

**Request for Public Comments**

We request comment on our analyses, the proposed authorization, and any other aspect of this notice of proposed IHA for the proposed construction project. We also request comment on the potential renewal of this proposed IHA as described in the paragraph below. Please include with your comments any supporting data or literature citations to help inform decisions on the request for this IHA or a subsequent renewal IHA.

On a case-by-case basis, NMFS may issue a one-time, 1-year renewal IHA following notice to the public providing an additional 15 days for public comments when (1) up to another year of identical or nearly identical activities as described in the Description of Proposed Activity section of this notice is planned or (2) the activities as described in the Description of Proposed Activity section of this notice would not be completed by the time the IHA expires and a renewal would allow for completion of the activities beyond that described in the *Dates and Duration* section of this notice, provided all of the following conditions are met:

- A request for renewal is received no later than 60 days prior to the needed renewal IHA effective date (recognizing that the renewal IHA expiration date cannot extend beyond 1 year from expiration of the initial IHA).

- The request for renewal must include the following:

(1) An explanation that the activities to be conducted under the requested renewal IHA are identical to the activities analyzed under the initial IHA, are a subset of the activities, or include changes so minor (*e.g.*, reduction in pile size) that the changes do not affect the previous analyses, mitigation and monitoring requirements, or take estimates (with the exception of reducing the type or amount of take).

(2) A preliminary monitoring report showing the results of the required monitoring to date and an explanation showing that the monitoring results do not indicate impacts of a scale or nature not previously analyzed or authorized.

- Upon review of the request for renewal, the status of the affected species or stocks, and any other pertinent information, NMFS determines that there are no more than minor changes in the activities, the mitigation and monitoring measures will remain the same and appropriate, and the findings in the initial IHA remain valid.

**DEPARTMENT OF DEFENSE****Defense Acquisition Regulations System**

[Docket No. DARS-2025-0002]

**Acquisition of Items for Which Federal Prison Industries Has a Significant Market Share**

**AGENCY:** Defense Acquisition Regulations System, Department of Defense (DoD).

**ACTION:** Notice.

**SUMMARY:** DoD is publishing the updated annual list of product categories for which the Federal Prison Industries' share of the DoD market is greater than five percent.

**DATES:** April 9, 2025.

**FOR FURTHER INFORMATION CONTACT:** Angela Lynch, 339-223-7387.

**SUPPLEMENTARY INFORMATION:** On November 19, 2009, a final rule was published in the **Federal Register** at 74 FR 59914, which amended the Defense Federal Acquisition Regulation Supplement (DFARS) subpart 208.6 to implement section 827 of the National Defense Authorization Act for Fiscal Year 2008 (Pub. L. 110-181). Section 827 changed DoD competition requirements for purchases from Federal Prison Industries, Inc. (FPI) by requiring DoD to publish an annual list of product categories for which FPI's share of the DoD market was greater than five percent, based on the most recent fiscal year data available. Product categories on the current list, and the products within each identified product category, must be procured using competitive or fair opportunity procedures in accordance with DFARS 208.602-70.

The Principal Director, Defense Pricing, Contracting, and Acquisition Policy (DPCAP), issued a memorandum dated March 10, 2025, that provided the current list of product categories for which FPI's share of the DoD market is greater than five percent based on fiscal year 2024 data from the Federal Procurement Data System. The product categories to be competed effective April 9, 2025, are the following:

- 7110 (Office Furniture)
- 7290 (Miscellaneous Household and Commercial Furnishings and Appliances)
- 8125 (Bottles and Jars)
- 8405 (Outerwear, Men's)
- 8410 (Outerwear, Women's)
- 8415 (Clothing, Special Purpose)
- 8420 (Underwear and Nightwear, Men's)

The DPCAP memorandum with the current list of product categories for

which FPI has a significant market share is posted at [https://www.acq.osd.mil/dpap/policy/policyvault/USA000184-25\\_DPCAP.pdf](https://www.acq.osd.mil/dpap/policy/policyvault/USA000184-25_DPCAP.pdf).

The statute, as implemented, also requires DoD to—

(1) Include FPI in the solicitation process for these items. A timely offer from FPI must be considered and award procedures must be followed in accordance with existing policy at Federal Acquisition Regulation (FAR) 8.602(a)(4)(ii) through (v);

(2) Continue to conduct acquisitions, in accordance with FAR subpart 8.6, for items from product categories for which FPI does not have a significant market share. FAR 8.602 requires agencies to conduct market research and make a written comparability determination, at the discretion of the contracting officer. Competitive (or fair opportunity) procedures are appropriate if the FPI product is not comparable in terms of price, quality, or time of delivery; and

(3) Modify the published list if DoD subsequently determines that new data requires adding or omitting a product category from the list.

## FEDERAL MARITIME COMMISSION

[FMC-2024-0015]

### Agency Information Collection Activities: Submission for OMB Review; Comment Requested; Controlled Carriers

**AGENCY:** Federal Maritime Commission.

**ACTION:** Notice and request for comment.

**SUMMARY:** The Federal Maritime Commission (Commission) is giving public notice that the agency has submitted the continuing information collection listed below in this notice to the Office of Management and Budget (OMB) for approval. The public is invited to comment on the proposed information collection pursuant to the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before April 23, 2025.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Currently under 30-day Review—Open

for Public Comments” or by using the search function.

**FOR FURTHER INFORMATION CONTACT:** For additional information, please email Lucille Marvin, 202-523-5800, [OMD@fmc.gov](mailto:OMD@fmc.gov).

**SUPPLEMENTARY INFORMATION:** The Commission invites the general public and other Federal agencies to comment on any aspect of the continuing information collection listed in this notice, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). We are particularly interested in receiving comments on: (1) The necessity and utility of the proposed information collection for the proper performance of the agency’s functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Comments submitted in response to this notice will be included or summarized in our request for OMB approval of the relevant information collection. All comments are part of the public record and subject to disclosure. Please do not include any confidential or inappropriate material in your comments.

### Previous Request for Comments

On August 23, 2024, the Commission published a notice and request for comment in the **Federal Register** (89 FR 68159) regarding the agency’s request for approval from OMB for information collections as required by the Paperwork Reduction Act of 1995. During the 60-day period, the Commission received one comment. That comment was outside the scope of the information collection and was not considered.

### Information Collection Open for Comment

**Title:** 46 CFR part 565—Controlled Carriers.

**OMB Approval Number:** 3072-0060 (Expires April 30, 2025).

**Abstract:** The Shipping Act requires that the Commission monitor the practices of controlled carriers (defined at 46 U.S.C. 40102(9)) to ensure that they do not maintain rates or charges in their tariffs and service contracts that are below a level that is just and reasonable; nor establish, maintain, or enforce unjust or unreasonable classifications, rules, or regulations in those tariffs or service contracts that result or are likely to result in the

carriage or handling of cargo at rates or charges that are below a just and reasonable level, 46 U.S.C. 40701–40706. Part 565, title 46 of the Code of Federal Regulations establishes the method by which the Commission determines whether a particular ocean common carrier is a controlled carrier subject to 46 U.S.C. 40701–40706. When a government acquires a controlling interest in an ocean common carrier, or when a controlled carrier newly enters a United States trade, the Commission’s rules require that such a carrier notify the Commission of these events.

**Current Actions:** There are no changes to this information collection, and it is being submitted for extension purposes only.

**Type of Review:** Extension.

**Needs and Uses:** The Commission uses these notifications in order to effectively discharge its statutory duty to determine whether a particular ocean common carrier is a controlled carrier and therefore subject to the requirements of 46 U.S.C. 40701–40706.

**Frequency:** The submission of notifications from controlled carriers is not assigned to a specific time frame by the Commission; they are submitted as circumstances warrant. The Commission only requires notification when a majority portion of an ocean common carrier becomes owned or controlled by a foreign government, or when a controlled carrier newly begins operation in any United States trade.

**Type of Respondents:** Controlled carriers are ocean common carriers that are, or whose operating assets are, directly or indirectly, owned or controlled by a foreign government. The Shipping Act defines “controlled carriers” at 46 U.S.C. 40102(9).

**Number of Annual Respondents:** The Commission cannot anticipate when a new controlled carrier may enter the United States trade, when ownership or control of a carrier will change so that notification is required, or when a controlled carrier exits the United States trade. Over the past three years, the Commission has received, on average, fewer than one notification per year. However, as the Commission has recently classified several additional carriers as controlled carriers, the total estimated burden is increased.

**Estimated Time per Response:** The estimated time for each notification is 2 hours.

**Total Annual Burden:** For purposes of calculating total annual burden, the Commission assumes 12 responses annually. The Commission thus estimates the total annual burden to be
