SUPPLEMENTARY INFORMATION:

Background

On December 13, 2024, the Secretary of Commerce (Secretary) received a “Notice of Appeal” filed by Robert Hagopian, pursuant to the Coastal Zone Management Act (CZMA), 16 U.S.C. 1451 *et seq.*, and implementing regulations found at 15 CFR part 930, subpart H. The Notice of Appeal is taken from an objection by the New York State Department of State to the Appellant’s CZMA consistency certification for Appellant’s pending permit application to the U.S. Army Corps of Engineers to perform shoreline stabilization, dock installation, and dredging at a property along the Hudson River in Ulster, New York.

Under the CZMA, the Secretary may override the New York State Department of State’s objection on grounds that the project is consistent with the objectives or purposes of the CZMA, or otherwise necessary in the interest of national security. To make the determination that the proposed activity is “consistent with the objectives or purposes of the CZMA,” the Secretary must find that: (1) The proposed activity furthers the national interest as articulated in sections 302 or 303 of the CZMA, in a significant or substantial manner; (2) the national interest furthered by the proposed activity outweighs the activity’s adverse coastal effects, when those effects are considered separately or cumulatively; and (3) no reasonable alternative is available that would permit the proposed activity to be conducted in a manner consistent with the enforceable policies of the applicable coastal management program. 15 CFR 930.121. To make the determination that the proposed activity is “necessary in the interest of national security,” the Secretary must find that a national defense or other national security interest would be significantly impaired if the proposed activity is not permitted to go forward as proposed. 15 CFR 930.122. The Appellant bears the burden of submitting evidence in support of his appeal and the burden of persuasion. 15 CFR 930.127.
