

equipment capabilities and Protection System settings.

• *PRC-023-4 Transmission Relay Load-Ability*

The purpose to verify coordination of generating unit Facility or synchronous condenser voltage regulating controls, limit functions, equipment capabilities and Protection System settings.

• *PRC-024-3 Generator Frequency and Voltage Protective Relay Settings*

The purpose to set protection such that generating resource(s) remain connected during defined frequency and voltage excursions in support of the Bulk Electric System (BES).

• *PRC-025-2 Generator Relay Load-Ability*

The purpose is to set load-responsive protective relays associated with generation Facilities at a level to prevent unnecessary tripping of generators during a system disturbance for conditions that do not pose a risk of damage to the associated equipment.

• *PRC-026-2 Relay Performance During Stable Power Swings*

The purpose is to ensure that load-responsive protective relays are expected to not trip in response to stable power swings during non-Fault conditions.

• *PRC-027-1 Coordination of Protection Systems for Performance During Faults*

The purpose is to maintain the coordination of Protection Systems installed to detect and isolate Faults on Bulk Electric System (BES) Elements, such that those Protection Systems operate in the intended sequence during Faults.

Each of these Reliability Standards have three components that impose burden upon affected industry:

- Requirements (*e.g.*, denoted in each Reliability Standard as R1, R2 . . .)
- Measures (*e.g.*, denoted in each Reliability Standard as M1, M2 . . .)
- Evidence Retention

These three components can be reviewed for the Reliability Standards in North American Electric Reliability Commission (NERC) petitions in FERC's eLibrary system (<http://www.ferc.gov/docs-filing/elibrary.asp>) or on NERC's own website (www.nerc.com).

Type of Respondents: Generator owners, Planning coordinators, Distribution providers, and UFLS-only Distribution Providers.

*Estimate of Annual Burden:*¹⁷ Our estimates are based on the NERC Compliance Registry Summary of Entities as of November 20, 2024. According to the NERC compliance registry, and functions as of, which indicates there are registered as GO, DP and TO entities. The individual burden estimates are based on the time needed to gather data, run studies, and analyze study results to design or update the underfrequency load shedding programs. These are consistent with estimates for similar tasks in other Commission approved standards.

Comments: Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Dated: December 23, 2024.

Debbie-Anne A. Reese,

Secretary.

BILLING CODE P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for Office of Management and Budget Review; Tribal Child Support Direct Funding Request: 45 CFR 309 (Office of Management and Budget #0970-0218)

AGENCY: The Office of Child Support Services, Administration for Children and Families, Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Office of Child Support Services (OCSS) is requesting a review by the Office of Management and Budget (OMB) of revisions to the Tribal Child Support Direct Funding Request: (OMB #0970-0218). These revisions are necessary to align this collection with updates resulting from a final rule: *Employment and Training Services for Noncustodial Parents in the Child Support Program*, which will require tribes to amend tribal plans if they elect to participate in employment and training services for non-custodial parents in the child support program.

DATES: *Comments due January 30, 2025.* OMB must decide about the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/

PRAMain. Find this information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: On May 31, 2024, OCSS published a Notice for Proposed Rulemaking (89 **Federal Register** (FR) 47109; Regulation Identifier Numbers (RIN) 0970-AD00) proposing to allow federal financial participation (FFP) for certain optional and nonduplicative employment and training services for eligible noncustodial parents in the child support program.

On December 13, 2024, OCSS published the Employment and Training Services for Noncustodial Parents in the Child Support Program final rule (89 FR 100789; RIN 0970-AD00). This final rule permits tribes, at their discretion, to use FFP to provide any or all of the following services: Job search assistance; job readiness training; job development and job placement services; skills assessments; job retention services; work supports; and occupational training and other skills training directly related to employment.

This rule results in revisions to this information collection, as tribes that elect to participate in employment and training services for non-custodial parents in the child support program must submit a plan amendment to OCSS. To account for tribes potentially submitting revisions to their tribal plans and as required by the Paperwork Reduction Act (PRA) of 1995, we are submitting the revised data collection to OMB for review and approval. Tribes can elect to participate in these services by submitting a plan amendment as set forth in revised 45 CFR 309.65(b). OCSS is updating the burden estimates to account for potential additional amendments because of this rule.

Respondents: Tribal IV-D Agencies.

Annual Burden Estimates

We estimate that tribes opting to provide nonduplicative employment and training services for eligible noncustodial parents will take six hours to draft the required information to amend their tribal plans. We estimate that about 36 tribes will submit amendments.
