

matching activity may request a copy of the applicable computer matching agreement at the address provided above.

PARTICIPATING AGENCIES: The Department of Housing and Urban Development's (HUD) Office of Housing, Multifamily Housing (MFH), and Office of Public and Indian Housing (PIH); and the Department of the Treasury, Bureau of the Fiscal Service.

AUTHORITY FOR CONDUCTING THE MATCHING PROGRAM: The statutory authorities for the matching program include the Payment Integrity Information Act of 2019 (31 U.S.C. 3351 *et seq.*), OMB Memorandums M–21–19, M–18–20, the Presidential Memorandum on Enhancing Payment Accuracy through a “Do Not Pay List” (June 18, 2010), and Executive Order 13520 “Reducing Improper Payments and Eliminating Waste in Federal Programs” (November 20, 2009).

PURPOSE(S): The purpose of this Computer Matching Agreement (CMA) is to establish the conditions, safeguards, and procedures under which HUD will conduct a matching program with the Department of the Treasury, Bureau of the Fiscal Service (Fiscal Service), Do Not Pay Business Center (DNP), to provide identifying information through Treasury's Working System. The information will be used by HUD to detect suspected instances of programmatic fraud, waste, and abuse (FW&A). The CMA provides prompt access to up-to-date information and avoids the need for manual file comparison.

CATEGORIES OF INDIVIDUALS: Individuals applying for or receiving benefits under HUD-administered programs.

CATEGORIES OF RECORDS: Data elements will be sent by HUD to Fiscal Service for matching against Treasury's Working System including Tax Identification Number (TIN), entity Name, Person First Name, Person Middle Name, Person Last Name.

SYSTEM(S) OF RECORDS: The records involved in the matching program are maintained in systems including Bureau of the Fiscal Service .017, HUD/PIH–01, HUD/HOU–11, HUD/CFO–03, and HUD/PIH–5.

Ladonne White,

*Acting Senior Agency Official for Privacy,
Department of Housing & Urban
Development.*

BILLING CODE 4210–67–P

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX25LR000F60100; OMB Control Number 1028–0053/Renewal]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Nonferrous Metals Surveys (26 Forms)

AGENCY: U.S. Geological Survey, Department of the Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the U.S. Geological Survey (USGS, we) proposes to renew an information collection with revisions.

DATES: Interested persons are invited to submit comments. To be considered, we must receive your comments on or before May 1, 2025.

ADDRESSES: Send your comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395–5806. Please provide a copy of your comments by mail to U.S. Geological Survey, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192; or by email to gs-info_collections@usgs.gov. Please reference OMB Control Number 1028–0053 Nonferrous Metals Surveys in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT:

Elizabeth S. Sangine by email at escottsangine@usgs.gov, or by telephone at 703–648–7720. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA, as part of our continuing effort to reduce paperwork and respondent burdens, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection

requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period on this information collection was published on November 12, 2024 (89 FR 89025). One comment was received from the Bureau of Economic Analysis supporting the collection of this data as nationally important. We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comments addressing the following issues:

(1) is the collection necessary to the proper functions of the USGS minerals information mission; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the USGS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the USGS minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: Respondents will provide the USGS with domestic production and consumption data for 22 ores, concentrates, and metals, some of which are considered strategic and critical. This data will help determine national defense stockpile goals. USGC will collect this data through the use of on-line electronic and paper forms. These data and derived information will be published as chapters in minerals yearbooks, monthly mineral industry surveys, annual mineral commodity summaries, and special publications for use by government agencies, congressional offices, educational institutions, research organizations, financial institutions, consulting firms, industry, academia, and the general public.

We will add a currently OMB-exempt “Battery Recycling” (USGS Form 9–4147–A) canvass that will permanently exceed 9 potential respondents and convert to OMB-exempt status the

“Alumina” (USGS Form 9–4055–A) and “Pig Tin” (USGS Form 9–4090–M) canvasses because of a permanent reduction in the number of potential respondents.

OMB-exempt canvasses are the canvasses with less than 10 expected potential respondents. Canvasses with less than 10 potential respondents are exempted under the PRA, and, therefore, are not included in ICRs. Such canvasses contain the statement “OMB approval not required” in the upper right corner. We also include the following statement on the canvass instrument: “This canvass is exempt from requirements of the Paperwork Reduction Act (44 U.S.C. 35) and does not require clearance from OMB.”

Title of Collection: Nonferrous Metals Surveys.

OMB Control Number: 1028–0053.

Form Number: Various (26 USGS forms).

Type of Review: Renewal with revisions of a currently approved collection.

Respondents/Affected Public: Businesses or other for-profit institutions; U.S. nonfuel minerals producers and consumers of nonferrous metals and related materials.

Total Estimated Number of Annual Respondents: 1,508.

Total Estimated Number of Annual Responses: 4,885.

Estimated Completion Time per Response: For each form, we will include an average burden time ranging from 20 minutes to 90 minutes.

Total Estimated Number of Annual Burden Hours: 3,616.

Respondent's Obligation: Voluntary. *Frequency of Collection:* monthly, quarterly, or annually.

Total Estimated Annual Non-hour Burden Cost: There are no “non-hour cost” burdens associated with this ICR.

An agency may not conduct or sponsor, nor is a person required to respond to a collection of information unless it displays a currently valid OMB control number.

The authorities for this action are the PRA, the National Materials and Minerals Policy, Research and Development Act of 1980 (30 U.S.C. 1601 *et seq.*), the National Mining and Minerals Policy Act of 1970 (30 U.S.C. 21(a)), the Strategic and Critical Materials Stock Piling Act (50 U.S.C. 98 *et seq.*), and the Defense Production Act (50 U.S.C. 2061 *et seq.*).

Braden Harker,

Director, National Minerals Information Center, U.S. Geological Survey.

BILLING CODE 4338–11–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 701–TA–501 (Second Review)]

Chlorinated Isocyanurates From China; Institution of a Five-Year Review

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to the Tariff Act of 1930 (“the Act”), as amended, to determine whether revocation of the countervailing duty order on chlorinated isocyanurates from China would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted April 1, 2025. To be assured of consideration, the deadline for responses is May 1, 2025. Comments on the adequacy of responses may be filed with the Commission by June 13, 2025.

FOR FURTHER INFORMATION CONTACT:

Alexis Yim (202–708–1446), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On November 13, 2014, the Department of Commerce (“Commerce”) issued a countervailing duty order on imports of chlorinated isocyanurates from China (79 FR 67424). Following the five-year reviews by Commerce and the Commission, effective May 7, 2020, Commerce issued a continuation of the countervailing duty order on imports of chlorinated isocyanurates from China (85 FR 27207). The Commission is now conducting a second review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether

revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full or expedited review. The Commission’s determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination and its expedited five-year review determination, the Commission defined a single *Domestic Like Product* consisting of all chlorinated isocyanurates, coextensive with Commerce’s scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic Industry* as all domestic integrated producers of chlorinated isocyanurates, as well as all domestic tableters of chlorinated isocyanurates. One Commissioner defined the *Domestic Industry* differently. In its expedited five-year review determination, the Commission defined the *Domestic Industry* as consisting of all U.S. producers of chlorinated isos, including tableters.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative
