV) is used to verify program participants/tenants, reported income, identify unreported income sources and/or amounts and identify substantial annual income discrepancies amongst households that receive HUD provided rental assistance through programs administered by HUD's Office of Public and Indian Housing and Office of Housing Multifamily program. Under the Privacy Act of 1974, the Department of Housing and Urban Development, the Office of Public and Indian Housing proposes to update the system of records titled EIV. The EIV System has been modified replacing the Income Discrepancy Report with the Income Validation Tool built on the MicroStrategy platform.

DATES: Comments will be accepted on or before January 27, 2025. This proposed action will be effective on the date following the end of the comment period unless comments are received which result in a contrary determination.

ADDRESSES: You may submit comments, identified by docket number or by one of the following methods:

SUPPLEMENTARY INFORMATION: The EIV System is used to verify program participants/tenants, reported income, identify unreported income sources and/or amounts and identify substantial annual income discrepancies amongst households that receive HUD provided rental assistance through programs administered by HUD's Office of Public and Indian Housing and Office of Housing's Multifamily Housing Programs. The EIV System has been modified replacing the Income Discrepancy Report with the Income Validation Tool built on the MicroStrategy platform. This change was necessary to address OIG Audit #2014-FO-0004, Compliance with the Improper Payments and Elimination Recovery Act of 2010, findings and recommendations related to improper payments and the identification of tenant unreported and/or underreported income during mandatory reexaminations of family composition and income. The intended effect of this change is to eliminate false positives within EIV's Income Discrepancy Report which was estimated at approximately 50% of all income discrepancies, and to allow HUD to make better decisions for determination of rental subsidy and the degree of improper payments in HUD rental subsidy programs. Further, the IVT provides projections of discrepant income enabling users to analyze in detail, income, wage, and social security benefit information for a specific household and/or household member(s), detailing all captured income sources and dates of employment.
