Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

### Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the company subject to this review will be equal to the weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 16.27 percent, the all-others rate established in the LTFV investigation for this proceeding.<sup>7</sup> These deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

<sup>7</sup> See Order, 83 FR at 40753.

### Administrative Protective Order

This notice serves as the only reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

### Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i) of the Act, and 19 CFR 351.221(b)(5).

Dated: January 30, 2025.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. RM01-5-000]

#### Notice of Changes To Enable Filers Making eTariff Filings To Designate Applicants and To Add Service List Entries; Electronic Tariff Filings

Take notice that on February 3, 2025,  
 changes to the Commission's systems  
 have been implemented to enable filers  
 making eTariff filings to designate the  
 lead and additional or co-applicants on  
 a filing and to include additional names  
 in the service list through FERC Online.

#### I. Filings in Which the Lead Applicant and Company IDs Are the Same

For most filings in which the lead  
 applicant\_id and the company\_id are  
 the same, the only applicant will be the  
 company name associated with the  
 Company Registration ID used for both  
 the lead\_applicant\_id and the company\_id.  
 All registered email addresses added  
 in FERC Online will be added to the  
 service list. The last active account  
 manager email address in company  
 registration also will be added to the  
 service list.

#### II. Filings in Which the Lead Applicant ID Differs From Company ID

When the filing company (company\_id)  
 is filing on behalf of another entity  
 as lead applicant, the filing company  
 can choose whether it wants to be  
 considered an Additional or Co-  
 Applicant. Section A describes the  
 process to be used in FERC Online by  
 which the filing company *will not be*  
 considered an Applicant or Co-  
 Applicant and *will not be* added to the  
 service list. Section B describes the  
 process to be used in FERC Online by  
 which the filing company *will be*  
 considered an Applicant or Co-  
 Applicant and *will be* added to the  
 service list.

#### A. Filing Company Does Not Want To Be Considered an Additional Applicant

1. Filers that do not want the filing  
 company (company\_id) to be considered

an applicant will still be required to  
 include *the one registered email address*  
*required by FERC Online* as the  
 "Signer" associated with the company\_id.  
 But they *should not add* any  
 additional email address for the filing  
 company. If filed in this manner, the  
 filing company will not be considered  
 an Additional or Co-Applicant and the  
 single (signer) email address will not be  
 added to the service list.

2. The last active account manager  
 email address in company registration  
 associated with the lead\_applicant\_id  
 will be added to the service list  
 automatically.

3. To add additional registered email  
 addresses for the lead applicant, the  
 filer can select the lead applicant as an  
 "Additional Applicant" in FERC Online  
 and add the desired email addresses for  
 that entity.

#### B. Filing Company Wants To Be Considered an Additional Applicant

1. Filers that want the filing company  
 associated with the company\_id to be an  
 Additional or Co-Applicant on the filing  
 must include more than one registered  
 email address (in addition to the  
 "Signer" in FERC Online).<sup>1</sup> If more than  
 one email address is added, the filing  
 company will be treated as an  
 Additional Applicant or Co-Applicant  
 and all email addresses for the filing  
 company will be added to the service  
 list.

2. The last active account manager  
 email address in company registration  
 associated with the lead\_applicant\_id  
 will be added to the service list  
 automatically.

3. To add additional registered email  
 addresses for the lead applicant, the  
 filer can select the lead applicant as an  
 "Additional Applicant" in FERC Online  
 and add the desired email addresses for  
 that entity.

As the Commission systems are  
 upgraded, the goal is to make this  
 process more straightforward in the  
 future. But, given our current systems,  
 this approach will enable filers to  
 correctly identify the applicants on a  
 filing and include additional registered  
 email addresses to the service list as  
 part of the filing.

Questions on these changes should be  
 directed to: Michael Goldenberg at  
[Michael.Goldenberg@ferc.gov](mailto:Michael.Goldenberg@ferc.gov), James  
 Sarikas at [James.Sarikas@ferc.gov](mailto:James.Sarikas@ferc.gov), and  
[etariffresponse@ferc.gov](mailto:etariffresponse@ferc.gov).

<sup>1</sup> Filing companies (company-id) that want to be  
 considered an Additional or Co-Applicant and only  
 want a single contact for the service list can enter  
 the same email address as both the signer and other  
 contact.
