SUPPLEMENTARY INFORMATION: The subject permit is requested under the Marine Mammal Protection Act of 1972, as amended (MMPA; 16 U.S.C. 1361 *et seq.*) and the regulations governing the taking of ENP gray whales by the Makah Indian Tribe off the coast of Washington State (50 CFR part 216, subpart J). The applicant, the Makah Indian Tribe, proposes to conduct a ceremonial and subsistence hunt consistent with the purposes of the MMPA and the regulations at 50 CFR part 216, subpart J. The Tribe proposes using both traditional methods (e.g., a wooden canoe and harpoon) and modern methods (motorized vessels and rifles) to conduct the hunt, in order to balance the preservation of traditional cultural methods with maximizing the safety, efficiency, and humaneness of the hunt. The duration of the requested permit is 28 months, lasting from July 1, 2025 through October 31, 2027. The Tribe proposes to conduct training and hunting activities between July 1st and October 31st in 2025 and 2027. In each of those two years, the Tribe requests a maximum of 142 ENP gray whales to be approached, a maximum of 12 to be subjected to unsuccessful strike attempts or training harpoon throws, a maximum of 2 to be struck, and a maximum of 1 to be landed. All proposed hunting and training activities would take place in the Makah Tribe's usual and accustomed fishing grounds west of the Bonilla-Tatoosh Line as defined by 50 CFR 216.112.

For more information on the proposed method of taking, including the training and certification procedures for the members of the whaling crew, refer to the permit application and supporting materials available at <https://www.fisheries.noaa.gov/resource/document/makah-tribe-permit-application-hunt-gray-whales>. Section

104 of the MMPA governs the issuance of permits for the taking of marine mammals, and outlines specific procedures and timelines under which the permitting process must be conducted (16 U.S.C. 1374). NMFS is required to invite interested parties to submit written comments, data, or views within thirty days of the publication of a notice of receipt of a permit application in the **Federal Register** (50 CFR 216.33(d)(4)). Here, we have afforded interested parties forty-five days to submit comments, data, or views by mail, email, or through the regulations.gov portal. Due to the timeline set forth under Section 104, we anticipate we will be unable to extend this comment period beyond forty-five days.

In compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), an initial determination has been made that the proposed issuance of the requested permit and resulting effects have been thoroughly evaluated in the Final Environmental Impact Statement (FEIS) on the Makah Tribe Request to Hunt Gray Whales (NMFS 2023). The FEIS is available electronically at <https://s3.amazonaws.com/media.fisheries.noaa.gov/2023-11/makah-waiver-feis-110923.pdf>.

Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of the application to the Marine Mammal Commission and its Committee of Scientific Advisors.

Dated: March 14, 2025.

Comments

A 60-day Notice requesting public comment was published in the **Federal Register** on December 13, 2024 at Vol. 89 100471. This comment period ended February 10, 2025. No public comments were received from this Notice.

Title of Collection: Schools of National Service Commitment Form.

OMB Control Number: 3045–0143.

Type of Review: Revision.

Respondents/Affected Public: Businesses and Organizations.

Total Estimated Number of Annual Responses: 200.

Total Estimated Number of Annual Burden Hours: 100.

Abstract: The Schools of National Service initiative, formerly the Segal Education Award Matching Program,

helps higher education and post-secondary institutions connect with AmeriCorps alumni. To qualify as a School of National Service, the institution must complete a commitment form, committing to provide one or more incentives to AmeriCorps members and alumni seeking to attend their institution. This collection allows AmeriCorps and the institution to enhance the educational opportunities available to AmeriCorps alumni because of their service. AmeriCorps is seeking to revise the commitment form to add checkbox options for career and technical education (CTE) and other program types the institution may offer; add checkbox options for whether programs are offered online, in person, or both; and add a field for the institution to indicate whether it offers benefits to senior citizens and at what age eligibility begins. The revision would also delete the entry for the percentage of education award that the institution will match for AmeriCorps alumni it accepts for admission to the institution. AmeriCorps also seeks to continue using the currently approved information collection until the revised information collection is approved by OMB. The currently approved information collection is due to expire on March 31, 2025.

Rhonda Taylor,

Acting Senior Advisor for Strategic Partnerships.
