

wind areas, which will include six short presentations. Following adjournment, the Council will host its Public Outreach gathering, an informational exchange to foster open lines of communication among Council members, staff, industry, and meeting attendees. All are welcome and light snacks will be provided. Public Outreach will be combined with a poster session on fisheries and habitat research in offshore wind areas, as well as port hours by offshore wind developers. These events will take place at the AC Hotel at 299 Vaughn Street in Portsmouth, NH, a 4-minute walk from the Council's meeting room at The Venue at Portwalk Place.

Thursday, January 30, 2025

The Council will lead off the third day of its meeting with the Atlantic Herring Committee report, which will begin with an update on Amendment 10 to the Atlantic Herring Fishery Management Plan. Amendment 10 is an action to minimize user conflicts in the Atlantic herring fishery and address river herring/shad catch. The Council also will: (1) receive an overview of ASMFC's 2024 river herring benchmark stock assessment; (2) discuss preliminary 2024 year-end catch information prepared by the Herring Plan Development Team; and (3) possibly consider revised recommendations for 2025 specifications. The Scallop Committee will provide a presentation on the development of a Scallop Strategic Plan. The Council will review the workplan for this initiative and the schedule for outreach meetings. It also will receive an overview of the 2025 scallop work priorities. Next, members of the public will have the opportunity to speak during an open comment period on issues that relate to Council business but are not included on the published agenda for this meeting. The Council asks the public to limit remarks to 3–5 minutes. These comments will be received both in person and through the webinar. A guide for how to publicly comment through the webinar is available on the Council website at <https://s3.amazonaws.com/nefmc.org/NEFMC-meeting-remote-participation-generic.pdf>. After public comment, the Council's On-Demand Fishing Gear Conflict Working Group will provide a progress report on work towards addressing the group's terms of reference, which include identifying the implications of on-demand fishing gear use for Council-managed fisheries. The Council then will close out the meeting with other business.

Although non-emergency issues not contained on this agenda may come before the Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Executive Director Cate O'Keefe (see **ADDRESSES**) at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

BILLING CODE 3510–22–P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2024–0035]

Agency Information Collection Activities; Extension of Approval of Information Collection; Child Strength Study

AGENCY: Consumer Product Safety Commission.

ACTION: Notice of Information Collection; Request for Comment.

SUMMARY: As required by the Paperwork Reduction Act of 1995, the Consumer Product Safety Commission (CPSC or Commission) announces that the Commission has submitted to the Office of Management and Budget (OMB) a request for extension of approval of a generic collection of information for a strength data collection study. OMB previously approved the collection of information under Control Number 3041–0003. OMB's most recent extension of approval will expire on January 31, 2025. On October 24, 2024, CPSC published a notice in the **Federal Register** to announce the agency's intention to seek extension of approval

of the collection of information. The Commission received one comment, which was out of scope. Therefore, by publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for extension of approval of that collection of information.

DATES: Submit comments on the collection of information by January 30, 2025.

ADDRESSES: Submit comments about this request by email: OIRA_submission@omb.eop.gov or fax: 202–395–6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. Written comments that are sent to OMB also should be submitted electronically at <http://www.regulations.gov>, under Docket No. CPSC–2024–0035.

FOR FURTHER INFORMATION CONTACT: Cynthia Gillham, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504–7791, or by email to: pra@cpsc.gov.

SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved generic collection of information:

Title: Child Strength Study.

OMB Number: 3041–0187.

Type of Review: Renewal of generic collection.

Frequency of Response: On occasion.

Affected Public: Child participants and their caregivers.

Estimated Number of Respondents:

We estimate 5,210 people will be invited for the study and 1,563 initial respondents will complete screening. Out of the initial respondents, 563 are expected to be screened out or not expected to ultimately participate after the invitation for study. We estimate that there will be 1,000 participants for the lab portion of the study.

Estimated Time per Response: The estimated time to complete a study session is 2 hours per participant. This does not account for the time for inviting and screening participants via phone conversations with the caregiver, which is an additional 12 minutes per respondent.

Total Estimated Annual Burden:

Based on CPSC's estimates that 5,210 people will be invited for the study (3 minutes per invite), 1,563 initial respondents will complete screening (9 minutes per screening) and there will be 1,000 participants for the lab portion of the study (2 hours to complete each study session), CPSC estimates that the

total burden of this collection is 2,267 hours. The average annual burden is approximately 756 hours; however, because of study timing and efficiency, a single year could have up to 1,850 burden hours. There are no costs to respondents and no respondent recordkeeping requirements associated with the study.

General Description of Collection: CPSC uses data on human strength and capabilities to develop consumer product safety standards and to inform other CPSC staff activities. Strength capabilities of children are used to develop product performance requirements in standards to reduce or eliminate the risk such products might pose to a child (e.g., a product breaking or collapsing, or liberation of a small part). The information to be collected from child participants ranging in age 3 months to 5 years includes contact and background information necessary to participate in a study to obtain child strength measures for upper and lower extremities and bite strength. Written consent is obtained from caregivers and verbal assent is obtained from children who are old enough to provide it. Researchers will obtain several standard anthropometric measurements from each child, including body weight and standing height. Researchers also record the participant's body shape using a whole-body laser scanner (VITUS XXL) and a Microsoft Kinect sensor.

BILLING CODE 6355-01-P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2024-OS-0145]

Proposed Collection; Comment Request

AGENCY: Office of the Under Secretary of Defense for Research and Engineering (OUSD(R&E)), Department of Defense (DoD).

ACTION: 60-Day information collection notice.

SUMMARY: In compliance with the *Paperwork Reduction Act of 1995*, the Defense Technical Information Center (DTIC) announces a proposed public information collection and seeks public comment on the provisions thereof. Comments are invited on: whether the

proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the agency's estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology.

DATES: Consideration will be given to all comments received by March 3, 2025.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

Mail: Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, 4800 Mark Center Drive, Mailbox #24, Suite 05F16, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name, docket number and title for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please write to Defense Technical Information Center, 8725 John J. Kingman Road, Ft. Belvoir, VA 22060-6218 ATTN: Ms. Vakare Valaitis, or call (703) 767-9159.

SUPPLEMENTARY INFORMATION: *Title, Associated Form, and OMB Number:* Defense User Registration System (DURS); OMB Control Number 0704-0546.

Needs and Uses: DTIC requires all eligible users to be registered for access to DTIC's repository of access-controlled scientific and technical information documents. This system is called the Defense User Registration System, or DURS. The registration of a user enforces validation of an individual's identity, as well as that individual's persona (i.e., whether the individual is DoD, Federal government, or a

contractor supporting the DoD or another federal agency) and that individual's authority to access limited and classified documents with distribution controls. A role-based environment based on a user's identification ensures security for DTIC's electronic information collection while the online systems increase availability of information to each user based on his or her mission needs.

Affected Public: Individuals or Households; Business or Other For-Profit; Not-For-Profit Institutions.

Annual Burden Hours: 1,325.

Number of Respondents: 6,625.

Responses per Respondent: 1.

Annual Responses: 6,625.

Average Burden per Response: 12 minutes.

Frequency: On occasion.

Dated: December 26, 2024.
