BILLING CODE 1610-02-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-1328; FR ID 270090]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

DATES: Written PRA comments should be submitted on or before February 28, 2025. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418-2991.

SUPPLEMENTARY INFORMATION: The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

OMB Control Number: 3060-1328.

Title: Participation Information Collection for the IoT Labeling Program.

Form Number: N/A.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit; Not-for-profit institutions.

Number of Respondents and Responses: 332 respondents; 3,150 responses.

Estimated Time per Response: 20 hours.

Frequency of Response: One-time and on occasion reporting requirements; recordkeeping requirements.

Obligation to Respond: Voluntary. Statutory authority for this collection is contained in 1, 2, 4(i), 4(n), 302, 303(r), 312, 333, and 503, of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 154(n), 302a, 303(r), 312, 333, 503; the IoT Cybersecurity Improvement Act of 2020, 15 U.S.C. 278g-3a to 278g-3e.

Total Annual Burden: 43,100 hours.

Total Annual Cost: No Cost.

Needs and Uses: The Commission seeks to revise this collection to reflect changes to these rules adopted by the Commission in a Public Notice on September 10, 2024 (opening an application filing window and adopting for Cybersecurity Label Administrator (CLA) and Lead Administrator). The FCC's consumer IoT cybersecurity labeling program will provide consumers with easily understood, accessible information on the relative security of a consumer IoT product they are considering for purchase, which will increase the security of devices consumers bring into their homes and as part of a national IoT ecosystem. CLAs will be authorized by the Commission to certify use of the FCC IoT Label, which includes the U.S. government certification mark (U.S. Cyber Trust Mark), by manufacturers whose products are found to be in compliance with the Commission's IoT

cybersecurity labeling program rules. The September 2024 Public Notice adopted rules for the CLAs and the Lead Administrator to reduce the risk of unauthorized access, use, disclosure, disruption, modification, or destruction of program data. Under this collection, each CLA will be required to create, update, and implement a cybersecurity risk management plan identifying the cyber risks that the entity faces, the controls used to mitigate those risks, and the steps taken to ensure that these controls are applied effectively to their operations. The plan must also describe how the CLA employs its organizational resources and processes to ensure the confidentiality, integrity, and availability of its information and information systems. The CLA's cybersecurity risk management plan must be available to the Commission upon request.

Federal Communications Commission.

Marlene Dortch,

Secretary, Office of the Secretary.

BILLING CODE 6712-01-P

FEDERAL RESERVE SYSTEM

FEDERAL DEPOSIT INSURANCE CORPORATION

Community Reinvestment Act Regulations Asset-Size Thresholds

AGENCY: Board of Governors of the Federal Reserve System (Board); Federal Deposit Insurance Corporation (FDIC).

ACTION: Announcement of 2025 asset-size thresholds.

SUMMARY: Under their Community Reinvestment Act (CRA) regulations, the Board and the FDIC (collectively, the Agencies) annually adjust the asset-size thresholds used to define "small bank" and "intermediate small bank." As required by the CRA regulations, the adjustment to the threshold amounts is based on the annual percentage change in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W). Applying this annual inflation adjustment methodology, the Agencies are announcing that, from January 1, 2025, through December 31, 2025, "small bank" will mean a bank that, as of December 31 of either of the prior two calendar years, had assets of less than \$1.609 billion; and "intermediate small bank" will mean a small bank with assets of at least \$402 million as of December 31 of both of the prior two calendar years and less than \$1.609 billion as of December 31 of either of the prior two calendar years.
