

ACTION: Notice, correction.

SUMMARY: HUD is publishing this notice to correct the heading on the notice that was published in the **Federal Register** on December 26, 2024. The heading should read 30-day Notice of Proposed Information Collection.

FOR FURTHER INFORMATION CONTACT: Anna Guido, Clearance Officer, REE, Department of Housing and Urban Development, 451 7th Street SW, Washington, DC 20410; email Anna.P.Guido@hud.gov, telephone 202-402-5534. This is not a toll-free number. HUD welcomes and is prepared to receive calls from individuals who are deaf or hard of hearing, as well as individuals with speech or communication disabilities. To learn more about how to make an accessible telephone call, please visit <https://www.fcc.gov/consumers/guides/telecommunications-relay-service-trs>.

Copies of available documents submitted to OMB may be obtained from Ms. Guido.

SUPPLEMENTARY INFORMATION: HUD published an information collection notice in the **Federal Register** at 89 FR 105064 entitled “Indian Community Development Block Grant Information Collection”. This notice corrects the heading to read “30-Day Notice of Proposed Information Collection.”

Nacheshia Foxx,
Federal Register Liaison, Office of General Counsel.

BILLING CODE 4210-67-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[Docket No. FWS-HQ-IA-2024-0202; FXIA1671090000-245-FF09A30000]

Endangered Species; Issuance of Permits

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of issuance of permits.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), have issued permits to conduct certain activities with endangered species. We issue these permits under the Endangered Species Act (ESA).

ADDRESSES: Information about the applications for the permits listed in this notice is available online at <https://www.regulations.gov>. See **SUPPLEMENTARY INFORMATION** for details.

FOR FURTHER INFORMATION CONTACT: Timothy MacDonald, by phone at 703-358-2185 or via email at DMAFR@fws.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), have issued permits to conduct certain

activities with endangered and threatened species in response to permit applications that we received under the authority of section 10(a)(1)(A) of the Endangered Species Act of 1973 (16 U.S.C. 1531 *et seq.*).

After considering the information submitted with each permit application and the public comments received, we issued the requested permits subject to certain conditions set forth in each permit. For each application for an endangered species, we found that (1) the application was filed in good faith, (2) the granted permit would not operate to the disadvantage of the endangered species, and (3) the granted permit would be consistent with the purposes and policy set forth in section 2 of the ESA.

Availability of Documents

The permittees’ original permit application materials, along with public comments we received during public comment periods for the applications, are available for review. To locate the application materials and received comments, go to <https://www.regulations.gov> and search for the appropriate permit number (e.g., 12345C) provided in the following table:

Fish and Wildlife Service

[Docket No. FWS-R8-ES-2024-0188; FXES1114080000-256-FF08EVEN00]

Receipt of Incidental Take Permit Application and Proposed Habitat Conservation Plan for the Coastal California Gnatcatcher, Ventura County, CA; Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of an application from Angie Harbin, Director—Natural Resources, Rincon Consultants, Inc., on behalf of Comstock Homes (applicant) for an incidental take permit (ITP) under the Endangered Species Act. The applicant requests the ITP to take the federally listed coastal California gnatcatcher (*Polioptila californica californica*) incidental to residential development in the City of Moorpark, in Ventura County, California. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP), and on the Service's preliminary determination that the proposed permitting action may be eligible for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations, the Department of the

Interior's (DOI) NEPA regulations, and the DOI Departmental Manual. To make this preliminary determination, we prepared a low-effect screening form. The HCP and low-effect screening form are available for public review. We invite comment from the public and local, State, Tribal, and Federal agencies.

DATES: We must receive your written comments on or before February 7, 2025.

ADDRESSES:

Obtaining Documents: The documents this notice announces, as well as any comments and other materials that we receive, will be available for public inspection online in Docket No. FWS-R8-ES-2024-0188 at <https://www.regulations.gov>.

Submitting Comments: If you wish to submit comments on any of the documents, you may do so in writing by one of the following methods:

- *Online:* <https://www.regulations.gov>. Follow the instructions for submitting comments on Docket No. FWS-R8-ES-2024-0188.
- *U.S. mail:* Public Comments Processing; Attn: Docket No. FWS-R8-ES-2024-0188; U.S. Fish and Wildlife Service; MS: PRB/3W; 5275 Leesburg Pike; Falls Church, VA 22041-3803.

FOR FURTHER INFORMATION CONTACT: Mr. Chris Dellith, Senior Fish and Wildlife Biologist, by email at chris_dellith@fws.gov, via phone at 805-644-1766, or by U.S. mail at 2493 Portola Road, Suite B, Ventura, CA 93003. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service (Service), announce receipt of an application from Angie Harbin, Director—Natural

Resources, Rincon Consultants, Inc., on behalf of Comstock Homes (applicant) for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant requests the ITP to take the federally threatened coastal California gnatcatcher (*Polioptila californica californica*) incidental to the development of a mixed-density residential community (project) in the City of Moorpark, Ventura County, California. We request public comment on the application, which includes the applicant's habitat conservation plan (HCP), and on the Service's preliminary determination that this proposed ITP qualifies as low effect, and may qualify for a categorical exclusion pursuant to the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations (40 CFR 1501.4), the Department of the Interior's (DOI) NEPA regulations (43 CFR 46), and the DOI's Departmental Manual (516 DM 8.5(C)(2)). To make this preliminary determination, we prepared a low-effect screening form, also available for public review.

Background

On March 30, 1993 (58 FR 16742), the Service listed the coastal California gnatcatcher (*Polioptila californica californica*) as threatened. Section 9 of the ESA prohibits "take" of fish and wildlife species listed as endangered (16 U.S.C. 1538), where take is defined to include the following activities: "to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct" (16 U.S.C. 1532). The take prohibitions of section 9 are extended to species listed as threatened at the discretion of the Secretary of the Department of the Interior and were extended to coastal California gnatcatcher, with exceptions. The Service published a 4(d) rule, which includes exceptions to incidental take associated land-use activities addressed in an approved Natural Community Conservation Planning Act program
