SUPPLEMENTARY INFORMATION:

Background

On July 1, 2024, Commerce published the *Preliminary Determination* in the **Federal Register** and invited interested parties to comment.¹ On July 22, 2024,

¹ See *Certain Paper Plates from the Socialist Republic of Vietnam: Preliminary Affirmative Countervailing Duty Determination, Preliminary Affirmative Determination of Critical Circumstances, in Part, and Alignment of Final Determination with Antidumping Duty*

Commerce tolled certain deadlines in this administrative proceeding by seven days.² The deadline for the final determination is now January 21, 2025.

A summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum.³ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Investigation

The products covered by this investigation are paper plates from Vietnam. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

We received no comments from interested parties on the scope of the investigation as it appeared in the *Preliminary Determination*. Therefore, we made no changes to the scope of the investigation.

Analysis of Subsidy Programs and Comments Received

The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs that were submitted by parties in this investigation, are discussed in the Issues and Decision Memorandum. For a list of the issues raised by interested parties in the Issues and Decision Memorandum, see Appendix II.

Methodology

Commerce conducted this investigation in accordance with section 701 of the Tariff Act of 1920, as amended (the Act). For each of the subsidy programs found to be countervailable, Commerce determines

Determination, 89 FR 54429 (July 1, 2024) (*Preliminary Determination*) and accompanying Preliminary Decision Memorandum (PDM).

² See Memorandum, "Tolling of Deadlines for Antidumping and Countervailing Duty Proceedings," dated July 22, 2024.

³ See Memorandum, "Issues and Decision Memorandum for the Final Affirmative Determination of the Countervailing Duty Investigation of Certain Paper Plates from the Socialist Republic of Vietnam," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

that there is a subsidy, *i.e.*, a financial contribution by an "authority" that gives rise to a benefit to the recipient, and that the subsidy is specific.⁴ For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

In making this final determination, Commerce relied, in part, on facts otherwise available, including adverse facts available (AFA), pursuant to sections 776(a) and (b) of the Act. For a full discussion of our application of AFA, see the *Preliminary Determination*, section "Use of Facts Available and Adverse Inferences" in the accompanying Issues and Decision Memorandum.⁵

Verification

As provided in section 782(i) of the Act, between July 15 through July 19, 2024, Commerce conducted verification of the subsidy information reported by Go-Pak Paper Products Vietnam Limited (Go-Pak).⁶ We used standard verification procedures, including an examination of relevant accounting records and original source documents provided by Go-Pak.

Final Affirmative Determination of Critical Circumstances, in Part

In accordance with sections 703(e)(1) and 776(a) and 776(b) of the Act and 19 CFR 351.206, Commerce continues to find that critical circumstances exist with respect to imports of paper plates from Vietnam for Xie Li Vietnam International Company Limited (Xie Li), the non-responsive companies,⁷ and all other producers and exporters. In addition, we continue to find that critical circumstances do not exist with respect to imports of paper plates from Go-Pak. For a full description of the methodology and results of Commerce's critical circumstances analysis, see the Issues and Decision Memorandum.

Changes Since the Preliminary Determination

Based on our analysis of the information received during

⁴ See sections 771(5)(B) and (D) of the Act regarding financial contribution; see also section 771(5)(E) of the Act regarding benefit; and section 771(5A) of the Act regarding specificity.

⁵ *Preliminary Determination* PDM at 7-17.

⁶ See Memorandum, "Verification of the Questionnaire Responses of Go-Pak Paper Products Vietnam Co., Ltd.," dated August 1, 2024.

⁷ In addition to Xie Li, the mandatory respondent that timely notified Commerce of its intent to withdraw from the investigation following its response to the affiliation portion of the initial questionnaire, there are four other non-responsive companies: (1) Innovative Sonic Vietnam International; (2) Ningbo Changya Plastic Vietnam Company; (3) Ningbo Changya Plastic Vietnam; and (4) SCG Vietnam.

verification, for this final determination, we made certain changes to the countervailable subsidy rate calculations for Go-Pak and for all other producers/exporters. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

Pursuant to section 705(c)(5)(A)(i) of the Act, Commerce will determine an all-others rate equal to the weighted average countervailable subsidy rates established for those exporters and/or producers individually investigated, excluding any zero and *de minimis* countervailable subsidy rates and any rates based entirely under section 776 of the Act. In this investigation, Commerce calculated an individual estimated countervailable subsidy rate for Go-Pak that is not zero, *de minimis*, or based entirely under section 776 of the Act. Because the individual estimated countervailable subsidy rate for Xie Li and the four non-responsive companies is based entirely upon section 776 of the Act, Commerce is using the individual estimated subsidy rate calculated for Go-Pak as the all-others rate.

Final Determination

Commerce determines that the following estimated countervailable subsidy rates exist for the period January 1, 2023, through December 31, 2023:

Company	Subsidy rate (percent <i>ad valorem</i>)
Go-Pak Paper Products Vietnam Co., Ltd	5.53
Innovative Sonic Vietnam International	* 225.90
Ningbo Changya Plastic Vietnam Company	* 225.90
Ningbo Changya Plastic Vietnam	* 225.90
SCG Vietnam	* 225.90
Xie Li	* 225.90
All Others	5.53

* Rate based on AFA.

Disclosure

Commerce intends to disclose its calculations and analysis performed in connection with this final determination within five days of its public announcement, or if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Suspension of Liquidation

As a result of our *Preliminary Determination*, and pursuant to sections 703(d)(1)(B) and (d)(2) of the Act, we instructed U.S. Customs and Border

Protection (CBP) to suspend liquidation of entries of subject merchandise from Vietnam that were entered, or withdrawn from warehouse, for consumption on or after July 1, 2024, the date of publication of the *Preliminary Determination* in the **Federal Register** for entries produced and/or exported by Go-Pak. Because we preliminarily determined that critical circumstances existed with respect to Xie Li, the four non-responsive companies, and all other producers and/or exporters, we instructed CBP to suspend liquidation of entries of subject merchandise from Vietnam that were entered, or withdrawn from warehouse, for consumption, on or after April 2, 2024, which is 90 days prior to the date of the publication of the *Preliminary Determination* in the **Federal Register**. In accordance with section 703(d) of the Act, we instructed CBP to discontinue the suspension of liquidation of all entries of subject merchandise entered or withdrawn from warehouse, on or after, October 29, 2024, but to continue the suspension of liquidation of all entries of subject merchandise that were subject to suspension of liquidation between April 2, 2024, and October 28, 2024.

If the U.S. International Trade Commission (ITC) issues a final affirmative injury determination, we will issue a countervailing duty order, reinstate the suspension of liquidation under section 706(a) of the Act, and require a cash deposit of estimated countervailing duties for such entries of subject merchandise. If the ITC determines that material injury, or threat of material injury, does not exist, this proceeding will be terminated, and all estimated duties deposited or securities posted as a result of the suspension of liquidation will be refunded or cancelled.

ITC Notification

In accordance with section 705(d) of the Act, we will notify the ITC of our final affirmative determination that countervailable subsidies are being provided to producers and exporters of paper plates from Vietnam. Because the final determination is affirmative, in accordance with section 705(b) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of paper plates from Vietnam no later than 45 days after our final determination. In addition, we are making available to the ITC all non-privileged and nonproprietary information related to this investigation. We will allow the ITC

access to all privileged and business proprietary information in our files, provided the ITC confirms that it will not disclose such information, either publicly or under an administrative protective order (APO), without the written consent of the Assistant Secretary for Enforcement and Compliance. If the ITC determines that material injury or threat of material injury does not exist, this proceeding will be terminated and all cash deposits will be refunded.

If the ITC determines that such injury does exist, Commerce will issue a countervailing duty order directing CBP to assess, upon further instruction by Commerce, countervailing duties on all imports of the subject merchandise that are entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Continuation of Suspension of Liquidation” section.

Administrative Protective Order

In the event that the ITC issues a final negative injury determination, this notice will serve as the only reminder to parties subject to an APO of their responsibility concerning the destruction of proprietary information disclosed under APO, in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 705(d) and 777(i) of the Act, and 19 CFR 351.210(c).

Dated: January 21, 2025.

Abdelali Elouaradia,

Deputy Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Background

On September 25, 2024, the U.S. Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of certain corrosion-resistant steel products (CORE) from Australia, Brazil, Canada, Mexico, the Netherlands, South Africa, Taiwan, Türkiye, the UAE, and Vietnam.¹ Currently, the preliminary determinations are due no later than February 12, 2025.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) the petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On January 10, 2025, the petitioners² submitted timely requests that
