

necessary to prepare the substance for that delivery.” Ga. Code Ann. section 16–13–21(9) (2024). Further, a “practitioner” means a “physician . . . or other person licensed, registered, or otherwise authorized under the laws of [Georgia] to distribute, dispense, conduct research with respect to, or administer a controlled substance in the course of professional practice or research in [Georgia].” *Id.* at section 16–13–21(23)(A).

Here, the undisputed evidence in the record is that Registrant lacks authority to practice medicine in Georgia. As discussed above, a physician must be a licensed practitioner to dispense a controlled substance in Georgia. Thus, because Registrant lacks authority to practice medicine in Georgia and, therefore, is not authorized to handle controlled substances in Georgia, Registrant is not eligible to maintain a DEA registration. Accordingly, the Agency will order that Registrant’s DEA registration be revoked.

Order

Pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 824(a), I hereby revoke DEA Certificate of Registration No. FL2241305, issued to Harvey Leslie, M.D. Further, pursuant to 28 CFR 0.100(b) and the authority vested in me by 21 U.S.C. 823(g)(1), I hereby deny any pending applications of Harvey Leslie, M.D., to renew or modify this registration, as well as any other pending application of Harvey Leslie, M.D., for additional registration in Georgia. This Order is effective April 28, 2025.

The applicant plans to manufacture bulk active pharmaceutical ingredients (APIs) for product development and distribution to DEA registered researchers.
