**SUPPLEMENTARY INFORMATION:**

**I. Notice of the Application for Expansion**

OSHA is providing notice that CSA Group Testing & Certification Inc. (CSA), is applying for expansion of the current recognition as a NRTL. CSA requests the addition of one test standard to the NRTL scope of recognition.

OSHA's recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL's scope of recognition includes: (1) the type of products the NRTL may test, with each type specified by the applicable test standard; and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition and for an expansion or renewal of this recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides a preliminary finding. In the second notice, the agency provides a final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including CSA, which details the NRTL's scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpc/nrtl/index.html>.

**II. General Background on the Application**

CSA submitted an application to OSHA for expansion of the NRTL scope of recognition on May 30, 2024 (OSHA-2006-0042-0045), requesting the addition of one standard to the NRTL scope of recognition. OSHA staff performed a detailed analysis of the application packet and reviewed other pertinent information. OSHA did not perform an on-site review in response to this application. OSHA staff has preliminarily determined that OSHA

should grant the application for test standard expansion.

Table 1, below, lists the appropriate test standard found in CSA's application for expansion for testing and

certification of products under the NRTL Program.

TABLE 1—PROPOSED APPROPRIATE TEST STANDARD FOR INCLUSION IN CSA'S NRTL SCOPE OF RECOGNITION

Test standard	Test standard title
UL 60335–2–40 ...	Household and Similar Electrical Appliances—Safety—Part 2–40: Particular Requirements for Electrical Heat Pumps, Air-Conditioners and Dehumidifiers.

### III. Preliminary Findings on the Application

CSA submitted an acceptable application for expansion of the scope of recognition. OSHA's review of the application files and pertinent documentation indicates that CSA has met the requirements prescribed by 29 CFR 1910.7 for expanding the recognition to include the addition of the one test standard for NRTL testing and certification listed in Table 1. This preliminary finding does not constitute an interim or temporary approval of CSA's application.

OSHA seeks comment on this preliminary determination.

### IV. Public Participation

OSHA welcomes public comment as to whether CSA meets the requirements of 29 CFR 1910.7 for expansion of recognition as a NRTL. Comments should consist of pertinent written documents and exhibits.

Commenters needing more time to comment must submit a request in writing, stating the reasons for the request by the due date for comments. OSHA will limit any extension to 10 days unless the requester justifies a longer time period. OSHA may deny a request for an extension if it is not adequately justified.

To review copies of the exhibits identified in this notice, as well as comments submitted to the docket, contact the Docket Office, Occupational Safety and Health Administration, U.S. Department of Labor. These materials also are generally available online at <https://www.regulations.gov> under Docket No. OSHA–2006–0042 (for further information, see the “Docket” heading in the section of this notice titled **ADDRESSES**).

OSHA staff will review all comments to the docket submitted in a timely manner. After addressing the issues raised by these comments, staff will make a recommendation to the Assistant Secretary of Labor for Occupational Safety and Health on whether to grant CSA's application for expansion of the scope of recognition. The Assistant Secretary will make the final decision on granting the application. In making

this decision, the Assistant Secretary may undertake other proceedings prescribed in Appendix A to 29 CFR 1910.7.

OSHA will publish a public notice of the final decision in the **Federal Register**.

## NUCLEAR REGULATORY COMMISSION

[Docket No. 70–7004; NRC–2024–0219]

### American Centrifuge Operating, LLC; American Centrifuge Plant; Environmental Assessment and Finding of No Significant Impact

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice; issuance.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) is considering amending Special Nuclear Material (SNM) License No. SNM–2011, issued on April 13, 2007, to American Centrifuge Operating, LLC (ACO) for the operation of the American Centrifuge Plant (ACP). The NRC is considering extending authorization of the high-assay, low-enriched uranium (HALEU) demonstration program operations to continue beyond December 31, 2024, through June 30, 2025. In the event of an extension of ACO's HALEU contract with the U.S. Department of Energy (DOE), potentially the authorization

would be extended through the revised contract period. For this proposed action, the NRC staff is issuing an environmental assessment (EA) and finding of no significant impact (FONSI).

**DATES:** The EA and FONSI referenced in this document are available on December 31, 2024.

**ADDRESSES:** Please refer to Docket ID NRC–2024–0219 when contacting the NRC about the availability of information regarding this document. You may obtain publicly available information related to this document using any of the following methods:
