

a notice of court decision that is not “in harmony” with a Commerce determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s February 28, 2025, judgment constitutes

a final decision of the CIT that is not in harmony with Commerce’s *Final Results*. Thus, this notice is published in fulfillment of the publication requirements of *Timken*.

Amended Final Results

Because there is now a final court judgment, Commerce is amending its *Final Results* with respect to Grupo Simec, Grupo Acerero, and Sidertul as follows:

Producer/exporter	Estimated weighted-average dumping margin (percent)
Grupo Simec (Grupo Simec S.A.B. de C.V., Aceros Especiales Simec Tlaxcala, S.A. de C.V.; Compania Siderurgica del Pacifico S.A. de C.V.; Fundiciones de Acero Estructurales, S.A. de C.V.; Grupo Chant S.A.P.I. de C.V.; Operadora de Perfiles Sigosa, S.A. de C.V.; Orge S.A. de C.V.; Perfiles Comerciales Sigosa, S.A. de C.V.; RRLC S.A.P.I. de C.V.; Siderúrgicos Noroeste, S.A. de C.V.; Siderurgica del Occidente y Pacifico S.A. de C.V.; Simec International 6 S.A. de C.V.; Simec International, S.A. de C.V.; Simec International 7 S.A. de C.V.; and Simec International 9 S.A. de C.V.)	0.00
Grupo Acerero S.A. de C.V.	0.00
Sidertul S.A. de C.V.	0.00

Cash Deposit Requirements

Because Grupo Simec, Grupo Acerero, and Sidertul each have a superseding cash deposit rate, *i.e.*, there have been final results published in a subsequent administrative review, we will not issue revised cash deposit instructions to U.S. Customs and Border Protection (CBP). This notice will not affect the current cash deposit rate.

Liquidation of Suspended Entries

At this time, Commerce remains enjoined by CIT order from liquidating entries that: were produced and/or exported by Grupo Simec,¹⁰ produced and exported by Grupo Acerero, produced and/or exported by Sidertul, and were entered, or withdrawn from warehouse, for consumption during the period November 1, 2019 through October 31, 2020. These entries will remain enjoined pursuant to the terms of the injunction during the pendency of any appeals process.

In the event the CIT’s ruling is not appealed, or, if appealed, upheld by a final and conclusive court decision, Commerce intends to instruct CBP to assess antidumping duties on unliquidated entries of subject merchandise produced and/or exported by Grupo Simec, produced and exported by Grupo Acerero, and produced and/or exported by Sidertul, in accordance

with 19 CFR 351.212(b). We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate is not zero or *de minimis*. Where an import-specific *ad valorem* assessment rate is zero or *de minimis*,¹¹ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Notification to Interested Parties

This notice is issued and published in accordance with sections 516A(c) and (e) and 777(i)(1) of the Act.

Dated: March 10, 2025.

SUPPLEMENTARY INFORMATION:

Agenda

The Scallop Advisory Panel will meet to review input from the Visioning Sessions and discuss the development of the Long-Term Scallop Strategic Plan. They also plan to review progress on the LAGC IFQ Program Review. Other business will be discussed, if necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council’s intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

¹⁰ As discussed above, Commerce has previously collapsed multiple entities as Grupo Simec. The Grupo Simec entries enjoined include those produced and/or exported by Grupo Simec S.A.B. de C.V.; Aceros Especiales Simec Tlaxcala, S.A. de C.V.; Compania Siderurgica del Pacifico S.A. de C.V.; Fundiciones de Acero Estructurales, S.A. de C.V.; Grupo Chant S.A.P.I. de C.V.; Operadora de Perfiles Sigosa, S.A. de C.V.; Orge S.A. de C.V.; Perfiles Comerciales Sigosa, S.A. de C.V.; RRLC S.A.P.I. de C.V.; Siderurgicos Noroeste, S.A. de C.V.; Siderurgica del Occidente y Pacifico S.A. de C.V.; Simec International 6 S.A. de C.V.; Simec International, S.A. de C.V.; Simec International 7 S.A. de C.V.; and Simec International 9 S.A. de C.V.

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to the City of Hoonah's Cargo Dock Project, Hoonah, Alaska

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of an incidental harassment authorization.

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA) as amended, notification is hereby given that NMFS has issued an incidental harassment authorization (IHA) to the City of Hoonah (Hoonah) to incidentally harass marine mammals during pile driving and removal activities associated with the Hoonah Cargo Dock project in Hoonah, Alaska. There are no changes from the proposed authorization in this final authorization.

DATES: This authorization is effective from September 1, 2025 through August 31, 2026.

ADDRESSES: Electronic copies of the application and supporting documents, as well as a list of the references cited in this document, may be obtained online at: <https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-activities>. In case of problems accessing these documents, please call the contact listed below.

FOR FURTHER INFORMATION CONTACT: Rachel Wachtendonk, Office of Protected Resources, NMFS, (301) 427-8401.

SUPPLEMENTARY INFORMATION:

Background

The MMPA prohibits the "take" of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are proposed or, if the taking is limited to harassment, a notice of a proposed IHA is provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the species or stock(s) and will not have an unmitigable adverse impact on the availability of the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other "means of effecting the least practicable adverse impact" on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of the species or stocks for taking for certain subsistence uses (referred to in shorthand as "mitigation"); and requirements pertaining to the monitoring and reporting of the takings. The definitions of all applicable MMPA statutory terms used above are included in the relevant sections below and can be found in section 3 of the MMPA (16 U.S.C. 1362) and NMFS regulations at 50 CFR 216.103.

Summary of Request

On May 10, 2024, NMFS received a request from Hoonah for an IHA to take marine mammals incidental to pile driving and removal activities associated with the Hoonah Cargo Dock project in Hoonah, Alaska. Following NMFS' review of the application, Hoonah submitted a revised version on September 10, 2024 and October 15, 2024. The application was deemed adequate and complete on October 22, 2024. Hoonah's request is for take of eight species of marine mammals by Level B harassment and, for a subset of these species, Level A harassment. Neither Hoonah nor NMFS expect serious injury or mortality to result from this activity and, therefore, an IHA is appropriate.

NMFS previously issued an IHA to Hoonah for the Hoonah Cargo Dock project (86 FR 27410, May 20, 2021),

and later changed the effective dates of the IHA in a re-issuance (87 FR 27571, May 9, 2022). However, due to COVID and inflation no work under the IHA was conducted. Since then, Hoonah has made several changes to their project plan and, therefore, a new IHA is appropriate.

There are no changes from the proposed IHA to the final IHA.

Description of the Specified Activity

Overview

Hoonah plans to install a cargo dock at the Hoonah Marine Industrial Center (HMIC) in Hoonah, Alaska starting in September 2025. Work would occur on approximately 107 days over a span of 5 months. Construction of the sheet pile cargo dock, barge ramp, and breasting dolphins will require impact and vibratory pile installation and down-the-hole (DTH) drilling (referred to as tension anchoring).

The construction of the sheet pile cargo dock, barge ramp, and breasting dolphins will include the installation of 542 (330 linear feet (ft), or 100.6 linear meters (m)) steel sheet piles, 5 steel wye piles, 1 steel X pile, 3 20-inch (in), or 0.51-m steel fender piles, 2 16-in (0.41 m) fender piles, 7 H-piles, 4 36-in (0.91 m) steel pipe piles, and 6 36-in (0.91 m) steel batter piles. The installation and removal of 50 temporary 24-in (0.61 m) steel pipe piles will be completed to support the permanent pile installation. Piles will be installed with vibratory and impact hammers, and temporary piles will be removed with a vibratory hammer. 8-to-10-in (0.20 to 0.25 m) steel pipe casings will be placed in each steel pipe/batter piles as tension anchors and set with tension anchoring.

A detailed description of the planned construction project is provided in the **Federal Register** notice for the proposed IHA (90 FR 1084, January 7, 2025). Since that time, no changes have been made to the planned activities. Therefore, a detailed description is not provided here. Please refer to that **Federal Register** notice for the description of the specified activity.

Comments and Responses

A notice of NMFS' proposal to issue an IHA to Hoonah was published in the **Federal Register** on January 7, 2025 (90 FR 1084). That notice described, in detail, Hoonah's activity, the marine mammal species that may be affected by the activity, and the anticipated effects on marine mammals. In that notice, we requested public input on the request for authorization described therein, our analyses, the proposed authorization, and any other aspect of the notice of
