acquired on the basis of the number of hours to be provided, to identify uncompensated overtime hours in excess of 40 hours per week, whether at the prime or subcontract level. This includes uncompensated overtime hours that are in indirect cost pools for personnel whose regular hours are normally charged direct.

The contracting officer will use the collected information to perform an adequate cost realism analysis of the offerors' proposed labor rates. Proposals which include unrealistically low labor rates, or which do not otherwise demonstrate cost realism, will be considered by the contracting officer in a risk assessment and evaluated appropriately. The primary purpose for obtaining the information and using it during the source selection process is to discourage the use of uncompensated overtime.

Information Collection; Value Engineering Requirements

AGENCY: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, and the Office of Management and Budget (OMB) regulations, DoD, GSA, and

NASA invite the public to comment on an extension concerning value engineering requirements. DoD, GSA, and NASA invite comments on: whether the proposed collection of information is necessary for the proper performance of the functions of Federal Government acquisitions, including whether the information will have practical utility; the accuracy of the estimate of the burden of the proposed information collection; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. OMB has approved this information collection for use through June 30, 2025. DoD, GSA, and NASA propose that OMB extend its approval for use for three additional years beyond the current expiration date.

DATES: DoD, GSA, and NASA will consider all comments received by May 12, 2025.

ADDRESSES: DoD, GSA, and NASA invite interested persons to submit comments on this collection through *https://www.regulations.gov* and follow the instructions on the site. This website provides the ability to type short comments directly into the comment field or attach a file for lengthier comments. If there are difficulties submitting comments, contact the GSA Regulatory Secretariat Division at 202–501–4755 or *GSARegSec@gsa.gov.*

Instructions: All items submitted must cite OMB Control No. 9000–0027, Value Engineering Requirements. Comments received generally will be posted without change to *https://www.regulations.gov,* including any personal and/or business confidential information provided. To confirm receipt of your comment(s), please check *www.regulations.gov,* approximately two-to-three days after submission to verify posting.

FOR FURTHER INFORMATION CONTACT: *FARPolicy@gsa.gov* or call 202–969–4075.

SUPPLEMENTARY INFORMATION:

A. OMB Control Number, Title, and Any Associated Form(s)

9000–0027, Value Engineering Requirements.

B. Need and Uses

This clearance covers the information that contractors must submit to comply with the following Federal Acquisition Regulation (FAR) requirements:
* *FAR 52.248–1, Value Engineering; 52.248–2, Value Engineering-Architect-*

Engineer; and 52.248–3, Value Engineering-Construction. These clauses require contractors submitting Value Engineering Change Proposals (VECP's) to the Government to provide such details as: a description of the differences between the existing contract requirement and the proposed requirement, and the comparative advantages and disadvantages of each; a list and analysis of contract requirements that must be changed if the VECP is accepted; a detailed cost estimate showing anticipated reductions associated with the VECP; a statement of the time a modification accepting the VECP must be issued to achieve maximum cost reduction, and the effect on contract completion time; and identification of any previous submissions of the VECP; the agencies and contract numbers involved and previous Government actions, if known.

The Government will use the collected information to evaluate the VECP and, if accepted, to arrange for an equitable sharing plan.
