Revisions to Civil Penalty Amounts, 2025**AGENCY:** Department of Transportation (DOT or the Department).**ACTION:** Final rule.**SUMMARY:** This final rule provides the statutorily prescribed 2025 adjustment to civil penalty amounts that may be imposed for violations of certain DOT regulations.**DATES:** This rule is effective December 30, 2024.**FOR FURTHER INFORMATION CONTACT:** Elizabeth Kohl, Attorney-Advisor, Office of the General Counsel, U.S. Department of Transportation, 1200 New Jersey Ave. SE, Washington, DC 20590, 202–366–7253; elizabeth.kohl@dot.gov.**SUPPLEMENTARY INFORMATION:****Authority for This Rulemaking**

This rule implements the Federal Civil Penalties Inflation Adjustment Act of 1990 (FCPIAA), Public Law 101–410, as amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (2015 Act), Public Law 114–74, 129 Stat. 599, codified at 28 U.S.C. 2461 note. The FCPIAA and the 2015 Act require Federal agencies to adjust minimum and maximum civil penalty amounts to preserve their deterrent impact. The 2015 Act amended the formula and frequency of the adjustments. It required an initial catch-up adjustment in the form of an interim final rule, followed by annual adjustments of civil penalty amounts using a statutorily mandated formula. Section 4(b)(2) of the 2015 Act specifically directs that the annual adjustment be accomplished through final rule without notice and comment. This rule is effective immediately.

The Department's authorities over the specific civil penalty regulations being amended by this rule are provided in the preamble discussion below.

I. Background

On November 2, 2015, the President signed into law the 2015 Act, which amended the FCPIAA, to improve the effectiveness of civil monetary penalties and to maintain their deterrent effect. The 2015 Act requires Federal agencies to: (1) adjust the level of civil monetary penalties with an initial “catch-up” adjustment through an interim final rule (IFR); and (2) make subsequent annual adjustments.

The 2015 Act directed the Office of Management and Budget (OMB) to issue guidance on implementing the required annual adjustment no later than December 15 of each year.¹ OMB released this required guidance in OMB Memorandum M–25–02, available at <https://www.whitehouse.gov/omb/information-for-agencies/memoranda/>, which provides instructions on how to calculate the 2025 annual adjustment. To derive the 2025 adjustment, the Department must multiply the maximum or minimum penalty amount by the percent change between the October 2024 Consumer Price Index for All Urban Consumers (CPI–U) and the October 2023 CPI–U. In this case, as explained in OMB Memorandum M–25–02, the percent change between the October 2024 CPI–U and the October 2023 CPI–U is 1.02598.²

¹ 28 U.S.C. 2461 note.

² Agencies may calculate the percent change using the CPI–U numbers, which are typically issued in November each year, and confirm their

On May 16, 2024, the President signed the FAA Reauthorization Act of 2024 (2024 Reauthorization Act) (Pub. L. 118–63) into law. Updates to the Department's civil penalties authority in the 2024 Reauthorization Act are reflected, as appropriate, in this final rule.

II. Issuance of a Final Rule

This final rule is being published without notice and comment and with an immediate effective date. The 2015 Act provides clear direction for how to adjust the civil penalties, and clearly states at section 4(b)(2) that this adjustment shall be made “notwithstanding section 553 of title 5, United States Code.” By operation of the 2015 Act, DOT must publish an annual adjustment by January 15 of every year, and the new levels take effect upon publication of the rule. Accordingly, DOT is publishing this final rule without prior notice and comment, and with an immediate effective date.

III. Discussion of the Final Rule

In 2016, OST and DOT's operating administrations with civil monetary penalties promulgated the “catch up” IFR required by the 2015 Act. All DOT operating administrations have finalized their “catch up” IFRs, and this rule makes the annual adjustment required by the 2015 Act.

The Department emphasizes that this rule adjusts penalties prospectively, and therefore the penalty adjustments made by this rule will apply only to violations that take place after this rule becomes effective. This rule also does not change previously assessed or enforced penalties that DOT is actively collecting or has collected.

A. Office of the Secretary (OST) 2025 Adjustments

OST's 2025 civil penalty adjustments are summarized in the chart below. Pursuant to section 507 of the 2024 Reauthorization Act, the Department increased the maximum civil penalty in 49 U.S.C. 46301(a)(1) to \$75,000 for persons who are not individuals or small business concerns.³ The maximum penalty for individuals and small business concerns was not

calculations upon issuance of the annual OMB guidance.

³ The 2015 Act specifies that if a civil penalty is increased by an amount greater than the amount of the required adjustment during the 12-month period preceding the required adjustment, the Secretary is not required to make the adjustment for that year. Consistent with this provision, the \$75,000 amount will not be increased in this 2025 adjustment.

changed by the 2024 Reauthorization Act.

Also, subsection 542(a) of the 2024 Reauthorization Act requires DOT to issue a notice of proposed rulemaking to develop requirements for minimum training standards related to stowing on an aircraft wheelchairs and scooters used by passengers with disabilities. Subsections (b) and (c) specify requirements of the rule and considerations that the Department must make in conducting the rulemaking. Subsection (d) requires issuance of a final rule, and subsection (e) authorizes DOT to assess a civil

penalty in accordance with 49 U.S.C. 46301 against any air carrier or foreign air carrier who does not meet the requirements established in the rulemaking. In addition, subsection 543(a) of the 2024 Reauthorization Act requires DOT to issue a notice of proposed rulemaking to develop requirements for minimum training standards for airline personnel or contractors who assist wheelchair users who board or deplane using an aisle chair or other boarding device. Subsections (b) and (c) specify requirements of the rule and

considerations that the Department must make in conducting the rulemaking. Subsection (d) requires issuance of a final rule, and subsection (e) authorizes DOT to assess a civil penalty in accordance with 49 U.S.C. 46301 against any air carrier or foreign air carrier who does not meet the requirements established in the rulemaking. DOT will conduct the rulemakings as required by the 2024 Reauthorization Act. Any penalties would subsequently be included and updated in the Department's annual civil penalties update rulemaking.

FMCSA’s civil penalties affected by this rule are all located in appendices A and B to 49 CFR part 386. The 2025 adjustments to these civil penalties are

summarized in the chart below. Note that in the regulatory text for the 2023 update, the penalty for violations of Appendix A IV (i) Out-of-service order (conducting operations during suspension or revocation for failure to pay penalties) and the penalty for Appendix B (a)(3) Non-recordkeeping

violations were incorrectly stated as \$18,758. The correct dollar amount, as stated in the preamble of the 2023 update, was \$18,759. The error in the regulatory text has been corrected in this 2024 update, reflecting a penalty for this 2025 update of \$19,246.

Regulatory Analysis and Notices

A. Executive Order 12866 and DOT Regulatory Policies and Procedures

This final rule has been evaluated in accordance with existing policies and procedures and is considered not significant under Executive Order 12866 and DOT’s Regulatory Policies and Procedures; therefore, the rule has not been reviewed by the Office of Management and Budget (OMB) under Executive Order 12866.

B. Regulatory Flexibility Analysis

The Department has determined the Regulatory Flexibility Act of 1980 (RFA) (5 U.S.C. 601, *et seq.*) does not apply to this rulemaking. The RFA applies, in pertinent part, only when “an agency is required. . . to publish general notice of proposed rulemaking.” 5 U.S.C. 604(a). The Small Business Administration’s *A Guide for Government Agencies: How to*

Comply with the Regulatory Flexibility Act (2012), explains that:

If, under the [Administrative Procedure Act (APA)] or any rule of general applicability governing federal grants to state and local governments, the agency is required to publish a general notice of proposed rulemaking (NPRM), the RFA must be considered [citing 5 U.S.C. 604(a)]. . . . If an NPRM is not required, the RFA does not apply.

As stated above, DOT has determined that good cause exists to publish this final rule without notice and comment procedures under the APA. Therefore, the analytical requirements of the RFA do not apply.

C. Executive Order 13132 (Federalism)

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13132 (“Federalism”). This regulation has no substantial direct effects on the States, the relationship between the

National Government and the States, or the distribution of power and responsibilities among the various levels of government. It does not contain any provision that imposes substantial direct compliance costs on State and local governments. Therefore, the consultation and funding requirements of Executive Order 13132 do not apply.

D. Executive Order 13175

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13175, Consultation and Coordination with Indian Tribal Governments. Because none of the measures in the rule have tribal implications or impose substantial direct compliance costs on Indian tribal governments, the funding and consultation requirements of Executive Order 13175 do not apply.

E. Paperwork Reduction Act

Under the Paperwork Reduction Act, before an agency submits a proposed collection of information to OMB for approval, it must publish a document in the **Federal Register** providing notice of and a 60-day comment period on, and otherwise consult with members of the public and affected agencies concerning, each proposed collection of information. This final rule imposes no new information reporting or record keeping necessitating clearance by OMB.

F. National Environmental Policy Act

The Department has analyzed the environmental impacts of this final rule pursuant to the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321, *et seq.*) and has determined that it is categorically excluded pursuant to DOT Order 5610.1C, Procedures for Considering Environmental Impacts (44 FR 56420, Oct. 1, 1979, as amended July 13, 1982, and July 30, 1985). Categorical exclusions are actions identified in an agency's NEPA implementing procedures that do not normally have a significant impact on the environment and therefore do not require either an environmental assessment (EA) or environmental impact statement (EIS). See 40 CFR 1508.1. In analyzing the applicability of a categorical exclusion, the agency must also consider whether extraordinary circumstances are present that would warrant the preparation of an EA or EIS. *Id.* Paragraph 4(c)(5) of DOT Order 5610.1C incorporates the categorical exclusions for all DOT Operating Administrations. This action qualifies for a categorical exclusion in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures (80 FR 44208, July 24, 2015), paragraph 5–6.6.f, which covers regulations not expected to cause any potentially significant environmental impacts. The Department does not anticipate any environmental impacts, and there are no extraordinary circumstances present in connection with this final rule.

G. Unfunded Mandates Reform Act

The Department analyzed the final rule under the factors in the Unfunded Mandates Reform Act of 1995. The Department considered whether the rule includes a Federal mandate that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100,000,000 or more (adjusted annually for inflation) in any one year. The Department has determined that this final rule will not result in such expenditures. Accordingly, no further assessment or

analysis is required under the Unfunded Mandates Reform Act.

Federal Aviation Administration

14 CFR Part 91

Docket No. FAA–2015–8672; Amdt. No. 91–340E]

RIN 2120–AL96

Extension of the Prohibition Against Certain Flights in Specified Areas of the Sanaa Flight Information Region (FIR) (OYSC)

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: This action extends the prohibition against certain flight operations in specified areas of the Sanaa Flight Information Region (FIR) (OYSC) by all: U.S. air carriers; U.S. commercial operators; persons exercising the privileges of an airman certificate issued by the FAA, except when such persons are operating U.S.-registered aircraft for a foreign air carrier; and operators of U.S.-registered civil aircraft, except when the operator

of such aircraft is a foreign air carrier, for an additional three years, from January 7, 2025, until January 7, 2028. The FAA finds this action necessary to address significant, unacceptable safety-of-flight risks to U.S. civil aviation operations in the specified areas of the Sanaa FIR (OYSC) stemming from heightened regional tensions associated with Houthi weapons employment and operational activities. Most recently, Houthi forces have engaged in increased weapons employment and operational activities related to the Israel-Gaza Conflict, leading in some cases to air defense responses. The FAA also takes into account the Houthis' recent history of having conducted long-range attacks emanating from the Sanaa FIR (OYSC) in other directions, notably against Saudi Arabia and the United Arab Emirates (UAE) in 2022. The FAA also republishes the approval process and exemption information for this Special Federal Aviation Regulation (SFAR), consistent with other recently published flight prohibition SFARs.

DATES: This final rule is effective on December 30, 2024.

SUPPLEMENTARY INFORMATION:

I. Executive Summary

This action extends the expiration date of SFAR No. 115, title 14 Code of Federal Regulations (14 CFR) 91.1611, from January 7, 2025, until January 7, 2028. SFAR No. 115 prohibits certain flight operations in the specified areas of the Sanaa FIR (OYSC) by all: U.S. air carriers; U.S. commercial operators; persons exercising the privileges of an airman certificate issued by the FAA, except when such persons are operating U.S.-registered aircraft for a foreign air carrier; and operators of U.S.-registered civil aircraft, except when the operator of such aircraft is a foreign air carrier. Since the start of the Israel-Gaza Conflict, Houthi forces have launched numerous long-range weaponized unmanned aircraft systems (UAS), missiles, and rockets out of Houthi-controlled territories in Yemen toward intended targets in Israel, the Red Sea, the Gulf of Aden, and the Arabian Sea. These attacks have been likely attempts to strike Israel and hold maritime shipping in the Red Sea, the Gulf of Aden, and the Arabian Sea at risk. Prior to the 2022 UN brokered ceasefire,
