

TABLE 1—PROPOSED APPROPRIATE TEST STANDARDS FOR INCLUSION IN DEKRA’S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
FM 3600	Electrical Equipment for Use in Hazardous (Classified) Locations, General Requirements.
FM 3610 *	Intrinsically Safe Apparatus and Associated Apparatus for Use in Class I, II and III, Division 1 Hazardous (Classified) Locations.
FM 3611	Electrical Equipment for Use in Class I, Division 2; Class II, Division 2; and Class III, Division 1 and 2 Hazardous Locations.
FM 3615 *	Explosion-proof Electrical Equipment, General Requirements.
FM 3810 *	Electrical and Electronic Test, Measuring and Process Control Equipment.
UL 857	Electric Busways and Associated Fittings.

* OSHA notes that the title to this standard in the table is taken from OSHA’s List of Appropriate Test Standards (see <https://www.osha.gov/nationally-recognized-testing-laboratory-program/list-standards>). This title is not the same as the title currently used by the Standards Developing Organization that issued the test standard. OSHA intends to update the List of Appropriate Test Standards to reflect the currently used title in the near future.

III. Preliminary Findings on the Application

DEKRA submitted an acceptable application for expansion of the scope of recognition. OSHA’s review of the application files and pertinent documentation indicates that DEKRA has met the requirements prescribed by 29 CFR 1910.7 for expanding the recognition to include the addition of the six test standards for NRTL testing and certification listed in Table 1. This preliminary finding does not constitute an interim or temporary approval of DEKRA’s application.

OSHA seeks comment on this preliminary determination.

IV. Public Participation

OSHA welcomes public comment as to whether DEKRA meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits.

Commenters needing more time to comment must submit a request in writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a request for an extension if it is not adequately justified.

To review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor. These materials also are generally available online at <https://www.regulations.gov> under Docket No. OSHA–2019–0009 (for further information, see the “Docket” heading in the section of this notice titled ADDRESSES).

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, staff will make a recommendation to the Assistant Secretary of Labor for Occupational

Safety and Health on whether to grant DEKRA’s application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making this decision, the Assistant Secretary may undertake other proceedings prescribed in appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of the final decision in the **Federal Register**.

V. Authority and Signature

James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor’s Order No. 8–2020 (85 FR 58393, Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on December 20, 2024.

James S. Frederick

Deputy Assistant Secretary of Labor for Occupational Safety and Health.

[Docket No. OSHA–2010–0046]

QPS Evaluation Services, Inc.: Grant of Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the final decision to expand the scope of recognition for QPS Evaluation Services, Inc. as a Nationally Recognized Testing Laboratory (NRTL).

DATES: The expansion of the scope of recognition becomes effective on December 30, 2024.

FOR FURTHER INFORMATION CONTACT: Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor; telephone (202) 693–1999 or email meilinger.francis2@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director, Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor; telephone (202) 693–1911 or email robinson.kevin@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of QPS Evaluation Services, Inc. (QPS) as a NRTL. QPS’s expansion covers the addition of five test standards to the NRTL scope of recognition.

OSHA’s recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL’s scope of recognition includes: (1) the type of products the NRTL may test, with each type specified by the applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL’s scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides a final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including QPS which details the NRTL's scope of recognition. These pages are available from the OSHA website at <https://www.osha.gov/dts/otpca/nrtl/index.html>.

QPS submitted an application to OSHA for expansion of the NRTL scope of recognition on February 13, 2024 (OSHA-2010-0046-0021), requesting the addition of five standards to the NRTL scope of recognition. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform an on-site review related to this application.

OSHA published the preliminary notice announcing QPS's expansion application in the **Federal Register** on November 7, 2024 (89 FR 88306). The agency requested comments by November 22, 2024, however no comments were received in response to this notice.

To obtain or review copies of all public documents pertaining to the QPS's application, go to <https://www.regulations.gov> or contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor. Docket No. OSHA-2010-0046 contains all materials in the record concerning QPS's recognition. Contact the OSHA Docket Office at (202) 693-2350 (TTY (877) 889-5627) for assistance in locating docket submissions.

II. Final Decision and Order

OSHA staff examined QPS's expansion application, its capability to meet the requirements of the test standards, and other pertinent information. Based on its review of this evidence, OSHA finds that QPS meets the requirements of 29 CFR 1910.7 for expansion of its recognition, subject to the limitations and conditions listed in this notice. OSHA, therefore, is proceeding with this final notice to grant QPS's application for an expansion of the scope of recognition. OSHA limits the expansion of QPS's

recognition to testing and certification of products for demonstration of conformance to the test standards listed below in table 1.

TABLE 1—APPROPRIATE TEST STANDARDS FOR INCLUSION IN QPS'S NRTL SCOPE OF RECOGNITION

Test Standard	Test standard title
UL 22	Amusement and Gaming Machines.
UL 751	Vending Machines.
UL 1012	Power Units Other Than Class 2.
UL 891	Standard for Switchboards.
ASME A17.5 ¹	Elevator and Escalator Electrical Equipment.

OSHA's recognition of any NRTL for a particular test standard is limited to equipment or materials for which OSHA standards require third-party testing and certification before using them in the workplace. Consequently, if a test standard also covers any products for which OSHA does not require such testing and certification, a NRTL's scope of recognition does not include these products.

The American National Standards Institute (ANSI) may approve the test standards listed above as American National Standards. However, for convenience, we may use the designation of the standards-developing organization for the standard as opposed to the ANSI designation. Under the NRTL Program's policy (see OSHA Instruction CPL 1-0.3, Appendix C, paragraph XIV), any NRTL recognized for a particular test standard may use either the proprietary version of the test standard or the ANSI version of that standard. Contact ANSI to determine whether a test standard is currently ANSI-approved.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, QPS must abide by the following conditions of the recognition:

1. QPS must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);
2. QPS must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and
3. QPS must continue to meet the requirements for recognition, including all previously published conditions on

¹ The preliminary notice announcing QPS's expansion application contained a typographical error. The designation of the Elevator and Escalator Electrical Equipment test standard was incorrectly listed as ASME 17.5. See 89 FR 88307. OSHA corrects this typographical error in this Notice.

QPS's scope of recognition, in all areas for which it has recognition.

Pursuant to the authority in 29 CFR 1910.7, OSHA hereby expands the scope of recognition of QPS as a NRTL, subject to the limitations and conditions specified above.

III. Authority and Signature

James S. Frederick, Deputy Assistant Secretary of Labor for Occupational Safety and Health, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 8-2020 (85 FR 58393, Sept. 18, 2020), and 29 CFR 1910.7.

Signed at Washington, DC, on December 19, 2024.

James S. Frederick,

Deputy Assistant Secretary of Labor for Occupational Safety and Health.
