

deadline for applicants to designate a U.S. agent for service in compliance with § 3.303(a). This final rule revises the compliance date in § 3.303(d)(2) from January 6, 2025, to April 2, 2025, for applicants of certain certificates, ratings, or authorizations with foreign addresses and no U.S. physical addresses to designate a U.S. agent for service. The FAA emphasizes that the compliance date to designate a U.S. agent for service in § 3.303(d)(1) for holders of any certificate, rating, or authorization with foreign addresses and no U.S. physical addresses will remain as July 7, 2025. The FAA is retaining staggered compliance dates to ensure that USAS and the Agency is not overwhelmed by submissions.

V. Regulatory Notices and Analyses

This final rule is a non-significant rule for the purposes of section 3(f) of Executive Order (E.O.) 12866, as amended by E.O. 13563 and E.O. 14094. Any impacts caused by the three-month delay will be minimal as this rule will not impose any significant costs or have impacts beyond those analyzed in the October 8, 2024, final rule.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The FAA submitted a report for the substantive October, 2024, final rule (89 FR 81305) and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States. This rule does not constitute a major rule as defined in 5 U.S.C. 804(2).

VI. Regulatory Flexibility Act

The Regulatory Flexibility Act (RFA) of 1980, (Pub. L. 96–354, 94 Stat. 1164 (5 U.S.C. 601–612)), as amended by the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121, 110 Stat. 857, Mar. 29, 1996) and the Small Business Jobs Act of 2010 (Pub. L. 111–240, 124 Stat. 2504 Sept. 27, 2010), requires Federal agencies to consider the effects of the regulatory action on small business and other small entities and to minimize any significant economic impact. The term “small entities” comprises small businesses and not-for-profit organizations that are independently owned and operated and are not dominant in their fields, as well as

governmental jurisdictions with populations of less than 50,000.

Section 604 of the RFA requires an agency to prepare a final regulatory flexibility analysis when an agency issues a final rule under 5 U.S.C. 553 after being required to publish a general notice of proposed rulemaking. RFA analysis requirements are limited to rulemakings for which the agency “is required by section 553 or any other law, to publish a general notice of proposed rulemaking for any proposed rule.” As prior notice and comment under 5 U.S.C. 553 are not required for this final rule, the analyses in 5 U.S.C. 603 and 604 are also not required.
