BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for Office of Management and Budget Review; Tribal Child Support Direct Funding Request: 45 CFR 309 (Office of Management and Budget #0970-0218)

AGENCY: The Office of Child Support Services, Administration for Children and Families, Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office of Child Support Services (OCSS) is requesting a review by the Office of Management and Budget (OMB) of revisions to the Tribal Child Support Direct Funding Request: (OMB #0970-0218). These revisions are necessary to align this collection with updates resulting from a final rule: *Employment and Training Services for Noncustodial Parents in the Child Support Program*, which will require tribes to amend tribal plans if they elect to participate in employment and training services for non-custodial parents in the child support program.

DATES: *Comments due January 30, 2025.* OMB must decide about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/

PRAMain. Find this information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: On May 31, 2024, OCSS published a Notice for Proposed Rulemaking (89 **Federal Register** (FR) 47109; Regulation Identifier Numbers (RIN) 0970-AD00) proposing to allow federal financial participation (FFP) for certain optional and nonduplicative employment and training services for eligible noncustodial parents in the child support program.

On December 13, 2024, OCSS published the Employment and Training Services for Noncustodial Parents in the Child Support Program final rule (89 FR 100789; RIN 0970-AD00). This final rule permits tribes, at their discretion, to use FFP to provide any or all of the following services: Job search assistance; job readiness training; job development and job placement services; skills assessments; job retention services; work supports; and occupational training and other skills training directly related to employment.

This rule results in revisions to this information collection, as tribes that elect to participate in employment and training services for non-custodial parents in the child support program must submit a plan amendment to OCSS. To account for tribes potentially submitting revisions to their tribal plans and as required by the Paperwork Reduction Act (PRA) of 1995, we are submitting the revised data collection to OMB for review and approval. Tribes can elect to participate in these services by submitting a plan amendment as set forth in revised 45 CFR 309.65(b). OCSS is updating the burden estimates to account for potential additional amendments because of this rule.

Respondents: Tribal IV-D Agencies.

Annual Burden Estimates

We estimate that tribes opting to provide nonduplicative employment and training services for eligible noncustodial parents will take six hours to draft the required information to amend their tribal plans. We estimate that about 36 tribes will submit amendments.

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Total burden hours	Annual burden hours
45 CFR 309–New Plan	2	1	480	960	320
45 CFR 309–Plan Amendment	63	1.5	105	9,922	3,307
Amendments Specific to the Optional Employment and Training Services for Non-Custodial Parents in the Child Support Program	36	1	6	216	72
Estimated Total Annual Burden Hours					3,699

Authority: Title IV–D of the Social Security Act Section 455(f); 45 CFR 309.

Mary C. Jones,

ACF/OPRE Certifying Officer.

BILLING CODE 4184–41–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Regional Partnership Grants National Cross-Site Evaluation and Evaluation Technical Assistance (Office of Management and Budget #0970–0527)

AGENCY: Children’s Bureau, Administration for Children and Families, Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Children’s Bureau (CB), Administration for Children and Families (ACF), Administration for Children, Youth and Families (ACYF), U.S. Department of Health and Human Services (HHS), is requesting an extension with changes to the approved information collection: Regional Partnership Grants (RPG) National Cross-Site Evaluation and Evaluation Technical Assistance (Office of Management and Budget (OMB) #0970–0527). The proposed information collection will be used in a national cross-site evaluation of the seventh cohort of CB’s RPG. The cross-site evaluation will use a survey, interviews, focus groups, and data on participant enrollment, services, and outcomes.

DATES: *Comments due March 3, 2025.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing

infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The Child and Family Services Improvement Act of 2006 (Public Law 109–288) amended Section 437 of the Social Security Act (42 U.S.C. 629g(f)) and authorized HHS, ACF, ACYF, and CB to fund discretionary grants to improve safety, well-being, and permanency outcomes for children at risk of or in out-of-home placement because of their caregiver’s substance misuse. In response, HHS launched a competitive grants program called “Targeted Grants to Increase the Well-Being of, and to Improve the Permanency Outcomes for, Children Affected by Methamphetamine and Other Substance Abuse,” which is also known as the RPG program. Reauthorized in 2011 and again most recently by the Bipartisan Budget Act of 2018 (Public Law 115–123) in 2018, these grants are designed to support partnerships between child welfare agencies, substance use disorder treatment organizations, and other social services systems, and thereby improve the well-being, permanency, and safety outcomes of children and families. Under six prior rounds of RPG, CB has issued 109 grants to organizations such as child welfare or substance use treatment providers or family court systems to develop interagency collaborations and integration of programs, activities, and services designed to increase well-being, improve permanency, and enhance the safety of children who are in an out-of-home placement or at risk of being placed in out-of-home care as a result of a parent’s or caretaker’s substance misuse. In 2022, CB awarded 18 grants to a seventh cohort (RPG7). The current request is for data collection activities associated with the 18 RPG7 grantees. Data collection for the first three cohorts was approved under OMB Control Numbers 0970–0353 and 0970–0444. Data collection for the fourth, fifth, and sixth cohorts were approved under this OMB Control Number (0970–0527).

The RPG cross-site evaluation will extend the understanding about how RPG programs and services may improve outcomes for children and families. First, the cross-site evaluation will assess the coordination of partners’ service systems with an emphasis on the partnership between the child welfare and substance use treatment agencies, to add to the research base about how these agencies can collaborate to address the needs of children and families affected by substance misuse (partnerships analysis). Second, the evaluation will describe the experiences of adult participants enrolled in RPG services, such as their motivations for enrollment and satisfaction with services received (participant experiences analysis). Third, the evaluation will summarize supports within the partnership that can help improve and sustain RPG services, such as using data for service improvement, identifying a lead organization, and securing funding sources after grant funding ends (sustainability analysis). Fourth, the evaluation will describe the characteristics of participants served by RPG programs, the types of services provided to families, the dosage of each type of service received by families, and the level of participant engagement with the services provided (enrollment and services analysis). Finally, the evaluation will assess the outcomes of children and adults served through the RPG program, such as child behavioral problems, adult depressive symptoms, or adult substance use and treatment (outcomes and impacts analysis).

For cohort seven, CB is requesting an extension of most of the currently approved information collections (most recently approved in April 2022) with no changes, the removal of two approved data collections, and the addition of three new instruments. This will allow CB to continue obtaining participant data from grantees that they collect for their local evaluations, and for directly collecting additional data from grantees and their partners and providers for the cross-site evaluation. Specifically, this request:
