The Climate and Ecosystem Steering Committee will meet and introduce members and staff to each other. They will receive briefings on the following topics and discuss the role of the Steering Committee: The Council's Inflation Reduction Act-funded projects, NOAA's annual State of the Ecosystem report and its application to management decisions, and implementation of the Council's new Risk Policy.

They will also discuss the role of the Steering Committee in supporting the Council's participation in the East Coast Climate Coordination Group (E3CG) and engaging with NOAA's Climate Ecosystems and Fisheries Initiative (CEFI). The Committee will agree on Committee operations (leadership, subgroups, evaluating success). They will also plan stakeholder outreach about the Council's regional climate initiatives. Other business will be discussed, if necessary.
