However, to facilitate distribution of materials to the METAC members, the METAC suggests that members of the public forward their materials prior to the meeting via email to [TAC@bis.doc.gov](mailto:TAC@bis.doc.gov). Material submitted by the public will be made public; therefore, submissions should not contain confidential information. Meeting materials from the public session will be accessible via the Technical Advisory Committee (TAC) site at: <https://tac.bis.doc.gov>, within 30 days after the meeting.

#### Closure Determination

A Senior Advisor, performing the Non-Exclusive Functions and Duties of the Chief Financial Officer and Assistant Secretary for Administration, with the concurrence of the delegate of the General Counsel, formally determined, pursuant to 5 U.S.C. 1009(d), that the portion of the meeting dealing with pre-decisional changes to the Commerce Control List and the U.S. export control policies shall be exempt from the provisions relating to public meetings found in 5 U.S.C. 1009(a)(1) and 1009(a)(3). The remaining portions of the meeting will be open to the public. The exemption is authorized by section 1009(d) of the FACA, which permits the closure of advisory committee meetings, or portions thereof, if the head of the agency to which the advisory committee reports determines such meetings may be closed to the public in accordance with subsection (c) of the Government in the Sunshine Act (5 U.S.C. 552b(c)). In this case, the applicable provisions of 5 U.S.C. 552b(c) are subsection 552b(c)(4), which permits closure to protect trade secrets and commercial or financial information that is privileged or confidential, and subsection 552b(c)(9)(B), which permits closure to protect information that would be likely to disclose information the premature disclosure of which would be likely to significantly frustrate implementation of a proposed agency action. The closed session of the meeting will involve committee discussions and guidance regarding U.S. Government strategies and policies.

#### Meeting Cancellation

If the meeting is cancelled, a cancellation notice will be posted on the TAC website at: <https://tac.bis.doc.gov>.

**SUPPLEMENTARY INFORMATION:****I. Abstract**

This is a request for renewal of an approved information collection. NOAA Fisheries, Southeast Fisheries Science Center, annually collects economic data from commercial fishermen in the Gulf and South Atlantic shrimp fisheries who hold one or more permits for harvesting shrimp from federal waters (U.S. Exclusive Economic Zone). A collection of economic information from fishers affected by the management of federal commercial fisheries is needed to ensure that national goals, objectives, and requirements of the Magnuson-Stevens Fishery Conservation and Management Act (MFCMA) and other laws are met. These data are needed to conduct economic analyses in support of management of the shrimp fishery and to satisfy legal requirements. Information about revenues, variable and fixed costs, capital investment and other economic information is collected from a random sample of permit holders. The data will be used to assess how fishermen will be impacted by and respond to federal regulation likely to be considered by fishery managers. No changes are requested with this renewal request.

**II. Method of Collection**

The information will be collected on paper using a mail survey.
