

comments as CBI. Pursuant to 49 CFR 190.343, you may ask PHMSA to give confidential treatment to information you give to the Agency by taking the following steps: (1) mark each page of the original document submission containing CBI as “Confidential”; (2) send PHMSA, along with the original document, a second copy of the original document with the CBI deleted; and (3) explain why the information you are submitting is CBI. Unless you are notified otherwise, PHMSA will treat such marked submissions as confidential under the FOIA, and they will not be placed in the public docket of this notice. Submissions containing CBI should be sent to Lee Cooper, DOT, PHMSA–PHP–80, 1200 New Jersey Avenue SE, Washington, DC 20590–0001. Any commentary PHMSA receives that is not specifically designated as CBI will be placed in the public docket for this matter.

FOR FURTHER INFORMATION CONTACT:

General: Mr. Lee Cooper by phone at 202–913–3171 or by email at lee.cooper@dot.gov.

Technical: Mr. Thach Nguyen by phone at 909–262–4464 or by email at thach.d.nguyen@dot.gov.

SUPPLEMENTARY INFORMATION: On December 3, 2024, PHMSA received a request from GPLNG to renew special permit PHMSA–2018–0042 for three more years after the expiration date, which will extend the term of the special permit until June 3, 2028. Special permit PHMSA–2018–0042 allows GPLNG to deviate from the Federal pipeline safety regulations in 49 CFR 193.2603(a) and (b); 193.2607; 193.2609; 193.2619(c) and (e); 193.2631; and 193.2635(e) at the GPLNG Terminal, where all LNG facilities are under nitrogen purge. The GPLNG Terminal has not been operational since June 2012.

PHMSA granted special permit PHMSA–2018–0042 on June 3, 2019 with an original expiration date of June 2, 2025 for the GPLNG Terminal located in Jefferson County, Texas. The GPLNG Terminal consists of marine berths, LNG storage tanks, vaporization facilities, and other supporting facilities for LNG import operations. The additional three-year term will allow GPLNG to complete construction of the export facilities, including three liquefaction trains, and connect them to the existing facilities at the GPLNG Terminal for LNG export operations.

GPLNG’s renewal request, active special permit with conditions, and final environmental assessment (FEA) are available for review and public comment in Docket No. PHMSA–2018–

0042. The existing FEA, with a conclusion of no significant negative impact, remains adequate, pursuant to the National Environmental Policy Act of 1969, as amended (42 U.S.C. 4321 *et seq.*). No further environmental assessment is required for this proposal. PHMSA invites interested persons to review and submit comments in the docket on the special permit renewal request. Please submit comments on any potential safety, environmental, and other relevant considerations implicated by the special permit renewal request. Comments may include relevant data.

Before issuing a decision on the special permit request, PHMSA will evaluate all comments received on or before the closing date. Comments received after the closing date will be evaluated if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment it receives in making its decision to grant or deny this special permit request.

Issued in Washington, DC, on June 2, 2025 under authority delegated in 49 CFR 1.97.

Linda Daugherty,

Acting Associate Administrator for Pipeline Safety.

BILLING CODE 4910–60–P

DEPARTMENT OF THE TREASURY

Office of the Comptroller of the Currency

Agency Information Collection Activities: Information Collection Renewal; Comment Request; Lending Limits

AGENCY: Office of the Comptroller of the Currency (OCC), Treasury.

ACTION: Notice and request for comment.

SUMMARY: The OCC, as part of its continuing effort to reduce paperwork and respondent burden, invites comment on a continuing information collection, as required by the Paperwork Reduction Act of 1995 (PRA). In accordance with the requirements of the PRA, the OCC may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number. The OCC is soliciting comment concerning the renewal of its information collection titled, “Lending Limits.”

DATES: Comments must be received by August 11, 2025.

ADDRESSES: Commenters are encouraged to submit comments by email, if

possible. You may submit comments by any of the following methods:

- *Email:* prainfo@occ.treas.gov.
- *Mail:* Chief Counsel’s Office,

Attention: Comment Processing, Office of the Comptroller of the Currency, Attention: 1557–0221, 400 7th Street SW, Suite 3E–218, Washington, DC 20219.

- *Hand Delivery/Courier:* 400 7th Street SW, Suite 3E–218, Washington, DC 20219.

- *Fax:* (571) 293–4835.

Instructions: You must include “OCC” as the agency name and “1557–0221” in your comment. In general, the OCC will publish comments on www.reginfo.gov without change, including any business or personal information provided, such as name and address information, email addresses, or phone numbers. Comments received, including attachments and other supporting materials, are part of the public record and subject to public disclosure. Do not include any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure.

Following the close of this notice’s 60-day comment period, the OCC will publish a second notice with a 30-day comment period. You may review comments and other related materials that pertain to this information collection beginning on the date of publication of the second notice for this collection by the method set forth in the next bullet.

- *Viewing Comments Electronically:*

Go to www.reginfo.gov. Hover over the “Information Collection Review” tab and click on “Information Collection Review” from the drop-down menu. From the “Currently under Review” drop-down menu, select “Department of Treasury” and then click “submit.” This information collection can be located by searching OMB control number “1557–0221” or “Lending Limits.” Upon finding the appropriate information collection, click on the related “ICR Reference Number.” On the next screen, select “View Supporting Statement and Other Documents” and then click on the link to any comment listed at the bottom of the screen.

- For assistance in navigating www.reginfo.gov, please contact the Regulatory Information Service Center at (202) 482–7340.

FOR FURTHER INFORMATION CONTACT:

Shaquita Merritt, Clearance Officer, (202) 649–5490, Chief Counsel’s Office, Office of the Comptroller of the Currency, 400 7th Street SW, Washington, DC 20219. If you are deaf,

hard of hearing, or have a speech disability, please dial 7-1-1 to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501 *et seq.*), Federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor.

“Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of title 44 generally requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the renewal/revision of this collection.

Title: Lending Limits.

OMB Control No.: 1557-0221.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: Twelve CFR 32.7(a) provides that, in addition to the amount that a national bank or savings association may lend to one borrower under 12 CFR 32.3, an eligible bank or savings association may make:

- Residential real estate loans or extensions of credit to one borrower in the lesser of the following two amounts: 10 percent of its capital and surplus; or the percent of its capital and surplus, in excess of 15 percent, that a state bank or savings association is permitted to lend under the state lending limit that is available for residential real estate loans or unsecured loans in the state where the main office of the national bank or savings association is located. Any such loan or extension of credit must be secured by a perfected first-lien security interest in 1-4 family real estate in an amount that does not exceed 80 percent of the appraised value of the collateral at the time the loan or extension of credit is made;

- Loans to small businesses to one borrower in the lesser of the following two amounts: 10 percent of its capital and surplus; or the percent of its capital and surplus, in excess of 15 percent, that a state bank is permitted to lend under the state lending limit that is available for loans to small businesses or unsecured loans in the state where the main office of the national bank or home office of the savings association is located; and

- Loans or extensions of credit to small farms to one borrower in the

lesser of the following two amounts: 10 percent of its capital and surplus; or the percent of its capital and surplus, in excess of 15 percent, that a state bank or savings association is permitted to lend under the state lending limit that is available for loans or extensions of credit to small farms or unsecured loans in the state where the main office of the national bank or savings association is located.

An eligible national bank or savings association must submit an application to, and receive approval from, its supervisory office before using the supplemental lending limits in 12 CFR 32.7(a)(1)–(3). The supervisory office may approve a completed application if it finds that approval is consistent with safety and soundness. Section 32.7(b) provides that, in order for an application to be deemed complete, the application must include:

- Certification that the bank or savings association is an “eligible bank” or “eligible savings association;”
- Citations to relevant state laws or regulations;
- A copy of a written resolution by a majority of the bank’s or savings association’s board of directors approving the use of the limits in § 32.7(a) and confirming the terms and conditions for use of this lending authority; and
- A description of how the board will exercise its continuing responsibility to oversee the use of this lending authority.

Twelve CFR 32.9(b)(1) outlines three alternative methods (the Internal Model Method, the Conversion Factor Matrix Method, and the Current Exposure Method) for national banks and savings associations to use in calculating the credit exposure of non-credit derivative transactions. Twelve CFR 32.9(c) outlines two alternative methods for national banks and savings associations to use in calculating credit exposure arising from their securities financing transactions.

Under 12 CFR 32.9(b)(1)(i)(C), the use of a model (other than the model approved for purposes of 12 CFR 3.132(d) or 324.132(d)) must be approved in writing by the OCC specifically for part 32 purposes. If a national bank or savings association proposes to use an internal model that has been approved by the OCC for purposes of 12 CFR 3.132(d) or 324.132(d), the institution must provide prior written notification to the OCC prior to use of the model for lending limits purposes. OCC approval also is required for any substantive revisions to an approved model before that model is used for lending limit purposes.

Estimated Frequency of Response: On occasion.

Estimated Number of Respondents: 295.

Estimated Total Annual Burden: 1,958 hours.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC’s estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Patrick T. Tierney,

Assistant Director, Office of the Comptroller of the Currency.
