**Aluminum Wire and Cable From the People’s Republic of China: Final Negative Scope Ruling and Final Affirmative Determination of Circumvention With Respect to the Socialist Republic of Vietnam**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) determines that imports of aluminum wire and cable (AWC) completed in the Socialist Republic of Vietnam (Vietnam) using certain AWC inputs manufactured in the People’s Republic of China (China) are not covered by the scope of the antidumping duty (AD) and countervailing duty (CVD) orders on AWC from China. In addition, Commerce determines that AWC completed in Vietnam using certain AWC inputs manufactured in China are circumventing the AD and CVD orders on AWC from China.

**DATES:** Applicable January 27, 2025.

**SUPPLEMENTARY INFORMATION:****Background**

On December 23, 2019, Commerce published the orders in the **Federal Register**.<sup>1</sup> On October 19, 2023, pursuant to 19 CFR 351.225(b), Commerce self-initiated scope inquiries to determine whether imports of AWC completed in Cambodia, Korea, and Vietnam using inputs manufactured in China are covered by the Orders.<sup>2</sup> Commerce also, pursuant to 19 CFR 351.226(b) and section 781(b) of the Tariff Act of 1930, as amended (the Act), self-initiated country-wide circumvention inquiries to determine whether imports of AWC from Cambodia, Korea, and Vietnam, if

outside of the scope of the *Orders*, are, nonetheless, circumventing the *Orders*.<sup>3</sup>

On August 7, 2024, Commerce published in the **Federal Register** its *Preliminary Determinations* that imports of AWC completed in Vietnam using certain AWC inputs manufactured in China are not covered by the scope of the AD and CVD orders on AWC from China and, that imports of AWC completed in Vietnam using certain AWC inputs are circumventing *Orders*.<sup>4</sup> Pursuant to section 781(e) of the Tariff Act of 1930, as amended (the Act), on August 13, 2024, Commerce notified the U.S. International Trade Commission (ITC) of its preliminary affirmative determination of circumvention with respect to Vietnam.<sup>5</sup> The ITC did not request consultations with Commerce.

Between September and October 2024, Commerce conducted verification of the questionnaire responses submitted by the Vietnamese respondents, ICF Cable Co. Ltd. (ICF) and Tanghenam Electric Wire and Cable Co., Ltd. (Tanghenam).<sup>6</sup>

On December 12, 2024, Commerce extended the deadline for the final determination of this circumvention inquiry to January 8, 2025.<sup>7</sup> On January 6, 2025, Commerce further extended the deadline for the final determination to January 17, 2025.<sup>8</sup> For a summary of events that occurred since the *Preliminary Determinations*, as well as a full discussion of the issues raised by parties for consideration in the final determination, see the Issues and

**Scope of the Orders**

The products subject to the *Orders* are aluminum wire and cable. For a full description of the scope of the *Orders*, see Appendix I of this notice.

**Merchandise Subject to the Scope and Circumvention Inquiries**

These inquiries cover AWC assembled or completed in Vietnam using Chinese-origin AWC inputs (e.g., stranded wire and cables or unfinished AWC) that is subsequently exported from Vietnam to the United States (inquiry merchandise). These inquiries cover exports of AWC from Vietnam that are assembled or completed using inputs of Chinese origin which undergo further processing in Vietnam. For a full description of the merchandise subject to the scope and circumvention inquiries, see Appendix II of this notice.

**Analysis of Comments Received**

All issues raised in this inquiry are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice in Appendix III. Based on our analysis of the comments received from Encore Wire Corporation (Encore), a domestic interested party and Tanghenam, we made changes from the *Preliminary Determinations*. Specifically, we applied partial adverse facts available (AFA) to our circumvention determination under sections 781(b)(2)(E) and 781(b)(1)(D) of the Act with respect to Tanghenam. Furthermore, we are precluding Tanghenam from participating in the certification program for exports of AWC completed in Vietnam and subsequently exported to the United States; as well as not allowing Tanghenam to certify.

<sup>9</sup> See Memorandum, “Issues and Decision Memorandum for the Final Results of the Scope Ruling and Circumvention Inquiry of the Antidumping and Countervailing Duty Orders on Aluminum Wire and Cable from the People’s Republic of China with Respect to the Socialist Republic of Vietnam,” dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

### Methodology and Final Scope Ruling

Commerce conducted this scope inquiry in accordance with 19 CFR 351.225(k)(1), and made no changes to its methodology for this final scope ruling. Specifically, as discussed in the *Preliminary Determinations*, Commerce finds that AWC produced in Vietnam using Chinese-sourced inputs that do not satisfy the physical description of the scope of the *Orders* is not subject to the *Orders*.<sup>10</sup>

### Methodology and Final Circumvention Determination

Commerce conducted this circumvention inquiry in accordance with section 781(a) of the Act and 19 CFR 351.226. Furthermore, as discussed in the *Preliminary Determinations* and the Issues and Decision Memorandum, Commerce determines that U.S. imports of inquiry merchandise from Vietnam are circumventing the *Orders*.<sup>11</sup> We have continued to apply this methodology and incorporate by reference this description of the methodology for our final determination for ICF.<sup>12</sup>

With regard to Tanghenam, Commerce has revised its preliminary circumvention analysis by relying on partial facts available with an adverse inference under section 776 of the Act for the purpose of reaching determinations under sections 781(b)(2)(E) and 781(b)(1)(D) of the Act as discussed in the Issues and Decision Memorandum and in the “Use of Facts Available” section below.

Commerce is making its final affirmative determination of circumvention on a country-wide basis. As a result, in accordance with section 781(b) of the Act, Commerce determines that the inquiry merchandise exported from Vietnam should be included within the scope of the *Orders*.

We determine that Vietnamese-origin AWC produced by ICF and Tanghenam with Chinese-origin aluminum inputs is circumventing the *Orders*. We also determine that U.S. imports of Vietnamese-origin AWC produced with Chinese-sourced inputs are circumventing the *Orders* on a country-wide basis. As a result, in accordance with section 781(a) of the Act, we determine that this merchandise is covered by the *Orders*.<sup>13</sup> See the “Certified Entries,” “Certification,” and “Certification Requirements” sections,

below, for details regarding the use of certifications. See the “Suspension of Liquidation and Cash Deposit Requirements” section, below, for details regarding suspension of liquidation and cash deposit requirements.

### Application of AFA

In this final determination, Commerce finds that necessary information is not available on the record with respect to Tanghenam within the meaning of section 776(a)(1) of the Act. Tanghenam withheld requested information, failed to provide requested information by the deadline or in the form or manner requested, and significantly impeded the inquiry pursuant to sections 776(a)(1), (A), (B), and (C) of the Act. Moreover, Commerce finds that this company failed to cooperate by not acting to the best of its ability to provide the requested information pursuant to section 776(b)(1) of the Act. Consequently, we are relying on the application of partial adverse inferences with respect to Tanghenam in selecting from among the facts otherwise available on the record, pursuant to sections 776(a) and (b) of the Act; specifically, we have relied on AFA in reaching determinations under sections 781(b)(2)(E) and 781(b)(1)(D) of the Act.<sup>14</sup>

### Suspension of Liquidation and Cash Deposits

Based on the affirmative country-wide determinations of circumvention, in accordance with 19 CFR 351.226(l)(3), we will direct CBP to suspend liquidation and require a cash deposit of estimated duties on unliquidated entries of AWC completed or assembled in Vietnam using Chinese-origin aluminum rod, aluminum wire, or aluminum wire strand, that were entered, or withdrawn from warehouse, for consumption on or after October 19, 2023, the date of publication of the *Initiation Notice*. In accordance with 19 CFR 351.226(l)(3), we will direct CBP to continue the suspension of liquidation of previously suspended entries and to suspend liquidation of all entries of AWC completed or assembled in Vietnam from Chinese-origin aluminum rod, aluminum wire, or aluminum wire strand that are entered, or withdrawn from warehouse, for consumption on or after October 19, 2023 (*i.e.*, the date of publication of the *Initiation Notice*).<sup>15</sup>

For all suspended U.S. entries of inquiry merchandise, the antidumping duty cash deposit rate will be the cash

deposit rate for the China-wide entity (*i.e.*, 52.79 percent).<sup>16</sup> For all suspended U.S. entries of inquiry merchandise, the CVD cash deposit rate will be the all-others rate (*i.e.*, 33.44 percent).<sup>14</sup> Commerce has established the following third-country case numbers in the Automated Commercial Environment (ACE) for such entries: A-552-095-000/C-552-096-000.

Cash deposits for exports of AWC from Vietnam already subject to the *Orders* should continue to be collected in accordance with existing CBP instructions and Chinese ACE numbers for such entries: A-570-095/C-570-096.

These suspension of liquidation instructions and cash deposit requirements will remain in effect until further notice.

### Certified Entries

Entries for which the importer and exporter have met the certification requirements described below and in Appendix IV to this notice will not be subject to suspension of liquidation, or the cash deposit requirements described above. Failure to comply with the applicable requisite certification requirements may result in the merchandise being subject to AD and CVD duties.

### Certification

For Tanghenam, which will not be permitted to certify that its merchandise was not produced from China-origin inputs, Commerce will direct CBP, for all entries of AWC from Vietnam produced or exported by Tanghenam, to suspend liquidation and require a cash deposit at the rate applicable to the AD and CVD orders on AWC from China (*i.e.*, the AD cash deposit rate established for China-wide entity (52.79 percent) and the CVD cash deposit rate established for all-others (33.44 percent)). These suspension of liquidation instructions will remain in effect until further notice.

To administer the final country-wide affirmative circumvention determination for Vietnam, Commerce has established importer and exporter certifications as provided for in Appendix IV to this notice. These certifications will permit eligible importers and exporters to establish that specific entries of AWC from Vietnam are not subject to suspension of liquidation or the collection of cash deposits pursuant to these final country-wide affirmative determinations of circumvention because the merchandise was processed in Vietnam and does not incorporate Chinese-sourced inputs.

<sup>10</sup> See *Preliminary Determinations* PDM at 7–10.

<sup>11</sup> *Id.* at 10–23; see also Issues and Decision Memorandum.

<sup>12</sup> See Issues and Decision Memorandum.

<sup>13</sup> See *Preliminary Determinations* PDM and the Issues and Decision Memorandum.

<sup>14</sup> See Issues and Decision Memorandum.

<sup>15</sup> See, generally, *Initiation Notice*.

<sup>16</sup> See *AD Order*.

Importers and exporters that claim that an entry of AWC is not subject to suspension of liquidation or the collection of cash deposits because the merchandise was processed in Vietnam and does not incorporate Chinese-sourced inputs must certify that these products satisfy the requirements of these certification requirements as described in Appendix IV of this notice.

#### Certification Requirements

Importers are required to complete and maintain the applicable importer certification, and maintain a copy of the applicable exporter certification, and retain all supporting documentation for both certifications. Unless otherwise specified, the importer certification must be completed, signed, and dated by the time the entry summary is filed for the relevant entry. The importer, or the importer's agent, must submit both the importer's certification and the exporter's certification to CBP as part of the entry process by uploading them into the document imaging system (DIS) in ACE. Where the importer uses a broker to facilitate the entry process, the importer should obtain the entry summary number from the broker. Agents of the importer, such as a broker, however, are not permitted to certify on behalf of the importer.

Exporters are required to complete and maintain the applicable exporter certification and provide the importer with a copy of that certification and all supporting documentation (e.g., invoice, purchase order, production records, etc.). With the exception of the entries described below, the exporter certification must be completed, signed, and dated by the time of shipment of the relevant entries. The exporter certification should be completed by the party selling the AWC that was manufactured in Vietnam to the United States.

Additionally, the claims made in the certifications and any supporting documentation are subject to verification by Commerce or CBP or both Commerce and CBP. Importers and exporters are required to maintain the certifications and supporting documentation until the later of: (1) the date that is five years after the latest entry date of the entries covered by the certification; or (2) the date that is three years after the conclusion of any litigation in United States courts regarding such entries.

For all AWC from Vietnam that was entered, or withdrawn from warehouse, for consumption during the period October 19, 2023 (the date of initiation of this circumvention inquiry), through the date of publication of the

*Preliminary Determinations* in the **Federal Register**, where the entry has not been liquidated (and entries for which liquidation has not become final), the relevant certification should already be complete and signed.

For unliquidated entries (and entries for which liquidation has not become final) of AWC that were declared as non-AD/CVD type entries (e.g., type 01) and entered, or withdrawn from warehouse, for consumption in the United States during the period October 19, 2023 (the date of initiation of these circumvention inquiries), through the date of publication of the *Preliminary Determinations* in the **Federal Register**, for which none of the above certifications may be made, importers must file a Post Summary Correction with CBP, in accordance with CBP's regulations, regarding conversion of such entries from non-AD/CVD type entries to AD/CVD type entries (e.g., type 01 to type 03). Importers should report those AD/CVD type entries using the third country CBP case numbers identified in the "Suspension of Liquidation and Cash Deposit Requirements" section, above. The importer should post cash deposits on those entries consistent with the regulations governing post summary corrections that require payment of additional duties, including AD/CVD duties.

If it is determined that an importer or exporter has not met the certification and related documentation requirements for certain entries, Commerce intends to instruct CBP to suspend, pursuant to this country-wide affirmative determination of circumvention and the Orders,<sup>17</sup> all unliquidated entries for which these requirements were not met and require the importer to post applicable cash deposits equal to the rates noted above.

#### Opportunity To Request an Administrative Review

Each year during the anniversary month of the publication of an AD or CVD order, finding, or suspended investigation, an interested party, as defined in section 771(9) of the Act, may request, in accordance with 19 CFR 351.213, that Commerce conduct an administrative review of that AD or CVD order, finding, or suspended investigation. Interested parties who wish that Commerce conducts an administrative review should wait until Commerce announces via the **Federal Register** the next window during the anniversary month of the publication of the AD or CVD order to submit such

requests. The anniversary month for these *Orders* is December.

#### Administrative Protective Order

This notice will serve as the only reminder to all parties subject to an administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

#### Notification to Interested Parties

Commerce is issuing and publishing this notice in accordance with sections 781(b) and 777(i) of the Act, 19 CFR 351.225(h), and 19 CFR 351.226(g)(2).

Dated: January 17, 2025.

The scope of the *Orders* specifically excludes aluminum wire and cable products in lengths less than six feet, whether or not included in equipment already assembled at the time of importation.

The merchandise covered by the *Orders* is currently classifiable under subheading 8544.49.9000 of the Harmonized Tariff Schedule of the United States (HTSUS).

<sup>17</sup> See *Orders*.

## Appendix II

### Merchandise Subject to the Scope and Circumvention Inquiries

The scope and circumvention inquiries cover AWC completed in Vietnam using AWC inputs (*e.g.*, stranded wire and cables or unfinished AWC) of Chinese-origin that is subsequently exported from Vietnam to the United States.

Available evidence shows that AWC inputs from China are processed in Vietnam and subsequently exported to the United States. These inquiries cover exports of AWC made using inputs of Chinese-origin that undergo further processing in Vietnam.

These preliminary determinations apply to all shipments of inquiry merchandise on or after the date of the initiation of these circumvention and scope inquiries (*i.e.*, October 19, 2023). Importers and exporters of AWC from Vietnam, even where preliminarily determined to be out of scope, must still certify that merchandise is not subject to our country-wide finding of circumvention. Otherwise, their merchandise may be subject to antidumping and countervailing duties.
