

position 38°50'52.4" N, 077°01'10.9" W, including the waters of the Washington Channel; (3) the area comprising Zone 3, all navigable waters of the Potomac River, from shoreline to shoreline, bounded to the north by a line drawn from the Virginia shoreline at Ronald Reagan Washington National Airport, at 38°51'21.3" N, 077°02'00.0" W, eastward across the Potomac River to the District of Columbia shoreline at Hains Point at position 38°51'24.3" N, 077°01'19.8" W, thence southward across the Anacostia River to the District of Columbia shoreline at Giesboro Point at position 38°50'52.4" N, 077°01'10.9" W, and bounded to the south by the Woodrow Wilson Memorial (I-95/I-495) Bridge, at mile 103.8.

As specified in § 165.508 (b), during the enforcement period, entry into or remaining in the zone is prohibited unless authorized by the Coast Guard Captain of the Port Maryland-National Capital Region. Public vessels and vessels already at berth at the time the security zone is implemented do not have to depart the security zone. All vessels underway within the security zone at the time it is implemented are to depart the zone at the time the security zone is implemented. To seek permission to transit the zone, the Captain of the Port Maryland-National Capital Region can be contacted at telephone number (410) 576-2693 or on Marine Band Radio, VHF-FM channel 16 (156.8 MHz). Coast Guard vessels enforcing this zone can be contacted on Marine Band Radio, VHF-FM channel 16 (156.8 MHz). The Coast Guard may be assisted by other Federal, state or local law enforcement agencies in enforcing this regulation. If the Captain of the Port or his designated on-scene patrol personnel determines the security zone need not be enforced for the full duration stated in this notice, a Broadcast Notice to Mariners may be used to suspend enforcement and grant general permission to enter the security zone.

This notification of enforcement is issued under authority of 33 CFR 165.508 and 5 U.S.C. 552(a). In addition to this notification of enforcement in the **Federal Register**, the Coast Guard will provide notification of this enforcement period via the Local Notice to Mariners and marine information broadcasts.

Dated: January 2, 2025.

Patrick C. Burkett,

Captain, U.S. Coast Guard, Captain of the Port, Sector Maryland-National Capital Region.

[EPA-HQ-OAR-2023-0330; FRL-4908.3-02-OAR]

Review of Final Rule Reclassification of Major Sources as Area Sources Under Section 112 of the Clean Air Act; Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; correction.

SUMMARY: The Environmental Protection Agency (EPA) is making corrections to the Review of Final Rule Reclassification of Major Sources as Area Sources Under Section 112 of the Clean Air Act (CAA) final rule that appeared in the **Federal Register** on September 10, 2024. Following publication of this final rule, the EPA discovered an inadvertent typographical error in the regulatory text and is correcting the error in this action.

DATES: The final rule is effective on January 7, 2025.

ADDRESSES: The EPA has established a docket for this rulemaking under Docket ID No. EPA-HQ-OAR-2023-0330. All documents in the docket are listed on the <https://www.regulations.gov/> website. Although listed, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available electronically through <https://www.regulations.gov/>.

FOR FURTHER INFORMATION CONTACT: Mr. John Kennedy, Mail Drop: D243-02, 109 T.W. Alexander Drive, P.O. Box 12055, RTP, North Carolina 27711; telephone number: (919) 541-1548; and email address: kennedy.john@epa.gov.

I. Summary of Final Action

The EPA is making a correction to the Review of Final Rule Reclassification of Major Sources as Area Sources Under Section 112 of the Clean Air Act (CAA) final rule that appeared in the **Federal Register** on September 10, 2024 (89 FR 73293). In the September 10, 2024, final rule, the EPA amended 40 CFR 63.1(c)(6) to include a requirement that sources subject to certain major source NESHAP used to meet the Agency's obligations under the CAA for seven specific persistent and bioaccumulative

pollutants must remain subject to those NESHAP even if the sources reclassify to area source status.

Following publication of this final rule, the EPA discovered an inadvertent typographical error in the regulatory text in 40 CFR 63.1(c)(6) and is correcting the error in this action. Specifically, as finalized on September 10, 2024, the regulatory text in 40 CFR 63.1(c)(6)(iii) included a reference to 40 CFR part 63 subpart HHH (National Emission Standards for Hazardous Air Pollutants from Natural Gas Transmission and Storage Facilities) instead of the correct reference, 40 CFR part 63 subpart MMM (National Emission Standards for Hazardous Air Pollutants for Pesticide Active Ingredient Production). This error was included in the table of CAA 112(c)(6) categories placed in the docket for the Review of Final Rule Reclassification of Major Sources as Area Sources Under Section 112 of the Clean Air Act (docket ID: EPA-HQ-OAR-2023-0330-0033). The table included the correct source category rule name, National Emission Standards for Hazardous Air Pollutants for Pesticide Active Ingredient Production, but instead of referencing the correct regulation reference to 40 CFR part 63 subpart MMM, it referenced 40 CFR part 63 subpart HHH. This error found in the table included in the docket was cross referenced in the regulatory text of the final rulemaking. This action corrects this inadvertent typographical error by removing the reference to 40 CFR part 63 subpart HHH from 40 CFR 63.1(c)(6)(iii) and adding the correct reference to 40 CFR part 63 subpart MMM.

II. Rulemaking Procedures

The EPA's authority for the rulemaking procedures followed in this action is provided by the Administrative Procedure Act (APA), 5 U.S.C. 553. In general, an agency issuing a rule must provide prior notice and an opportunity for public comment, but APA section 553(b)(B) includes an exemption from notice-and-comment requirements "when the agency for good cause finds (and incorporates the finding and a brief statement of reasons therefor in the rule issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest." This action is being issued without prior notice or opportunity for public comment because the EPA finds that the APA "good cause" exemption from notice-and-comment requirements applies here.

Following notice-and-comment procedures is unnecessary for this action. This action corrects a

typographical error to correct a reference in 40 CFR 63.1(c)(6)(iii) to 40 CFR part 63 subpart MMM instead of 40 CFR part 63 subpart HHH. It is critical to timely correct the identified error to avoid confusion.

This action is effective immediately upon publication. The APA typically requires publication of a final rule to precede its effective date by at least 30 days unless, as relevant here, the agency finds good cause to make the rule effective sooner. APA section 553(b)(B). Under APA section 553(d), these technical corrections are both necessary and beneficial to regulated entities in understanding and complying with the final rule's requirements. Further, because this rule does not impose any new regulatory requirements, the regulated community does not need time to prepare for it to come into effect. *See Omnipoint Corp. v. Fed. Comm'n Comm'n*, 78 F.3d 620, 630 (D.C. Cir. 1996) (in determining whether good cause exists to make a rule immediately effective, an agency should "balance the necessity for immediate implementation against principles of fundamental fairness which require that all affected persons be afforded a reasonable amount of time to prepare for the effective date of its ruling").

Good cause exists for this rule to be made immediately effective. The EPA has balanced the necessity for immediate implementation against the benefits of delaying implementation. Because this rule makes a typographical correction to a rule that has already been promulgated, the public is aware of the content of the rule. Making the corrections effective immediately will make the regulatory text consistent with what the proposed rule and the preamble to the final rule have described.

List of Subjects in 40 CFR Part 63

Environmental protection, Administrative practices and procedures, Air pollution control, Hazardous substances, Intergovernmental relations, Reporting and recordkeeping requirements.

Michael S. Regan,
Administrator.

For the reasons set forth in the preamble, the Environmental Protection Agency is amending title 40, chapter I, part 63 of the Code of Federal Regulations as follows:

PART 63—NATIONAL EMISSION STANDARDS FOR HAZARDOUS AIR POLLUTANTS FOR SOURCE CATEGORIES

■ 1. The authority citation for part 63 continues to read as follows:

Authority: 42 U.S.C. 7401, *et seq.*

Subpart A—General Provisions

■ 2. Amend § 63.1 by revising paragraph (c)(6)(iii) as follows:

§ 63.1 Applicability.

* * * * *

(c) * * *

(6) * * *

(iii) After September 10, 2024, affected sources subject to the following 40 CFR part 63 subparts on September 10, 2024, must remain subject to those subparts, and any modifications thereafter, even if the source becomes an area source by reducing both its actual emissions and potential to emit hazardous air pollutants to below major source thresholds: F, G, H, I, L, R, X, CC, GG, II, JJ, KK, LL, MM, EEE, JJJ, LLL, MMM, RRR, UUU, FFFF, JJJJ, MMMM, PPPP, ZZZZ, CCCCC, DDDDD, FFFFF, IIII, LLLLL, YYYYY, JJJJJ, EEEEEEE.

RIN 2060–AV44

National Emission Standards for Hazardous Air Pollutants: National Perchloroethylene Air Emission Standards for Dry Cleaning Facilities Technology Review

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final determination.

SUMMARY: This action finalizes the Clean Air Act (CAA) technology review (TR) conducted for the commercial and industrial dry cleaning facilities using perchloroethylene (PCE) as the cleaning solvent (PCE Dry Cleaning) source categories regulated under National Emission Standards for Hazardous air Pollutants (NESHAP). This final rule does not finalize the changes made at proposal and makes no amendments to the current NESHAP given the recently finalized action under the Toxic Substance Control Act (TSCA) which

has instituted a 10-year phaseout of the use of PCE for dry cleaning.

DATES: This action is effective on January 7, 2024.

ADDRESSES: The U.S. Environmental Protection Agency (EPA) has established a docket for this action under Docket ID No. EPA–HQ–OAR–2005–0155. All documents in the docket are listed on the <https://www.regulations.gov/> website. Although listed, some information is not publicly available, e.g., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <https://www.regulations.gov/>, or in hard copy at the EPA Docket Center, WJC West Building, Room Number 3334, 1301 Constitution Ave. NW, Washington, DC. The Public Reading Room hours of operation are 8:30 a.m. to 4:30 p.m. Eastern Standard Time (EST), Monday through Friday. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the EPA Docket Center is (202) 566–1742.

FOR FURTHER INFORMATION CONTACT: For questions about this final action, contact U.S. EPA, Attn: Reginald Goodwin, Mail Drop: D243–04, 109 T.W. Alexander Drive, P.O. Box 12055, RTP, North Carolina 27711; telephone number: (919) 541–5313; and email address: goodwin.reginald@epa.gov.

SUPPLEMENTARY INFORMATION:

Preamble acronyms and abbreviations. Throughout this notice the use of “we,” “us,” or “our” is intended to refer to the EPA. We use multiple acronyms and terms in this preamble. While this list may not be exhaustive, to ease the reading of this preamble and for reference purposes, the EPA defines the following terms and acronyms here:

CAA Clean Air Act
CFR Code of Federal Regulations
EPA U.S. Environmental Protection Agency
FR Federal Register
GACT generally available control technology
HAP hazardous air pollutant(s)
LDAR leak detection and repair
MACT maximum achievable control technology
NAICS North American Industry Classification System
NESHAP National Emission Standards for Hazardous Air Pollutants
NTTAA National Technology Transfer and Advancement Act
